Paynovate has the right to refuse to register the new Client without indicating the reasons, however, Paynovate assures that the refusal to register will always be based on significant reasons which Paynovate does not have to or does not have the right to reveal.

The Account for the Client can be opened by the Client's Representative. By registering the Client in the System, the Client's Representative confirms that they are duly elected or appointed to represent the Client, also that the legal entity represented by them is properly established and operates lawfully. The Client's Representative must provide the documents specified in the System in order to be duly verified under the procedures laid down in the System.

The Agreement comes into force after the client's Representative has registered the Client in the System, learned the terms and conditions of the present Agreement and every related document, and electronically expressed their consent to comply with them.

The Agreement is valid for an unlimited period of time. By registering in the System, the Client confirms that they agree to the terms of the Agreement and undertakes to observe them. If the Client does not provide additional information and/or documents within a reasonable time period set by Paynovate,

Paynovate has the right to suspend the provision of all or a part of the Services to the Client.

2 How the Payment Account works

In the event of acceptance of the opening of the Payment Account, an email of confirmation will be sent by Paynovate to the Client. The payment account number (IBAN number) opened in the name of the Client is available in its Personal Area.

The Client can then send funds to their Payment Account, via SEPA transfer, by a first incoming transfer from an account opened in their name with a payment service provider located in the European Union, the European Area or a third countries imposing equivalent obligations in the fight against money laundering and the financing of terrorism. Notwithstanding the foregoing, the Client may not make any Payment

Transactions until Paynovate has proceeded activation of all Services. The Client can manage the Account via the Internet by logging in to the personal Profile of the Client with the login and password and carrying out additional authentication (Strong Customer Authentication).

2.1 Designation of Users

The opening of the Account is made through the Owner who has the rights to represent and engage the Client. The Owner may be a corporate officer or a natural person other than the corporate officer expressly mandated by the Client. In the event of loss by the Owner of his/her rights to the Account (for example, change of the corporate officer or revocation of the Power of attorney of the authorized person), the Client undertakes to inform Paynovate without delay. In the absence of notification or in the event of late notification, the liability of PAYNOVATE cannot be engaged.

Moreover, the Client may give Power of attorney to Administrators or Members authorized to use the Services on their behalf and for their account, and under their entire responsibility. The Power of attorney form is available in the Personal Area of the Account's Owner or Administrator. The power of attorney will only take effect upon receipt by Paynovate of the duly completed form and the required supporting documents.

The power of attorney ceases automatically upon the death of the Owner or the Administrator who has issued it. The power of attorney may be revoked by the Client at any time by informing Paynovate through their Personal Area without undue delay. If the notification is not made or is made late, the Power of attorney remains valid and

PAYNOVATE cannot be held liable. The Client expressly discloses the obligation of professional secrecy relating to the Payment Account data in respect of Users. The Client determines for each User the scope of the rights he/she has on the Payment Account. Each User is assigned Personalized Security Data of his/her own, in order to access his/her Personal Area. The Personal Area of each User is personalized according to the rights granted to him/her by the Client. The different Users profiles are: Owner, Administrator, and Member.

2.2 Personalized security data

The Client must take all reasonable steps to maintain the confidentiality and security of its Personalized Security Data. It also undertakes to make users aware of the preservation of the confidentiality and security of their own personalized security data. The Client (and each User) undertakes not to communicate their Personalized Security Data to third parties. Exceptionally, the Client may communicate them to an Access Service Provider for the purpose of providing the account information service or the payment initiation service. In this case, and having expressly consented to access their Account, the Client must ensure that the said Provider is approved or registered for the aforementioned services, and that they enter their Personalized Security Data in a secure environment.

Paynovate reserves the right to refuse access to the Payment Account to such a Provider if it suspects that access to the Account is not authorized or fraudulent. Paynovate will inform the Client by any means of the refusal of access to the Payment Account and the reasons for such refusal, unless this information is not available for objectively justified security reasons or under a relevant provision of national or European Union regulation.

2.3 Statements

The Client is informed by Paynovate of any provision of information on a durable medium within the meaning of the law and case law. Paynovate provides the Client with a statement of the Payment Transactions on their Account. This statement is available in their Personal Area.

