flash zine by borus.fuckyea

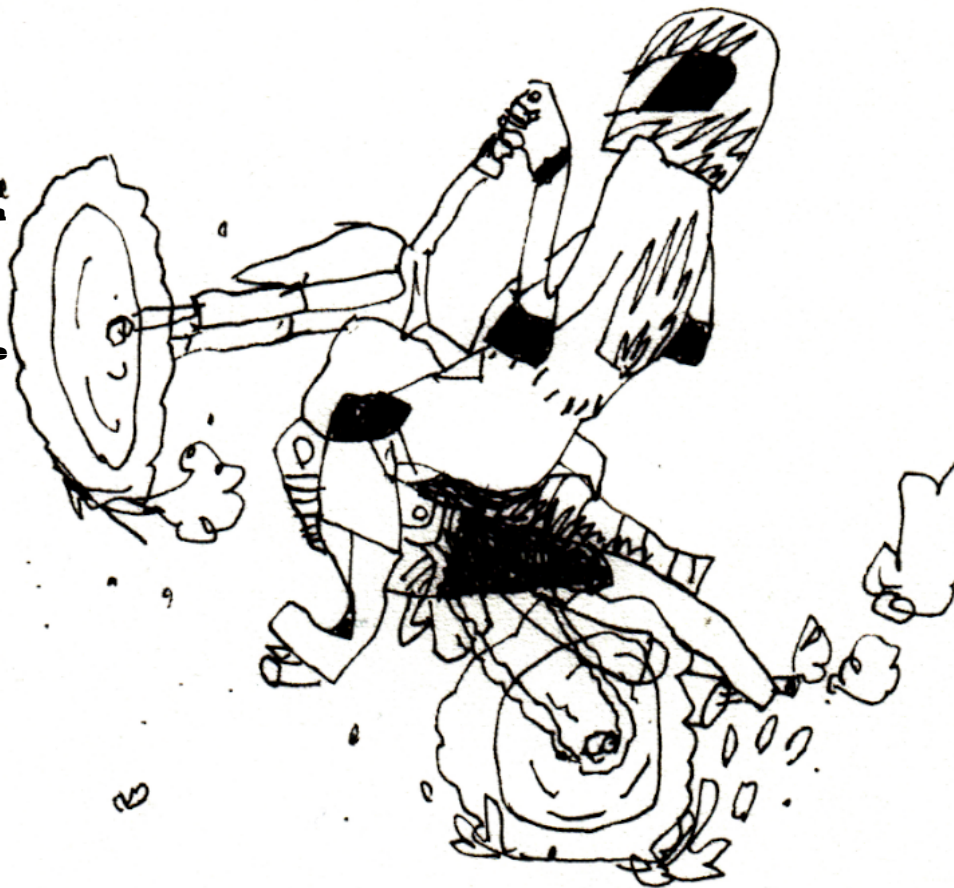

**01:22**

**Here I lie. In my bed next to a sleeping Nanne. Of course the idea to create this zine pops up exactly 1 second before I go to sleep. Including the cover, what to write and everything. I'm not even a night animal perse, but this time I know resistance is useless. This has to be forged, RIGHT THE FUCK NOW.**

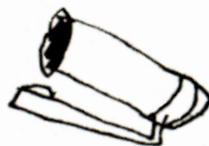

**I guess it springs from being fed up with social media becoming a commercial deathzone. I've been trying out all kinds of new ways to approach this issue. In the end I just don't like videos and attention grabbbing footage. I feel that a lot of people are fed up with it. Maybe that's why you are reading this thing here riight now.**

**Made the cover and this text here. gonna try to sleep now, morgen weer een dag.**

DRAW OR DIE

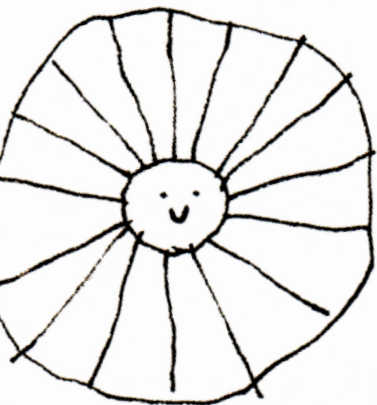

Here's some cool designs I made  
this month. very memento mori

**I like this drawing.  
the other one... I dont know yet.**

**This month i didn't really feel a whole lot of creativity (right now i feel PLENTY, A SURGE OF CRATIVITY!). i always just go ahead and draw though. And there's always a few gems in between.**

