EC-II SERIES

Counting Scale

- Simple and Easy Operation with High Performance Counting function
- Up to 200ea PLU(product look-up) can be saved
- Up to 4 optional external devices can be used simultaneously

EC-II SERIES | Counting Scale

SPECIFICATIONS

Model	EC-II series			
Capacity (g)	3000	6000	15000	30000
Readability (g)	0.1	0.2	0.5	1
External Resolution	1/30,000			
Internal Resolution	1/600,000			
Display Type	LCD display			
Weight Units	g/kg			
Tare Range	Full Capacity by Subtraction			
Operation Temperature	0°C ~ 40°C			
Power	AC adapter DC 12V /850mA, Rechargeable Battery (6V,5Ah)			
Battery Life	80hrs continuous use with 12 hour recharge time			
Product Weight (kg)	4.5			
Dimensions (mm)	330(W)×346(D)×107(H)			
Platter Size (mm)	ABS : 304(W)×220(D), Stainless : 306(W)×222(D)			

Features

- Dual channel for second scale (up to 10ton)
- 4 Load Cells Platform
- Internal resolution 1/600,000
- External resolution 1/30,000
- Three backlight colors
- Compare a count or weight
- 10 printing formats
- 200ea PLU (product look-up) resistors for ID items
- Large LCD display (Height-18mm)
- Key-command function
- Negative counting (count out of a full container)

Option

1. Relay
2. External platform
3. External display
4. Light tower
5. Ticket printer: DEP-50
6. Label printer: DLP-50

Weight/Count comparison function with alarm beeps (HI/OK/LO)

EC-II series offer the most efficient control solution by using a preset range for eight & count data. Customer can preset the range of weight & count data, so the EC-II series will indicate whether the actual weight of the loaded items is out of the preset range with alarm beep sounds. The EC-II will also enable users to conduct a much faster and easier operation.
