# WELCOME TO OUR COMPANY

AYCE is family orientated Hydraulic, Fire Services & Civil Stormwater Engineering Consultancy consisting of Qualified Professionals with a focus on relationships, Customer service, Innovation, & Sustainability.

Our aim is to ensure our clients receive honest and dependable service, as we endeavour to ensure manageable workload and care as not to compromise on quality & accuracy.

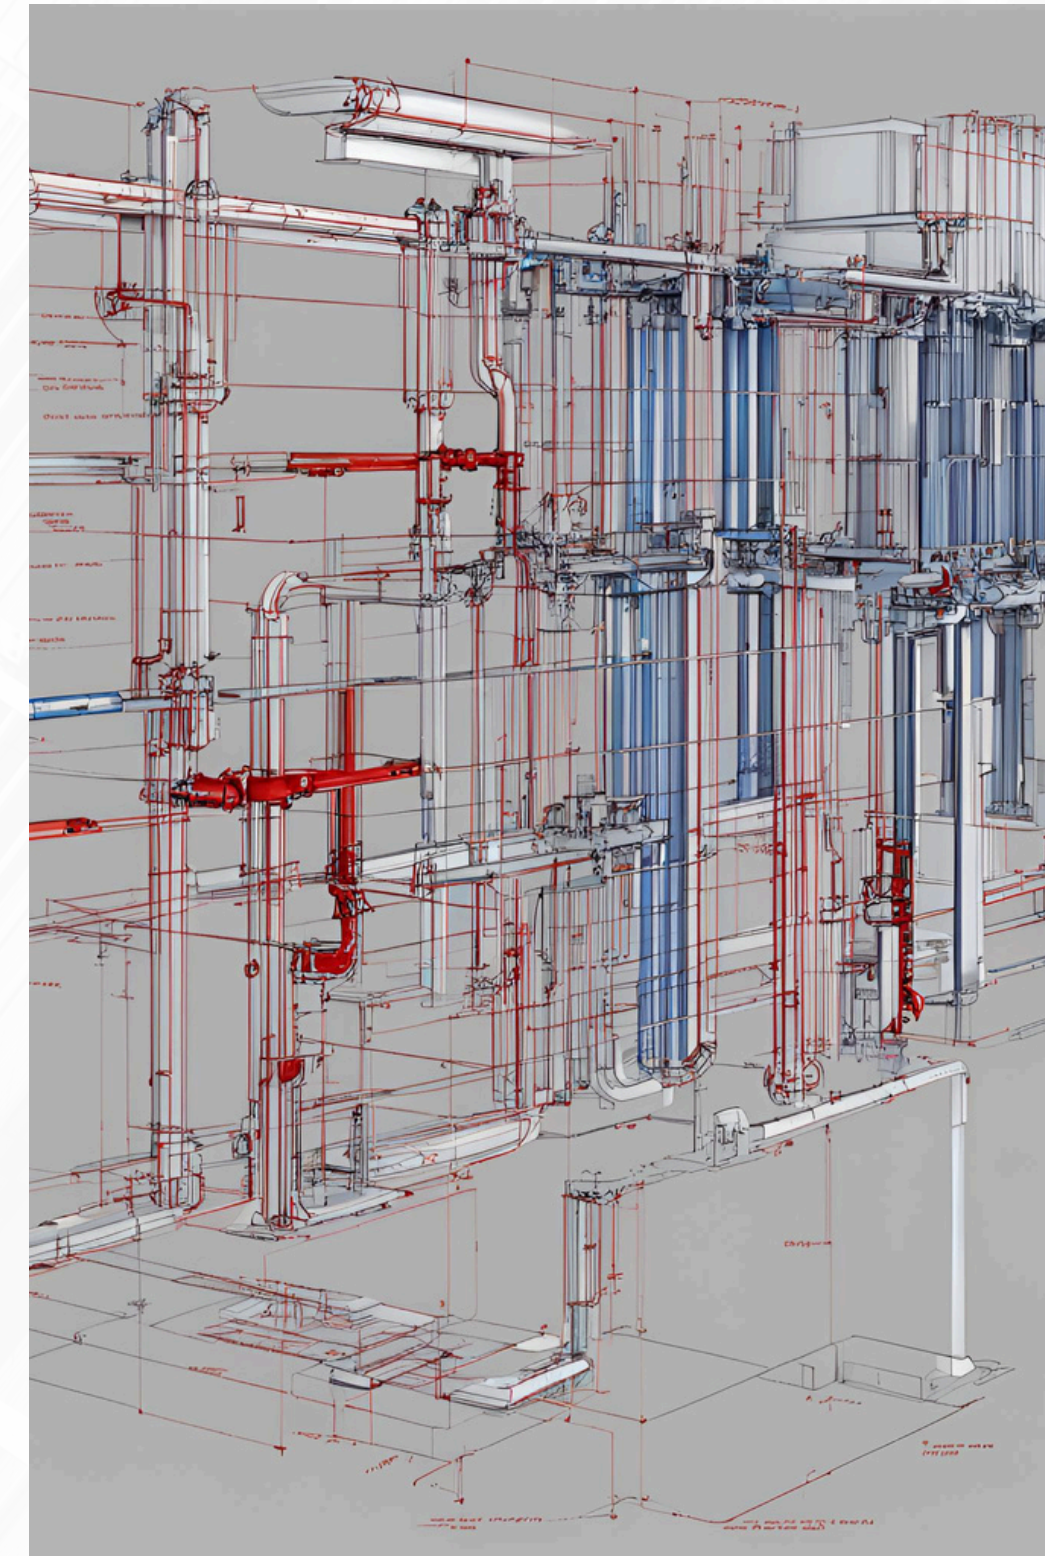

# WHAT DO YOU KNOW ABOUT OUR COMPANY?

Founded in 2023, AYCE Engineering is committed to returning to the roots of what an engineering consultancy used to be. We prioritize traditional values such as integrity, commitment, and accountability in all aspects of our work. Recognizing the challenges prevalent in the design industry, we are dedicated to mitigating issues stemming from overworked professionals and inexperienced practitioners. Our focus on customized solutions ensures optimal outcomes for our clients, echoing the ethos of our founding principles.

