Im building skills for my ruffled feathers painting. Possibly oil. It's my most brilliant idea of all time. It will sell one million prints and will be seen in every tropical household in the world. FACT. Its my baby in brain. I have sketched out already.
Sent	Oct 29, 2025 3:23:57 AM	+12564574399	So my brother was famous among friends for nearly a decade for posting a daily squirrel/nut joke. Like there is no limit to the possible plays on both words when used together. It's insane. So I know for a fact that if you plan to depict squirrels and nuts in your paintings you have found thre muse that never runs dry. How awesome would that be??? High art based in squirrel nut jokes. So juvenile yet the potential for word artistry while being so juvenile is thr interesting part to me.

I want it on my youtube page, but I think we start a page and do whatever we want on it. I will attract followers thru friends. If we are funny enough in 60 seconds for our eventual 200 episodes, then it's great. All we have to do is a 57 second video per day. We have to create that following. After 58 seconds, 70 percent scroll. Call me anytime. ANY TIME. cheers brohambius

Sent	Oct 2, 2025 9:20:55 PM	+12564574399	T-Mobile's carrier settings updates usually push automatically, but when they don't—or when something's borked—here's the drill: Quick fixes first: iPhone: Settings → General → About (wait 30 seconds, carrier update should pop if available) Android: Settings → System → System Updates (or Software Update depending on model) If that doesn't shake anything loose: Call 611 from the T-Mobile phone itself, or 1-800-937-8997 from any phone. Ask specifically for "technical support" when the menu tree starts its song and dance. What to tell them: "Intermittent SMS delivery and call connection issues—need to verify carrier settings are current and potentially reprovision the line." That magic word "reprovision" sometimes gets them to actually refresh everything on their end rather than just running through the "have you tried turning it off and on again" script. Nuclear option if calls don't fix it: Some T-Mobile stores can force a carrier bundle refresh or check if there's a tower issue in your buddy's area. The app (T-Mobile app) can sometimes surface network issues, but it's more for account management than fixing connectivity gremlins. Is this a recent problem or been going on a while? Sometimes helps to know if it coincides with a phone update or location change.

If Austen wasn't a sociopath or whatever, you would already have all your stuff. I quickly realized after his text what you fear most. Him. He is crazy and literally tried luring me to Kelly's place....blah blah. I feel awful because I want to help. But he literally

			took it away the day before we were going in to grab your shit. He is fucking crazy. He is the kind of guy I won't back away from, and ill fight and be on guard but he is a different kind of calculating. Even if I knew his next move, I cant deal with the instability he lives with in his own soul everyday. He is the one guy that I feel the need to look over my shoulder about. Im not buying drugs in Cabrini Green and expect a gun to my head, this is a different animal, This is Austen Cone. You get what im saying? Its personal to him. Thats when it turns rabid.