MONOCHROMATIC

RAIN BOW

**Like these weird skulls i made. i just tried to make the weirdest ones possible. That was fun to do.**

**I think this one was the most easy on the eyes**

**Sometimes i feel like this. I cannot show it often though, because I was raised a boi and bois don't cry.**

**This month I did succeed in doing so because Ryan died. He was a very cool humon being.**

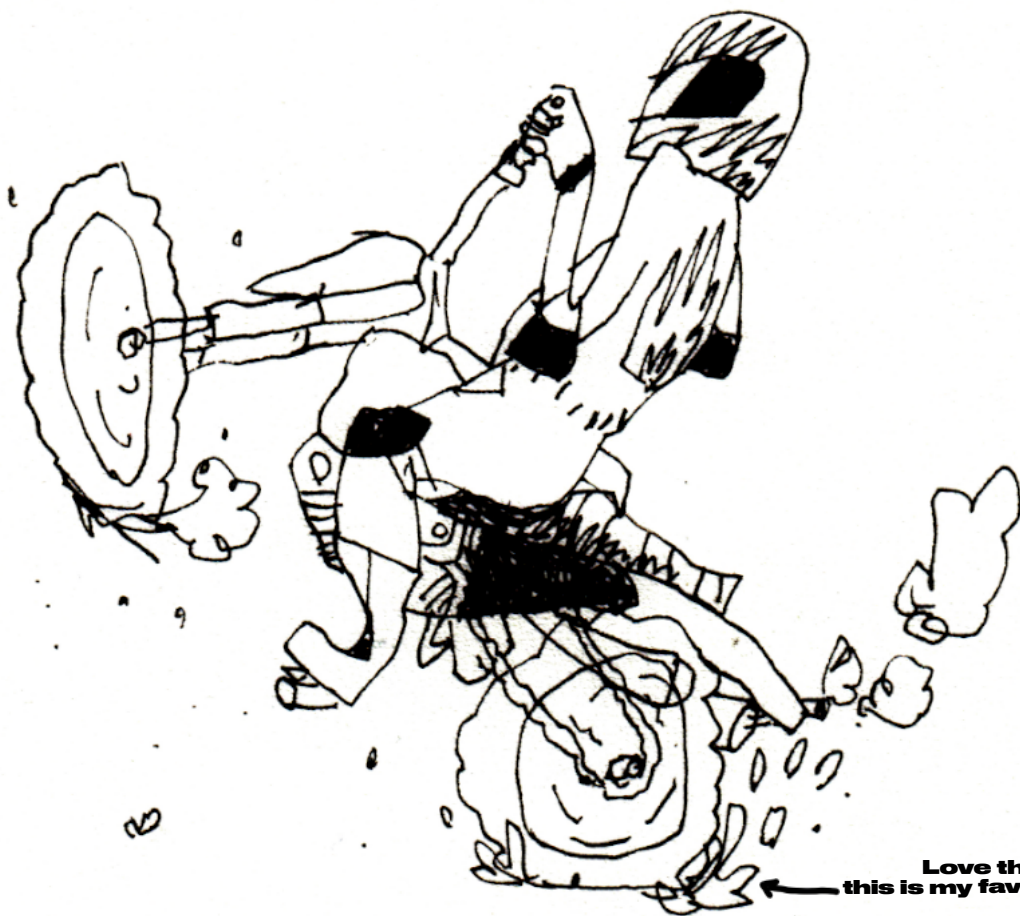

**More weird skullz. Because when I lack inspiration, theres always more skulls to be added to the skull throne.**

**'Share the spoils' was the main idea here. Top dawg skull drinkin' from a cup (symbol for gifts) and trickling (spilling, spoiling) down that gift to skulls below. Lowest skull gets what the other leave for it.**

**The lowest skull either gets nothing, or we share equally and everybody drinks. I guess it's mainly a piece about equality.**

**I make cups and chalices more often. love symbolism in objects. They make a more universal story.  
fire + cup = gift is burning/breaking  
or: ur gift (earth) is being used up**

Love this guy.
