The OCEAN series is inspired by the movement of water and the lightness conveyed by the sea.

Its exclusive basin, entirely designed and manufactured in Solid Surface, is an organic piece that plays with the fluidity and undulations of the ocean, evoking the beauty of the liquid in contrast to the solid.

A sculptural design that seems to flow like overflowing water, bringing character and sophistication to the bathroom space.

OCEAN ICONIC 1060 GREEN FOREST

ICONIC

A purely artistic and architectural vision, aimed at those who value design as expression. The round-profile iron structure is precisely welded and oven-lacquered in highly resistant paint. Its straight and elegant tracing intertwines with the basin's curves, enhancing the marine inspiration of the piece.

OCEAN ICONIC 860 SIENNA OAK

OCEAN ICONIC 860 WALNUT MAYA

OCEAN ICONIC 1060 MOON GREY

The structure includes an integrated towel rack and a lower shelf of laminated glass in bronze finish, which brings lightness and evokes the reddish tones of the sunset sea. To complete the functionality, the set is accompanied by a framed drawer unit with synchronized push opening + soft, whose side panels of backlit glass transform the experience into a gesture of sophistication

HORIZON

A storage drawer plus a fully internal drawer, with no siphon recess, provides exceptional storage capacity within a compact volume. Movement is smooth and light thanks to Grass V8 drawers, allowing users to perceive quality in every opening.

SOFT FALL by Salgar

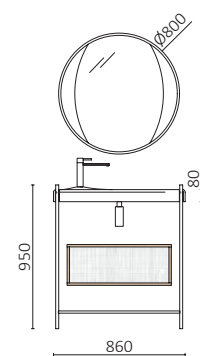

The Ocean basin is engineered with a precise inner curvature to channel water smoothly and controllably, preventing splashes. Its geometry, inspired by the sea's natural movement, optimizes flow from the faucet and delivers a silent, clean, and harmonious user experience. The ensemble is finished with a minimalist linear handle, serving as a dividing line between liquid and solid elements.

MARA is the perfect balance between design, warmth, and sustainability. This collection is born from the union of the natural warmth of wood and the precision of industrial manufacturing.

Crafted from marine-grade birch plywood and finished with premium natural veneer, Mara transforms the bathroom into a space of wellbeing, where design can be felt through the senses.

Its finishes in European Oak, American Walnut, and Oceanic Eucalyptus reveal the authenticity of the material, turning each piece into a unique reflection of nature.

Mara is a collection designed for those who seek elegance, durability, and a genuine connection with the natural world.

The mitered handle, precisely integrated into the front panel, is Mara's signature detail. Its clean and discreet lines combine functionality with aesthetics, showcasing the distinctive grain of the marine plywood.
Minimalist design, flawless execution.

The curve as a language of balance

The MAM collection redefines bathroom elegance through a soft, enveloping, and timeless silhouette. Its curved design— inspired by the lightness of Art Déco and the serenity of Nordic minimalism— flows naturally to create spaces that invite wellbeing.

Finished in silky matte lacquer with integrated handle fronts, MAM blends organic aesthetics with technical precision: full-extension Grass Nova Pro One metal drawers of generous dimensions maximize storage space while maintaining a refined interior design.

Available in seven carefully curated finishes, the series offers offset washbasin options thanks to the MAM Coqueta and Alliance auxiliary units, allowing for versatile and functional compositions where beauty and ergonomics merge in perfect harmony.

MAM is more than a bathroom cabinet: it is a design piece that transforms functionality into emotion.

This bathroom furniture needs a drawer that matches its great personality, which is why we have incorporated the new Grass Nova Pro One drawers. With their state-of-the-art technology, they offer a smooth glide and a large capacity.

With its balanced design, silky matte lacquered fronts, and softly contoured handles, UNIIQ offers a versatile piece that fits effortlessly into both urban spaces and creative interiors.

Functional yet full of energy, UNIIQ offers multiple configurations —offset basins, modular combinations, metal legs, and auxiliary columns— allowing you to create a bathroom as unique as the person who inhabits it.

Design with attitude. Style with soul.

UNIQ 800 WHITE COTTON

UNIQ 600 SOL

We are committed to groundbreaking design with the new Cozy washbasin. With sinuous shapes and a unique perimeter lip detail, this basin stands out for its originality. It also incorporates the tap directly into the basin, combining style and functionality in a single design.

UNIIQ 900/L TERRACOTA

UNIIQ 600 BLACK VELVET

Omega handle, available in two versions —handle and knob— and in two finishes. With its sinuous shapes, it integrates perfectly with the shape of the furniture, proving that it is the small details that really count.