Sent	Sep 24, 2025 2:10:54 AM	+12564574399	That is his other anchor in life. Didn't complete the 7th grade! I'm not even sure how that is possible in America in the last oh say CENTURY! He lacks so much school and so much life experience and he doesn't know how much he lacks but he knows he lacks. Then there is the real problem. He doesn't care. It's all so far gone and for so many years he just goes with what he knows and that unfortunately is so little. His parent say he was born the way he is and hasn't ever been any different. They say nature vs. Nurture that nature won. HE is a narcissistic Sociopath and an uneducated violent one.
Received Sent by: Sir Lancelot	Sep 24, 2025 2:03:01 AM	Sir Lancelot (+12564574399)	Austen, if you could increase your vocabulary, you will learn how to express your emotions with words and not be physically violent. Use some words with intellect and intelligence and you won't have to resort to violence or control.
Sent	Sep 24, 2025 2:02:44 AM	+12564574399	So true.
Received Sent by: Sir Lancelot	Sep 24, 2025 2:00:32 AM	Sir Lancelot (+12564574399)	I grew up in Chi-town and not all of my friends possess what I have. But I have a solid best friend group of 20 I grew up with, and my older bro, Dane had 20 solid buddies too. In high school we were all best friends. Now there is 40 best friends. Dude, I have only known backing up our buds. It is a respect and an honor. Austen is alone in a lonely world. I still have 40 best friends in Chicago between me and my brother's buddies. I learned loyalty, street smarts, love and respect thru all of them. I am a solid friend first. Otherwise I take you as an acquaintance. You are a friend. Im not afraid of a psychopath or sociopath. However, I have eyes in the back of my head for ppl like Austen. I dont want that anymore. I am 54 and happily engaged. When I get involved with shit like this, Beth gets worried, and rightfully so. She knows all my past stories. I've had guns to my head, and cooked up cocaine fir many, many years. I have been in the darkest alleys in cabrini-green in southside Chicago. Now that I'm older, I have to be extra careful around ppl like Austen. He is so unstable that I need to watch myself. Well, some things never change, fuck Austen. I try to explain to Beth, when shit ain't right, and my buddy is involved, I stand up. This is in my blood. She may never understand it. But goddamn dude, I stand up for what is right amongst the devils among us. I ain't afraid of a psychopath. It might be my undoing. We shall see. So far, my heart and belief and loyalty has kept me alive. Austen thinks he can manipulate me. If you read the text, I told him, he is too young to manipulate me and he doesn't frighten me. He is a scared little boy who has no vocabulary that he can work thru his emotions. His first move is flipping out, losing control of his emotions, and deal with his actions. He is weak.
Sent	Sep 24, 2025 1:38:39 AM	+12564574399	Peace and Hope 5 Therefore, since we have been justified through faith, we[a] have peace with God through our Lord Jesus Christ, 2 through whom we have gained access by faith into this grace in which we now stand. And we[b] boast in the hope of the glory of God. 3 Not only so, but we[c] also glory in our sufferings, because we know that suffering produces perseverance; 4 perseverance, character; and character, hope. 5 And hope does not put us to shame, because God's love has been poured out into our hearts through the Holy Spirit, who has been given to us.

Sent	Sep 24, 2025 1:37:31 AM	+12564574399	<p>Man you been handling it straight up. And not dumbing down telling him about the boxes and all. That's how you gotta be. That's how I've been with them both while communicating. It's important for Austen to hear it come from someone other than me. He stops in his tracks when there is someone involved other than his victim. He gets completely stuck. He gets angry and says crazy shit but he's able to save the violence for when he plans on getting you alone. And trust me you'll know when he is gearing up for violence because all of a sudden he starts a personal pissing match that he bases on no facts or actual circumstance. He falls into this mode where you wonder if he has the right person and your instantly lost. So any time he come at me with fabricated facts bully mode full on I'd call steph and have her meet me at pool and follow me up there. When someone else be doesn't expect Is there he folds. He can ONLY act the way he does one on one because the second someone else is there to challenge the facts or take witness of his behavior he just crumbles. So anyone else we/me/you can motivate to come up with us even if it's just 30mins to get foot in the door that will help ensure a smooth experience and will also render any of his go to tactics useless. When he knows multiple eyes are on him he gets stuck. And rightfully so. You've already done more than anyone else to help me. Somehow just knew you were a solid dude from the jump. I go out of my way for others often and always have. Not many ppl like you. Very few in fact. And it's not something that you can ask of someone they have to promote themselves otherwise their heart isn't in it. It's like asking someone to say I love you vs them just saying it naturally themselves. It's huge for me in this situation and without a doubt the tipping point. So beyond appreciated and mad respect for my new buddy. Thank you for having a backbone and being a compassionate solid fellow. As you can see many people have opinions and say they care and talk about how mad they are at Austen and Kelly and that's all we'll and fine up until they have to put anything on the line personally. Right up to that point of actually taking action or being principled enough to say, Hey, this isn't right and I can't stand by and allow this to happen. Let me see where I can fit in and have an impact and do whatever I can to help my fellow man. The people who are willing to involve themselves usually don't think twice before jumping in. And that sir is what you have. And again it's rare and commendable and the kind of person that does there best effort and invariably is a person that restores someone's faith in humanity which then promotes hope in others. Then at some point they get their chance to.do.there part in restoring someone else's faith. And that right there is the breeding ground for hope. Which leads me to my go to Bible verse that applies to everything and everyone about everything in life which is why I like it so much. So I'll close with another thank you and Romans 5:1-5</p>

