About The Nile Threads

The Nile Threads is an international supplier of medical disposables, wound-care and surgical consumables serving healthcare distributors, hospitals, pharmacies and institutional buyers across the GCC, Middle East, Africa, Europe and North America.

Our portfolio spans more than 100 product lines — from bandages, gauze and cotton consumables to advanced wound dressings, syringes, protective apparel and diagnostic devices — manufactured to international quality standards and supported by full regulatory documentation.

Every line can be tailored: custom sizes, formulations, colors, sterile or non-sterile configurations, and OEM / private-label packaging under your own brand. We manage sourcing, quality assurance, export logistics and destination-market compliance so you receive a single, reliable point of supply.

Quality

ISO-aligned manufacturing & QA across all lines.

Compliance

CE, ISO 13485 & export documentation on request; EDA / SFDA / MOHAP support.

Customization

OEM / private-label packaging under your own brand.

Logistics

FOB / CIF export to your port of destination.

Best Sellers & High-Demand Lines

The fastest-moving consumables in our range — the lines distributors and institutional buyers reorder most across GCC, Egypt and EU markets. Each is available sterile or non-sterile as noted, with OEM packaging and volume pricing on request.
