

# PIVOTAL ANALYTICS

## SERVICES AND PRICING

---

### Consulting & Ongoing Support

**Price:** \$150/hour

**Description:**

Flexible consulting to optimize your analytics environment. Includes dashboard updates, workflow adjustments, troubleshooting, and strategy guidance. Tailored to your business priorities.

---

### Dashboard-in-a-Box

**Price:** \$750

**Description:**

Get a fully customized Power BI dashboard tailored to your business needs. Integrates up to 3 data sources and includes executive KPIs, intuitive visuals, and drill-down capabilities. Comes with a 1-hour training session and full documentation.

### Workflow Automation Starter

**Price:** \$1,250

**Description:**

Streamline your processes with automated workflows using Power Automate. Ideal for small teams, this package automates repetitive tasks, connects multiple apps, and increases productivity. Includes setup, testing, and a training session.

### Power App Development

**Price:** \$1,500

**Description:**

Build your team a custom app to simplify processes and boost productivity. This package is ideal for apps with a limited number of screens and basic workflows. Includes app design, development, testing, deployment, and a training session so your team can start using it immediately.