Sent	Sep 22, 2025 11:33:38 PM	+12564574399	They think that money gives them superiority but it will be gone before long once taxes kick in that they holding nothing back for and when I get my cut through legal process. They will be back down to nothing but a house piled with shit Austen has bought for himself.

Sent	Sep 22, 2025 11:30:22 PM	+12564574399	I dont owe them money. I didn't break anything while there only made improvements and loaned my tools to help him with car. Sent	Sep 22, 2025 11:26:34 PM	+12564574399	They want to somehow justify Austen attacking me and trying to rob me. Maybe? The control thing. Maybe. Regardless I have done not a thing to either one of them. They have no basis for what they are doing. They don't need my shit they have money. I don't understand.
Sent	Sep 22, 2025 11:24:56 PM	+12564574399	I'm aware. That's why I went and saw one. And I have another meeting with one. And I have called the police once and been to wheeler Ave 6 times. It's like a second and third job. Trust me I completely understand. I've been dealing with this daily for over 30 days all by bicycle. And every Monday night I feel compelled to ride over there and see if this is the week they set my belongings out on the curb. It's fucking ridiculous and they both deserve prison time. Neither is worth their word and they have ABSOLUTELY no reason to be acting the way they are other than they just enjoy being obstinant pieces of crap. For that they can suck 🍑 whatever the fuck they got coming legally. Fucking half wits with no purpose or clue other than to be downright shitty.

You dance around with your words before you lose control of yourself and emotions. Your wick is short with a temper on the burner. You have serious issues going on dude. Im trying to help. At least meet your end of the deal and allow us to pick up his stuff on Sunday. Text me a time. We will be there. I feel bad for you as you have never had a stable environment in your life. Dude, be a dignified man on Sunday please, so we can peacefully pick up his belongings. You need help that you are too afraid to admit you need. You actually think I believed that you were going to pay me 1000? Again, im 54 years old and way too street smart to think you would actually do that. And Kelli upping the price at Nicks made me hurt more for her. Youre at the equivalent of a 17 yr old emotionally. The only blame for that is you dad letting you do hard core drugs before your brain was fully mature.

Sent	Sep 22, 2025 1:10:30 PM	+12564574399	David could be Gandolf the great! He would love that shit. Trent the Indian chief due to his polished olive skin. Chris's wife for the plunging neckline (that shit would throw anybody off. OK and let's make an exception for the all male Indian troop cause I wanna see Justin's wife in a loin cloth. Wonder if she would do it topless. Wait a sec OF COURSE she would do it topless what the fuck am I thinking. OK moving on....
Sent	Sep 22, 2025 1:06:46 PM	+12564574399	So I suggest a team of males and females. Now to initiate recruiting of purests. Ppl that would rather stand for what's right than for nothing. I can come up with at least 4 ppl. I believe. Can you think of anyone? Maybe kinda hard for you if they don't know me or may be out of your comfort zone. Please advise Captain Connections. This is a zero fail mission. I don't care if we have to carry stakes with burning rags at dawn led by a woman in a long gown with ample busses mostly exposed by a velvety plunging neck line. Which actually could be very effective just to throw things off. Then maybe a troop of 4 male Indians in full dress with war paint complete with war cries were to emerge from around the corner in a crouched shuffling movement that include awkwardly bent necks and crack eyes fixed on Kelly and Austen. The only other individual I could see adding appropriate value would be a Gandolf lord of thr rings fellow standing expressionles and abnormally still. Would have to be someone under his cloak so that "the face" would be sitting on his shoulders so that would actually be two ppl. Then the 10 ppl with burning stakes would need a chant. But in Latin so it wouldn't be understood and therefore much more intimidating.

