

Meet Equipment & Staff

All Hands on Deck – Meet Staff

A Starter, Clerk-of-Course, Head Timer and Computer Coordinator are all paid roles who deliver meet administration. If you need any assistance on Meet Day – find an Orange Crush staff member. They will all be in bright orange Just Swim staff shirts.

Computer & Software

Hy-Tek's Meet Manager software collects, stores and organizes all of the data for each swim meet. JS provides the Heat sheets & Results for all meets.

Start System

From Colorado Timing Systems, this device serves as a limited PA while providing the familiar audio tone that all swimmers know so well.

Speakers

Small lane speakers serve the starting blocks, while an additional speaker acts for PA purposes resulting in clean audio distribution across the entire pool deck.

Wireless Stopwatches

Stopwatches sync with the Start System for electronic coordination when each race is initiated. At the conclusion of each race, data is sent wirelessly to a computer running Hy-Tek's Meet Manager software.

Meet Awards

Heat Winner Tattoos & Event ribbons at each meet. Personal Best ribbons for all personal best swims during a swim meet and Star Swimmer ribbons for an assisted swimmer swimming unassisted for the first time!
