(Group of 13 participants – French/English)

October 8 to 19, 2025

Registration deadline: July 1st, 2025

This initiation journey is a sacred call to walk in the ancient temples of Egypt as vibrational gateways toward inner awakening.

Each site corresponds to a direction of the Medicine Wheel, a step on the soul's path, and a deep activation of consciousness.

This pilgrimage is guided by the living memory of ascension, to realign body – mind – soul, and walk towards one's luminous sovereignty.

This journey is for you if you :

- Feel the call to return to your essence, and to reconcile parts of yourself causing suffering (repetitive patterns, emotional wounds)
- Feel a deep calling from sacred Egypt
- Have already begun a path of inner healing and awakening and are ready to shift into higher and sacred frequencies
- Are ready to remember, to release, to radiate, and to reconnect to your full creative power.

***This is not a simple trip. It is an activation...
A return to the essential... A rebirth to Self...***

Included in the program :

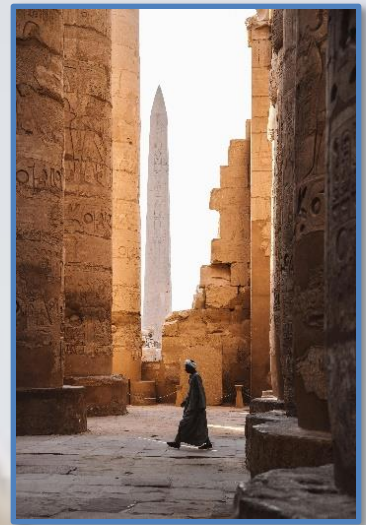

- ✓ 4 consciousness elevation and preparation sessions to initiate your transformation process one month before departure (value: €1500)
- ✓ Private access to 5 sacred temples
- ✓ Channeled teachings and live transmission of the initiatory codes contained in the temples, by the internationally renowned spiritual teacher **Rae Chandran**
- ✓ A Nile cruise on a fully privatized boat
- ✓ 5-star accommodations, full board
- ✓ Domestic flights and transfers

Egypt is not just a country — it is a living portal, where ancient temples still resonate with sacred codes of memory, healing, and spiritual initiation.

Each temple is aligned with cosmic forces and elemental wisdom, inviting those who enter to awaken forgotten parts of their soul.

Rooted in the mystical teachings of Kemet, Egypt holds the keys to inner alchemy, to the rebirth of the Being, and to the embodiment of the divine essence.

This journey is not a simple visit, but a remembrance — a sacred return home, through temples of light and transformation. It is a path for those ready to cross thresholds, guided by the frequencies of an ancient wisdom still alive in the stone.

We will visit powerful places such as **Abu Simbel, Philae, Edfu, Karnak, Abydos, Dendera, the Sphinx, and the Great Pyramid**, each a living portal where the sacred still whispers — beyond the historical sites.
