# About Us

## Who We Are

AB Pet Food is a passionate pet nutrition brand dedicated to improving the lives of dogs through better food. We understand that pets are not just animals — they are family members, best friends, and loyal companions. Our company focuses on creating balanced, protein-rich meals that support dogs' overall health, growth, and energy.

## Our Story

AB Pet Food started with a simple but powerful idea — to give dogs the same care in food that we give to our own families. Many pet foods in the market lack proper nutrition or use low-quality fillers. We wanted to change that by offering dog food made with better ingredients, proper nutrition balance, and a taste dogs love.

What began as a small step has now grown into a mission to serve pet parents across India.

## Our Mission

To provide safe, nutritious, and affordable dog food that helps pets live longer, healthier, and happier lives.

## Our Vision

To become one of India's most trusted pet food brands, known for quality ingredients, pet well-being, and honest nutrition.

## Our Ingredients Philosophy

At AB Pet Food, we carefully select ingredients that support muscle strength, digestion, immunity, and energy levels. Our recipes focus on:

- High-quality protein sources
- Essential vitamins and minerals
- Balanced nutrition for all dog breeds
- No unnecessary fillers

## Why Pet Parents Trust Us

- Focus on dog health and nutrition
- Recipes designed for strong muscles and active lifestyle
- Supports shiny coat and healthy digestion
- Made with care and quality checks
- Affordable without compromising nutrition

## Quality & Safety

Every AB Pet Food product goes through strict quality checks to ensure safety, hygiene, and nutritional balance. We believe pet parents deserve transparency and trust in what they feed their dogs.

## Our Promise to You

We promise to treat your pets like our own. Our goal is to support their growth, happiness, and long-term health with food that is both nutritious and delicious.