With over 50 years of combined expertise in hydraulic, Fire and civil stormwater design, AYCE remains steadfast in our dedication to Innovation, Excellence, Customer Satisfaction, and Sustainability.

Our services are finely tuned to cater to a diverse range of projects, spanning industrial, residential, and commercial sectors, all offered at competitive rates. Prioritizing a sustainable workload is fundamental to upholding our commitment to maintaining the highest standards of quality, as we firmly adhere to the principle of "Quality over Quantity."

Building enduring relationships with our clients is at the core of our mission, ensuring mutual trust and satisfaction throughout our engagements.

## Hydraulic Building Services

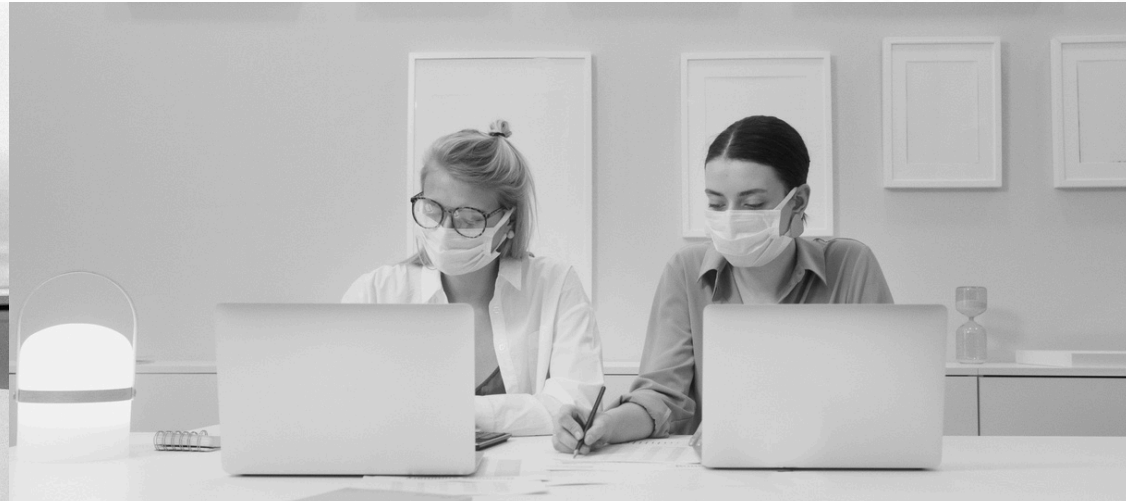

We provide comprehensive design services tailored to meet your specific needs:

### 1. Drainage Design Services:

- Sewer Design
- Trade-waste Design
- Roof Gutter & Downpipe Design
- Rainwater Tanks sizing.
