Our Services

The Vasundhara Herbal Cosmetic started as a contract manufacturer and developed specialized skills in handling highly complex product and packaging formats. Scaling up from R&D to commercial production of varied batch sizes, the group can handle even highly complicated products in a short time frame. The manufacturing facilities are designed to achieve cost-effectiveness, speed and flexibility. The group offers a fully integrated facility, complete with on-site laboratories, processing, packaging, storage and shipping facilities.

Custom formulation

We offer unique formulation services to our clients. If you have an idea for a custom product — cleansers, exfoliators, moisturisers, wrinkle treatments, or anything else you can think of – our qualified chemists can produce a formulation tailored to your needs.

Our R&D team is committed to ensuring the safety, stability, and lifespan of your products. We collaborate with you to develop successful formulas that address the needs of your target audience
