

## **Principal's Message**

Dear students

There are no secret to success .It is the result of part preparation hard work and learning from failures .There is no end to education it is not that you read a book, pass an examination and finish with education. The whole life, from the moment you are born the process of learning start without an end. The real meaning of education is not how many degrees we have but how we behave, how we think and react. Education is the transmission of Civilization today due to globalization we are closely connected to different civilizations and culture of the world but we should not forget the culture Civilization and heritage of India.

Here is Gurgaon World School our main focus is on moral ethical, spiritual and social education along with the Education of Science and Technology. We are more particular that every student of our school should convers in English fluently .We have arrange special classes for English speaking and computer education A lush green pollution free campus equipped with International standard facility and highly qualified faculty will meet the requirement of the student and I hope there will be no lapse in learning the right education .

I wish all student will enjoy their stay in Gurgaon World School and learn real meaning of education

Principal
