Brand Positioning

Provide ceiling and wall integrated decoration solutions with healthier products and faster methods

Value proposition

## CUSTOMIZED QUALITY HOME

What sells is design, aesthetics, quality, and health; artists are representatives of aesthetics, and they have more extreme requirements for products, are more picky, more stylish, and live slower. Emphasize that Coleson knows more about design, more about space, and more about home furnishing, which is enough art; in sync with the artist's aesthetics, everyone is an artist of home life, let the artist's taste and vision make products.

**DH**  
ARCHITECT & INTERIOR DESIGN

### Natural & Healthy

Based on healthy and environmentally friendly substrates, the aldehyde net particles on the surface first pass through nano-silicon chips to continuously absorb all harmful substances such as formaldehyde, benzene, TVOC, etc. in the room, and then actively decompose through the active nitrogen base of the formaldehyde shell, and finally convert formaldehyde into water molecules and "oxime (WO)", and completely eliminate formaldehyde through evaporation and daily cleaning.

### Quality Assurance

The introduction of advanced product equipment from abroad, internal training. And externally hired many technical managers with middle and senior professional titles. The appearance quality, processing accuracy, and physical mechanics all meet the requirements of national standards, and the environmental protection level of the product reaches EO level. The advanced

### Fine Workmanship

Quality is a promise of an enterprise to consumers! Consumers can rest assured to buy and use at ease! Keleson ecological wood series is truly high-definition, anti-deformation, durable and does not change color, and can withstand various. The processing needs in terms of processing, perfectly fit the owner and Aesthetic inspiration for designers.

### Durability

Zero formaldehyde lasts longer, healthy every day. Ecological building of a healthy living environment, zero formaldehyde, Resistant to water and moisture; no mold and mildew, suitable for both wet and dry areas. Long-term decomposition of indoor formaldehyde, to ensure The family is healthy.

## Innovate Design

### The aesthetic design of "New Membrane Model" of Kelesen Technology

According to natural elements, five types of film colors are designed: "wood grain", "solid color", "skin texture", "cloth grain" and "rock grain". A variety of supporting metal wires, frame wires, a variety of plate groove splicing methods and right-angle bending technology integrate the sense of design into your life, customize high-quality home and commercial space.

## Selection of decorative materials for quality homes

### Link wall panels

- Solid extrusion does not contain glue and is environmentally friendly

E0 GRADE

- Water proof, Fire proof, easy to clean

- Beautiful and elegant, easy to install, multiple splicing methods, seamless bending

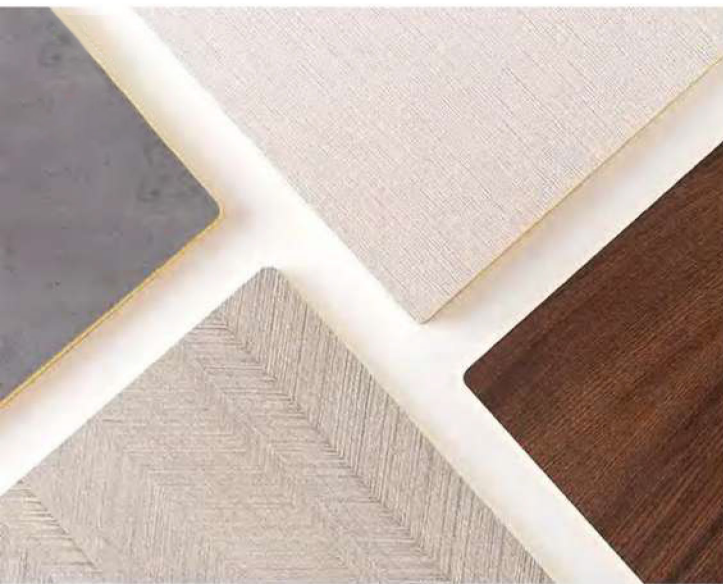

- 3 layers of primer, 2 layers of top coat, less than safety level for environmental protection

- It is easy to deteriorate or deform when exposed to water, and it is easy to breed bacteria and affect the appearance

- The solid color is monotonous and lacks three-dimensionality, so it is time-consuming and laborious to install.

#### ARMANI DEEP ASH

The stone itself is very versatile, which happens to coincide with the wood grille elements, when the marble into the wood grille collocation makes the overall look and feel more classy

ST0763-Armani dark gray

## WANLI JIANGSHAN

The characteristic of simple wooden grille style is to simplify the elements and colors of the design to the minimum degree, but it has high requirements on the texture of colors. Therefore, simple space design is usually very subtle, and can often achieve the effect of winning more with less, and winning more with simplicity.

## CUSTOMIZE THE HOME OF THE FUTURE

Minimalist designism from Equator - Singapore

Fashion is the popularity of materials, and style is the natural character. We never follow the hypocritical appearance of the brand, and we only admire the pure essence of exquisite life. Simple, stylish, and classic are cast in an instant, highlighting the comfortable texture of life, playing a harmonious avant-garde song, and quietly savoring the eternal art in a dream. Between the clouds, graceful and graceful.

**01** Rich surface color, texture, strong three-dimensional sense, delicate touch, unique texture. RICH SURFACE COOR, INES, STRONG THREE-OMENSONAL SENSE. TINE TOUCHURIGUE TEXTURE.

**02** Green and environmental protection, no pollution, no radioactivity, antibacterial and anti-ultraviolet, no paint. GREEN EMIGNMENTEL PROTECTION, NO POLLUTON, NO RADIATION, ANTI BACTERIS, ANTUV, NO PEINT.

**03** Safe and fireproof, easy to clean, waterproof and moisture-proof, scratch-resistant and wear-resistant, long-lasting color.
