

INTRODUCING

SORA'S EQUIPMENT LENDING LIBRARY

The SORA Equipment Lending Library system makes well-maintained outdoor recreational equipment available on a sliding scale or no-cost basis to serve low-income and disproportionately impacted populations from the Siskiyou-Mount Shasta region. The purpose of the project is to ensure youth and disabled people have equitable access to essential equipment so they can participate in fun and healthy activities offered through local outdoor recreation programs.

EQUIPMENT GOALS

- 20 Youth Mountain Bikes
- 4 Adaptive Ski Setups
- Nordic Ski Equipment
- Snowshoes
- 20 Helmets

LENDING LIBRARY SPOTLIGHT

MEET CONNOR!

Connor is one of the first kids to receive a bike through **SORA's Equipment Lending Library**. Connor checked out a Talen 2 Hardtail Mountain Bike and is excited to participate in the spring and summer Shasta Gravity Adventures Gravity Grom Bike Programs.

Connor says his favorite thing about riding a bike is adventuring with his friends and just having a good time! Out of all the mountain biking trails in Mt. Shasta, his favorite trail is Pig Farm.

We asked him what he loved about his new bike, and he said, *"It fits me perfectly. I've been searching for a new bike for a year now. My old Santa Cruz bike is too small, unfortunately. I got this new bike, and it worked out pretty good!"*