The Client undertakes to check the contents of the Statement of Operations and to keep it for a minimum of five (5) years. The statement is a legal record of all Payment Transactions made on the Payment Account.

2.4 Balance of the payment account

As the Client's Payment Account balance cannot be in any way negative, the Client undertakes to maintain a sufficient balance on their Payment Account to ensure the execution of the Payment Transactions. In the case of an insufficient balance, Paynovate shall reject the Transactions concerned.

Exceptionally, and without any obligation of payment facility, Paynovate may be required to pay one or more Transactions, the amount of which would be greater than the balance of the Client's Payment Account (in particular in the case of an Operation by card without prior authorization, or issuance of unpaid card or a direct debit).

In this situation, the Client undertakes to send funds to their Payment Account without delay in order to restore a positive or zero balance. In case of non-compliance with these obligations, Paynovate reserves the right to suspend or close the Payment Account and to use all means to recover the amounts due.

2.5 Inactive account

The Client's Payment Account is considered inactive when, after a period of twelve (12) months, it has not been the subject of any transaction (excluding management fees) on the initiative of the Client (or any User) and that the latter has not made any representations to Paynovate in any form whatsoever.

When the Account is considered inactive, Paynovate informs the Client by any means. In the absence of a response from the Client or any new transaction on the Account and in the case where the balance is positive, the Account will be closed at the end of a period of ten (10) years from the last transaction on the account. The Client will be informed by any means six (6) months before the effective closing of the Account.

The balance will be deposited with the authorized Institution and the sums may be claimed by the Client or his beneficiaries for twenty (20) years from their deposit. Paynovate may debit an inactive account management fee each year, to the extent permitted by law.

2.6 Anti Money laundering and terrorist financing

As a Payment Service Provider, Paynovate is subject to the legal and regulatory provisions relating to the fight against money laundering and the financing of terrorism. For this purpose, Paynovate must carry out all the necessary procedures relating to the identification of the Client and, when applicable, the ultimate beneficial owner, as well as to the verification of the identity of the latter. Throughout the duration of the Contract, the Client undertakes to keep Paynovate informed about any changes without delay concerning, in particular, their activity, the identification of their corporate officers and beneficial owners, including a change of control.

In addition, Paynovate must inquire about the origin of the Payment Transactions, their purpose and the destination of the funds. From an operational point of view, Paynovate is required to set up a system for monitoring and detecting atypical payment transactions.

The Client undertakes to comply with obligations to combat money laundering and terrorist financing by providing information to Paynovate about any unusual Payment Transactions detected by Paynovate. Paynovate reserves the right to request any other document or additional information if deemed necessary to meet its vigilance obligations in the sense of the fight against money laundering and the financing of terrorism. As such, Paynovate could postpone the opening of the Payment Account or temporarily block and even close it in case of persistent suspicion.

The Client ensures that:

- Incoming funds in their Paynovate Account are not obtained as a result of criminal activity
- The Client will not use services provided by Paynovate for any illegal purposes, including actions and transactions in order to legalize funds derived from criminal or other illegal activities

3 Execution of payment transactions

3.1 Payment transaction

A Payment Transaction is independent of the underlying civil or commercial obligation between the Client and the Payment Recipient. Paynovate therefore remains foreign to any civil or commercial dispute that may arise between the Client and the Beneficiary.

A Payment Transaction may be initiated by the Client who gives a Payment Order (transfer) directly, by the Client who gives a Payment Order through the Beneficiary (card) or by the Beneficiary (direct debit).

3.2 Security of payment instruments

The Client will take reasonable steps to maintain the security of their Custom Security Data. Upon knowledge of loss, theft, misappropriation or any unauthorized use of a payment instrument or related data, the Client shall promptly inform Paynovate for the purpose of blocking (or opposition) of the instrument, by email: support@paynovate.com. The Client can also claim a direct opposition from their Personal Area.

This request must be confirmed by letter with acknowledgment of receipt sent to the following address: Paynovate SA – Cantersteen 47, 1000 Brussels. Paynovate reserves the right to subsequently request a receipt or a copy of the complaint following the theft or fraudulent use of its Account. The Client undertakes to respond to Paynovate's request as soon as possible.

Paynovate executes the request for opposition as soon as it receives it. The event will be recorded and timestamped. An opposition number with timestamp will be communicated to the Client. A written confirmation of this opposition will be sent to the concerned Client by email.