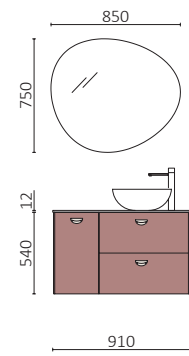

UNIQ 1295/R DUSTY TEAL

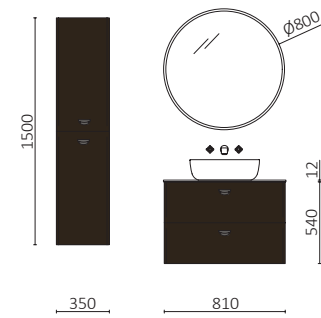

Deep, serene, and sophisticated, Dusty Teal connects with nature and radiates balance. A trend-forward hue that transforms the bathroom into an elegant, personal retreat.

VII

Technology and design born from matter

The COMPAKT series represents a new generation of countertops, crafted from a wood-based phenolic compact material—durable, precise, and defined by its pure aesthetic.

Developed through innovation and the synergy between design and industry,

COMPAKT enables the creation of fully customized countertops and integrated washbasins, offering exceptional moisture resistance and structural rigidity that redefine the limits of the material.

With minimalist lines and finishes inspired by stone, wood, and marble, COMPAKT transforms the bathroom into an architectural space where every detail embodies the harmony between nature and technology.

COMPAKT 1000 MONTANA OAK

COMPAKT 1600 WHITE MARBLE

In our Kompakt worktops with integrated well, you can choose between two well sizes: 46 or 56 cm, adapting them to your needs. In addition, you can select the depth of the worktop in 46 cm to combine it with any of our furniture series, or in 51 cm if you prefer to install it on its own. Total flexibility for a bathroom to suit your needs.

COMPAKT 1600 GRAPHITE STONE

The Graphite Stone finish, a stone with subtle strands that create a spectacular structure. Its matt finish and velvety feel give it a powerful and elegant presence. In addition, you can elevate your room to the maximum by combining Kompakt worktops with the Monolith wall-hung basins, available in two finishes, with the tap integrated directly into the basin.

Texture, Rhythm and Balance

The BIBA collection redefines the contemporary bathroom through a design that combines visual order with tactile sensation.

Its linear relief front creates a dynamic and elegant surface that interacts with light and surrounding materials.

The new Sienna Oak and Montana Oak finishes, developed with advanced 3D coating technology, reproduce the warmth and authenticity of natural wood while offering perfect resistance for bathroom environments.

The silk matte lacquers, applied through a robotized water-based solvent system, provide purity, softness, and an impeccable finish that reflects SALGAR's commitment to technical quality and sustainability.

Versatile, modular, and balanced, BIBA represents the fusion of design, functionality, and technology in the service of everyday comfort.

Not only is capacity important, but also interior organisation.
Design your interior space to have everything in its place.

The Essence of Perfect Detail

The MONTERREY collection expresses SALGAR's industrial craftsmanship through a design that combines simplicity, ergonomics, and precision. Its distinctive deep, organic handle—developed with an exclusive technique—adds both identity and comfort to everyday gestures, becoming the signature element of the series.

Manufactured using the same advanced technological processes that define the brand's excellence—3D coating for wood finishes and silk matte water-based lacquers applied by robot—MONTERREY blends the warmth of natural texture with the durability required for daily use.

A modular, versatile, and contemporary collection where function becomes form, and every line reflects over seventy years of experience perfecting the art of bathroom furniture design.

Perfect organization for any bathroom furniture!

The new siphon cut-out tray fits all collections, making it easy to optimize every inch under the washbasin. Its versatile and functional design keeps your accessories within reach, bringing order and harmony to your bathroom.

GENERAL TERMS OF SALE

1. INITIAL CONSIDERATIONS

The sale of our products shall be governed by these General Terms of Sale, except as expressly agreed otherwise in the corresponding offer or in the acceptance of the relevant order and where such contrary terms constitute specific terms thereof. In accordance with the foregoing, any other terms that have not been expressly agreed by SALGAR UK Ltd shall not be valid.

2. ORDERS

The scope of each sale must be clearly specified in the CUSTOMER's order and expressly accepted by SALGAR UK Ltd.

Any technical specifications, configurations etc. set forth in catalogues, brochures and the like are for illustrative purposes only and are not binding, with the exception of cases in which SALGAR has accepted a particular specification requested by the CUSTOMER, which will then become part of the order documentation.

Upon placing its order, the CUSTOMER shall be informed of the price of the product and the shipping and delivery charges, undertaking from the time of its acceptance to take delivery of the products and pay the agreed price, including any applicable delivery charges and/or taxes.

Any modifications and/or changes made must be requested in writing and expressly accepted by SALGAR UK Ltd. Following its acceptance thereof, SALGAR UK Ltd may make an equitable adjustment to the contractual terms that have been established.

Order cancellations:

Orders may not be cancelled from 24 hours after their receipt and acceptance by SALGAR UK Ltd.

3. PRICES

The CUSTOMER shall be entitled to be informed of the applicable prices at any point in time, with any communication regarding prices remaining in effect for a period of 14 calendar days.