Like power in numbers. 4-however many possible people standing there police or no police would probably move things in the right direction. It would show resolve. Also people don't tend to stand behind someone who is at fault. It would empower my stance if/when police were called by whichever side. What do you think?

Sent	Sep 21, 2025 10:02:55 PM	+12564574399	I was hopeful that we were on a new path but seems it's just more of the same that I've been dealing with. And the cops can't really do anything of they say no the commander told me. And I can't file a police report for assault until I'm moved out because of I do I'll break the automatic restraining order that gets put in place when I do. I swear I wish I was the type to handle this mafia style becuse that's really what this deserves. A hit so-to-speak. I know it's one step at a time but I have to think ahead too. Like what's gonna happen when I'm not satisfied with not looking through my stuff and or the house. He had my shit spread all over that house when I was there can't imagine now. Not sure who or how anyone would expect another person to just accept terms or conditions they themselves would never accept? The whole thing is enough to make one want to send these cock suckers to prison. That's probably on the end what it's gonna take unfortunately.

Sent	Sep 21, 2025 10:52:12 AM	+12564574399	Kelly really is the one to go to. Even tho they both say go to Austen he is in charge kinda thing that's just to keep the piece with him and feed his needy ego. She calls the shots and leverages every aspect of their relationship through her crotch. Literally. If she woke up today and doesn't feel like dealing with it then it doesn't happen. Really all she wants to do is sit in her bed and get fucked up. Anything else is a bother. But somewhere deep inside of her is a shred of decency that Austen doesn't posses. So if that shred kicks in then Austen falls in line to some degree. But she won't ever feel like doing it or having it done yet wants all the shit out of her way. Just doesn't want to face being a shitty deplorable person. And that's what she would/will have to do if I'm there. But I say fuck all that just let it all end. Let me come get my shit then it's over. I won't be up there trying to smooth shit out and don't expect either of them to. Just expect them to come let me

			get my shit! And really however whenever I can do that should just be OK. I've never stolen, used, broke, or misused anything that belongs to them in fact just the opposite. I have fixed, repaired, looked after, and improved all kinds of things in their home out of appreciation for having a decent place to stay. Went out of my way regularly to do that and chip in without being asked and all sorts of upright standing assistance. Loaned them money regularly and never told them no to anything that asked of me or from me except for him trying to rob me. Facts

Emotional intelligence of a 10 yr old boy (not even a 10 hr old girl ya know!?) blended with that standard issue narcissistic maneuver of displacing the less than desirable circumstances you find yourself in upon someone else in an attempt to deflect your own downtrodden emotions. It's textbook narcissist 101. Remember that for your skit. And for the record super low emotional intelligence

			intertwined with the personality disorder of narcissism with a heaping tbl spoon of uneducated 7th grade dropout and THEN a finalizing sprinkle of 6'3" and wirey build but pooh don't forget the cherry on top of anger management issues that excel you to retard strength and complete loss of even attempting to be reasonable and that sir is the birdseye view of any interaction with Austen Cone. Any or all of those factors at play at any given point. THEN add the alcohol, factor and whatever drug dejour and then picture this guy driving no license with you riding shotgun with all your possessions that HE packed for you to a low traffic storage unit and he made sure to mention that you had to be alone when doing so.

Sent	Sep 15, 2025 11:52:02 PM	+12564574399	I'm about to ride to over to the old. Place and make sure my stuff isn't on curb since tomorrow is trash day. I'll call when I get back.

Received Sent by: Sir Lancelot	Sep 15, 2025 10:17:04 PM	Sir Lancelot (+12564574399)	Call me tonight if you get a chance. Nothing dire or whatever, just drop ideas. You and Krystal are both brilliant in different ways that I think match perfectly. Ill ride with all of it.