In case of blocking (or opposition), Paynovate provides the Client, at their request and for eighteen (18) months from the blocking (or opposition), the elements allowing them to prove that they have successfully blocked (or opposed).

Any misrepresentation by the Client or Users may result in legal action.

3.3 Strong Client Authentication

In accordance with the law, Paynovate applies Strong Client Authentication when it:

- accesses the Client's Online Payment Account;
- initiates an Electronic Payment Transaction;

- executes an Operation through a means of remote communication, which may involve a risk of fraud in payment or other fraudulent use.

Strong Authentication is performed by the input of a 2-factor authentication code received by SMS on the phone number associated with the User, in the dedicated field of the Application.

4 Execution of payment orders by transfer

4.1 General description

The Client may issue, via a User who has the necessary rights (Owner or Administrator) a payment Order by transfer from their Payment Account to an account opened in the books of another payment service provider.

The Client may initiate Transfer Orders in Euros only. The list of currencies covered is indicated in the Personal Area of the authorized User.

To initiate a Transfer Order, the User who has the necessary rights connects to his/her Personal Area using his/her Identification Data, entering:

- The amount of the Payment Transaction (the User must ensure that the Account has a balance sufficient to cover the amount of the Payment Transaction and any associated costs);
- The identity of the Beneficiary of the transfer as well as his/her bank details (IBAN);
- The execution date (in the absence of indication of date, the Transfer Order occurs immediately);
- The reason for payment;
- Currency.

The User is invited to check all of this information before validating the Transfer Order. In case the Payer indicates incorrect data of the Recipient, and the Payment Order is executed according to the data provided by the Payer, it shall be considered that Paynovate has fulfilled its obligations properly and shall not repay the transferred amount to the Payer. Paynovate commits to take all necessary actions to track the payment transaction and will seek to return the funds of the payment transaction, however, in the event of failure to do so, the Payer shall directly contact the person who has received the transfer, on the issue of returning the money.

The consent of the User to the Transfer Order is collected according to the procedure indicated in the Personal Area. The User must follow any strong authentication procedure requested by Paynovate. The Transfer Order is irrevocable once it has been definitively validated by the User from his/her Personal Area. Paynovate will not accept any request for cancellation of a transfer beyond its date of irrevocability.

Transfer Orders are time stamped and kept for the applicable legal period. When the consent is given through a Service Provider providing a payment initiation service, the form of this consent is determined by the Client and the said Provider, under the conditions agreed between them. Paynovate is not a party to these conditions and does not have to verify the Client's consent.

When the Transfer Order is initiated, at the request of the Client, by a service provider providing a payment initiation service, the Client may not revoke the Order after granting consent.

4.2 transfers denominated in Euros

The Transfer Order must comply with SEPA rules set forth in the “SEPA Credit Transfer Rulebook.” The User has the option of issuing instant or standard Transfer Orders, one-time, or recurring Transfer Orders.

For instant Transfer Orders, the Transfer Order is deemed received by Paynovate once the User has definitively given his/her consent to the Order, according to the procedure indicated in the Personal Area ("Date of receipt"). It is expressly agreed that the Orders for Instant Transfers will be executed by Paynovate not later than the end of the Business Day following the Date of receipt of the Order by Paynovate. If the Date of receipt is not a Business Day, the Payment Order is determined to be received on the next Business Day. The Parties also agree that any Payment Order validated on a Business Day after 16:45 shall be received on the next Business Day.

With respect to standard Transfer Orders, they will be executed at the latest at the end of the day indicated by the Client. If it is not a Business Day, Paynovate will execute the Transfer Order on the next Business Day.

4.3 Refusal of execution

Paynovate may refuse to execute any incomplete or incorrect Transfer Order. The Client will then be asked to re-issue the Order to edit missing or incomplete information.

In addition, Paynovate may suspend a Transfer Order in the event of serious doubt of fraudulent use of the Account, unauthorized use of the Account, breach of security of the Account, suspicion of money laundering / financing of terrorism, or in the event of an assets-freeze order issued by an administrative authority.

