

READY. SET. HIRE.

ABOUT THE EVENT: FOR PARENTS/GUARDIANS
APRIL 22, 2025

Is This a Career Fair?

No. It is SO much more!

A high school job fair like no other, students aren't just browsing booths but actively interviewing for on-the-spot hiring, potentially walking out of this event with a job they'll start after graduation.

That's the essence of "Ready. Set. Hire." It's a fresh approach that turns the traditional fair on its head, aiming to prematch students with jobs that align with their skillsets, interests and availability.

What Will the Day Look Like?

Fast-paced, exciting, and immensely rewarding for high school seniors who seize the opportunity, this event is a student's ticket to a successful transition into the next chapter of their lives. We will do as much matching PRIOR to the event as possible so students know which employers to meet with & when.

What Students Should Wear

We want potential employers to focus on INDIVIDUALS and not students' clothes: a neutral-colored collared shirt and slacks would work for males & similar neutral-colored attire (whether dress, skirt, etc.) is recommended for females. For females, closed-toe shoes are recommended.

What Students Should Bring

We WANT students to bring their phones! They'll need it to check in with employers, keep up with interviews, check their email, etc. Also, a nice notepad & pen are recommended to take notes before and after interviews. Keeping notes on a phone DURING an interview is NOT recommended.