Sent	Sep 15, 2025 10:17:00 PM	+12564574399	Sure. You tell me. Also I had a thought that yiu could introduce me as an occasional guest (cause I don't want to take over your thing or hamper it in anyway I mean it's your deal to begin with) but all that said maybe introduce me and make a big deal but then I'm asleep in the recliner or something but asleep regardless.
Received Sent by: Sir Lancelot	Sep 15, 2025 10:13:50 PM	Sir Lancelot (+12564574399)	My friend Krystal sent me a great rant on a storyline we can do. Its based on my oldest orphan trying to survive on gigs so I have to practice drums late at night, etc. I think we can ride with her story altogether. She is a brilliant, humor writer, as your ideas are brilliant I think we found a team. Ill be the puppet. Id like you to meet Krystal. She can meet us here one late night. Lets pick a night if we can.
Received Sent by: Sir Lancelot	Sep 15, 2025 3:51:29 PM	Sir Lancelot (+12564574399)	I took it down. Maynard blasted me on fb for a post which is fine. You made a comment and he came back with, hey Jeremy, now that it seems you're on your feet,, did you ever pay Shae Lakin back? I had to comment and tell him to mind his business, and isn't Shae is capable of his own affairs? He turned full on douchebag. I blocked him. I've never blocked anyone before.

Received Sent by: Sir Lancelot	Sep 14, 2025 8:40:37 PM	Sir Lancelot (+12564574399)	When did Maynard become such a douchebag? When he asked me for my post I was cool with that. In fact I dig it. Hell, I posted whatever it was. When he called you out on paying Shae back in comments, I had to block his ass. We "were" friends. Oh well. Call me anytime if you just want to drum up ideas or whatever. It'd be cool to have a rough idea for our first collaboration video before coming to my place. Im in for the night.

Sent	Sep 10, 2025 12:46:58 AM	+12564574399	I'll make you a short little ditty opening thing just for fun and see what yiu think. Be like an intro to the Mr. Lance show. Short like 10-15 secs if that
Sent	Sep 10, 2025 12:45:42 AM	+12564574399	Like you could have an opening little video that you add to every post/video. Or a productions page at end like remember "Sit Ubbu sit" ruff -"good dog"
Sent	Sep 10, 2025 12:44:27 AM	+12564574399	I with ya buddy. Makes sense to me. Talk to ya Tommorow. If you ever have any AI needs or opening screens for your videos or whatever just send me details of what you'd like included and I'll bust em out. I love doing that shit and keeps me busy/purpose.
Received Sent by: Sir Lancelot	Sep 10, 2025 12:42:19 AM	Sir Lancelot (+12564574399)	I dont see it that way. If you come to my place, you're welcome to stay all night. I can give you a ride home in the morning. I just wont drive after I get home and turn my bourbon on. We need to do. Tomorrow night works if you're up for it. Also, if we plan it I like to have my brain prepared for after work. Today I went into work with my mind on getting thru this shift so I can go home. 😊 fer real. If we can plan 12 hrs ahead, that helps my creative brain so I can start plugging in. Y'kniw?
Sent	Sep 10, 2025 12:36:48 AM	+12564574399	Cool cool. And when we do I don't have to stay the whole night ya know. I actually wake my son up and see him off daily so I'd be headed out at some point regardless of which day. Point is you wont be stuck with me at any point. Lol. Hope u get ta feeling better!

Sent	Aug 16, 2025 12:08:44 AM	+12564574399	I'd like to speak to you about him and my situation at some point whenever convenient for you. I'm really trying to be cool but could use a cop with some push through or even a touch of persistence on my behalf I'm thinking. I believe in the proper process but have little faith that those two will operate on any level playing field.

Sent	Aug 15, 2025 11:37:47 PM	+12564574399	Quick question. You have any cop friends? Or know anyone that does?
