ABOUT OUR COMPANY

GOEN ENTERPRISES is a fast-rising, full-service janitorial and facility maintenance company based in Abuja, Nigeria. We provide high-quality, dependable cleaning solutions across residential, industrial, commercial, and government sectors. Founded on the belief that clean, organized spaces enhance wellness, focus, and productivity, we deliver results through industry-grade equipment, eco-conscious practices, and skilled, vetted professionals.

Our approach is centered around client satisfaction, innovation, and operational excellence—tailored to meet the evolving needs of Nigerian households, workspaces, and institutions. As part of our growth plan, we are expanding into aircraft detailing and facility-specific sanitation, leveraging global standards and safety protocols to support sectors that demand precision, confidentiality, and cleanliness.

OUR MISSION & VISION

- To create consistently clean, safe, and welcoming environments for families, businesses, and public institutions—freeing them to focus on what truly matters while we handle the messes behind the scenes.
- To become Nigeria's most trusted and innovative cleaning and facility service brand, known for integrity, reliability, and sustainability. As we grow, we aim to lead the market in aircraft detailing, real estate cleaning integration, and eco-friendly sanitation systems for public health.

WHY CHOOSE US?

- **Tailored Service Plans:** Designed to fit your schedule, scale, and budget — no matter the size of your space or scope of your needs.
- **Trusted Workforce:** Our team is background-checked, professionally trained, and uniformed — ensuring safety, reliability, and professionalism at all times.
- **Supervised Operations:** We conduct routine quality checks and on-site supervision to maintain service excellence and consistency.
- **Flexible Hours:** We work around your availability — offering weekday, evening, and weekend cleaning options to suit your operations.
- **Client Guarantee:** Your satisfaction is our priority. We stand by the quality of our service and are committed to meeting — and exceeding — your expectations.

HEALTH, SAFETY & ENVIRONMENTAL COMPLIANCE

We follow national and international standards including OSHA, NAFDAC, and NSCDC Environmental Guidelines. Our cleaning agents are biodegradable and sourced from verified suppliers. We actively promote the use of refillable containers, low-water usage tools, and recycling within our operations.

Obenwa Nneka Joseph is the visionary founder and CEO of GOEN ENTERPRISES. She is a multi-disciplinary professional with a strong background in facility operations, client relationship management, health safety compliance, and project coordination. Her entrepreneurial journey began with a goal to bridge the gap between premium cleaning services and affordability in Nigeria's underserved and emerging markets. Nneka holds multiple certifications in ICT, Human Resources, Occupational Health, Project Management, and Customer Service, from institutions like Neocloud Technologies, Exford Consulting Ltd, and NYSC Skills Development Program. With a passion for innovation, she's consistently integrating tech-driven monitoring, client feedback automation, and eco-conscious practices into GOEN's operations. As an advocate for women in enterprise and a supporter of youth employment, Nneka has grown GOEN from a modest operation to a trusted name serving residential estates, government bodies, private firms, and real estate developers. She is now championing GOEN's entry into aircraft and high-value asset detailing, a niche she believes will shape the future of cleaning professionalism in Nigeria and beyond. "Cleanliness is not just hygiene—it's reputation, confidence, and performance. At GOEN, we don't just clean spaces; we elevate how people live and work within them."
