

AA7 Intelligent Weighing Scales

Features

High-quality, rapid processors allow efficient, delay-free operation

Thanks to the intuitive touch screen concept and multi-lingual operation

Through a large memory (16GB), e.g. for item master data, weighing data etc. the balance is the ideal solution when working with a large range of goods or where there are high requirements for record keeping and documentation

Function include counting, checkweighing, percentage weighing

Products management and weighing data record

Powerful back office management software: products

management, record management, report...

Rich interface: standard USB port, RS232 serial port, Ethernet port, can connect a variety of peripheral devices, providing a more convenient choice for your function extension

Technical Data

Display: 7 inch color LCD resistive touch display, resolution 800x 480 px

Power: adapter (100~240VAC/12V2500mA), rechargeable battery (li battery, 7.4V/ 5200mAh)option

Memory: 16GB (storage)/2GB (RAM)

Pan size: 230×300 mm

Dimensions: 330×378×150 mm

Net weight: 6.8kg

Operation temperature: -10 °C/40 °C

Accessories

- keyboard / mouse
- bar code reader
- RS-232 cable for printer
- RS-232 cable for PC
- Mini printer
- Label printer
- 3 color light tower
- Secend platform

Standard