The invoiced price in each case shall be the price in effect at the time of formalisation of the order by the CUSTOMER and following the acceptance thereof by SALGAR UK Ltd.

Transport costs and VAT are included on sale prices. Sale prices do not include other taxes, duties or fees as well as costs associated with installation, certification and other such items. As a result, the price may be increased by any applicable taxes and/or fees as well as by costs associated with transport, installation, certification and any other applicable items, which shall be specified in the quote or order.

SALGAR UK Ltd may modify its prices at any time, without prejudice to any prices agreed in contracts then in effect with its CUSTOMERS.

The payment terms will be as established in each case by SALGAR UK Ltd.

4. DELIVERY OF MERCHANDISE

SALGAR undertakes to comply with all delivery periods agreed with the CUSTOMER; however, as these periods are indicative in nature, any justified delays that may occur will not give rise to termination of the contract, compensation or penalties.

The CUSTOMER accepts the dispatch of partial lots of products when storage or production-related circumstances arise that necessitate this.

5. TRANSPORT

All SALGAR products are delivered to the transport company following a detailed quality control and packaging process. The CUSTOMER must therefore inspect the quality and quantity of the goods received at the time of delivery.

In the event the CUSTOMER detects any quality or quantity defects in packaging or products at the time of delivery, it must notify SALGAR thereof via email within a maximum of 48 working hours, expressly setting forth the damage detected or quantity error in taking delivery thereof and including photographs in which such damage is clearly visible.

In the event it is not possible to detect damage to the product at the time of delivery and the CUSTOMER finds damage in reviewing the order, it must notify SALGAR of the same via email within a maximum of 5 working days from the date of receipt shown on the delivery note.

6. GUARANTEE

SALGAR will be liable to the CUSTOMER for defective materials, manufacturing or packaging in products it has supplied on the terms set forth and applicable

to local law.

In the event the CUSTOMER finds a quality defect in the merchandise, the CUSTOMER must notify SALGAR of the same immediately within 15 working days of the date of receipt of the product shown on the delivery note, unless it is only possible to detect the defect through ongoing use of the product, in which case the provisions of the foregoing paragraph shall apply.

SALGAR will not, under any circumstances, bear the cost of any repairs carried out by persons outside of its organisation without prior consent and agreement. Similarly, SALGAR will not assume any costs arising from the installation of a product that has a quality defect.

In any case, this guarantee shall not apply in the event of damage that is not directly attributable to the normal operation of the product, such as malfunctions resulting from impacts, handling errors, actions or attempted actions on the part of the CUSTOMER with respect to the goods in the nature of maintenance, repairs, adjustments or any other modifications carried out by the CUSTOMER or by any person outside the Salgar organisation.

In addition, the following are excluded from the scope of the guarantee, which will thereupon cease to be effective: any damage or defects owing to inadequate upkeep or maintenance, improper or negligent storage or use, abusive use, defective assembly, changes in the quality of the supply, modifications made without the approval of SALGAR, installations conducted or subsequently modified without following the technical instructions for the product and, in general, any causes that are not attributable to SALGAR.

7. PRODUCT RETURNS

Merchandise may not be returned except in the case of express acceptance thereof by SALGAR UK Ltd.

8. CATALOGUE

The prices appearing in catalogues published by SALGAR UK Ltd. are expressed in pound sterling, VAT is included, do not include installation fees and are those recommended for sale to the public. SALGAR UK Ltd. may vary or modify its prices as it sees fit at any given time.

The publication of a new catalogue shall render all prior prices invalid.

In any event, all sales will be formalised at the prices in effect at the time the merchandise is dispatched.

SALGAR UK Ltd. reserves the right to modify, in whole or in part, the products appearing in its catalogues in effect from time to time without providing prior notice or any special communications to this effect.

9. FORCE MAJEURE

SALGAR UK Ltd may suspend or delay the delivery of its products owing to events of force majeure without incurring any liability in respect thereof for such time as is reasonably necessary under the circumstances.

In such a case, SALGAR UK Ltd agrees to notify the CUSTOMER as promptly as possible of the existence of an event of force majeure and the expected duration thereof. It will also notify the CUSTOMER of the end of such event, specifying the period of time within which it will comply with the obligation that has been suspended by reason thereof.

10. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

An entity which is not expressly a Party to the Contract shall have no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Contract and the provisions of the Contracts (Rights of Third Parties) Act 1999 shall be expressly excluded from the Contract.

11. SEVERABILITY

If any term, clause, condition or part of these Conditions is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision shall, to the extent required, be severed from these Conditions and shall be ineffective without, as far as is possible, modifying any other provision or part of these Conditions and this shall not affect any other provisions of the Contract which shall remain in full force and effect.

12. GOVERNING LAW

These Conditions and the Contract shall be governed by English law and the Parties hereby agree to submit to the exclusive jurisdiction of the English Courts.