In case of refusal of execution or blocking of a Transfer Order, Paynovate will inform the Client by any means as soon as possible, and at the latest by the end of the first Business Day following the Date of receipt. If possible, Paynovate will indicate the reasons for the refusal or blocking to the Client, unless prohibited by a relevant provision of national or European Union law. The Client is informed that such notification may be subject to the charges indicated in the Pricing if the refusal is objectively motivated.

4.4 Contestations concerning Payment orders by transfer

If the Client wishes to contest an allegedly unauthorized or incorrectly executed Transfer, they must contact Paynovate's Client service by phone call or email as soon as possible after becoming aware of the discrepancy and no later than four (4) weeks following the registration of the Payment Transaction in the Account.

Unless Paynovate has reasonable grounds to suspect fraud by the Client or gross negligence on the part of the Client, Paynovate shall reimburse the Client for the amount of the payment Transaction immediately after receiving the contestation, and in any event not later than the end of the following Business Day. Paynovate restores the Account to the state in which it would have been if the Unauthorized Payment Transaction had not taken place. Paynovate reimburses the Client under the same conditions when the Payment Transaction was initiated by a payment initiation service provider.

Fees and Pricing Conditions may be levied in the event of an unjustified contestation of a Payment Transaction. Paynovate cannot be held liable when the incorrect execution of the payment Transaction is the result of an error by the Client on the Unique Beneficiary Identifier (IBAN). Paynovate will endeavor to recover funds committed to the payment Transaction.

If Paynovate is unable to recover funds, the Client may request Paynovate to provide any relevant information it has in order to document its legal recourse to recover the funds.

4.5 Receiving transfers

Under the terms hereof, the Client expressly mandates Paynovate to receive SEPA Transfer Orders in Euros from an account opened in the books of a payment service provider located in the SEPA zone in their name and on their behalf. Paynovate credits the Client's Payment Account not later than the end of the Business Day on which their own account has been credited with the funds. As soon as the transaction is credited to the Client's Payment Account, Paynovate shall make a summary of the transaction including the following information available in the Personal Area: amount, date and time, Payment Transaction number, name of the Payer, debited account, and reason of the Transaction (if applicable).

The Client having noticed that money has been credited to or deducted from their Paynovate Account by mistake or in other ways that have no legal basis, is obliged to notify Paynovate about it. The Client has no right to dispose of money that does not belong to them. In such cases, Paynovate has the right, and the Client gives an irrevocable consent to deduct the money from their Paynovate Account without the Client's order. If the amount of money in the Paynovate client's Account is insufficient to debit money credited to or deducted from their Paynovate Account to their other accounts by mistake, the Client unconditionally commits to repay Paynovate the money credited to or deducted from the Paynovate Account to their other accounts by mistake in 3 (three) business days from the receipt of such request from Paynovate.

5 Direct debits

5.1 SEPA core and direct debits

The Client has the option of paying by SEPA direct debit for persons with whom they have a business relationship (the "Creditors"). For the purpose of this article, the term "Maturity Date" means the date of interbank settlement, i.e. the date of debiting the Client's Account.

5.2 Direct debit mandate ("Mandate")

The Client who accepts the SEPA Direct Debit as a method of payment must complete the Mandate delivered by their Creditor and return it to them accompanied by a Bank Statement of Identity on which his BIC and IBAN appear. The physical person signing the SEPA Direct Debit Mandate must be a person authorized by the Client for this transaction.

The Client undertakes to inform the Establishment of the signature of any Collection Order.

By signing the Direct Debit Mandate, the Client expressly waives the right to reimbursement of authorized and correctly executed transactions.

The Client may at any time revoke the Collection Order from their Creditor. In this case, they undertake to inform Paynovate immediately. Paynovate cannot be held responsible for a poorly executed operation due to a lack of information from the Client (for example: bank account number missing or bank details incomplete).

The Client undertakes to inform Paynovate immediately of any change to the Terms of Reference. Paynovate cannot be held responsible for a poorly executed operation due to a lack of information from the Client.

The Client may also revoke the Mandate at any time within their Personal Area or by contacting Paynovate. For this purpose, they shall communicate the unique Reference of the Mandate to Paynovate. The revocation must be requested by the Client at the latest before the end of the Business Day preceding the Expiration Date of the next withdrawal operation provided for by the Mandate.

The revocation entails the definitive withdrawal of the Client's consent to the execution of the Mandate. Paynovate will refuse all the Orders of Samples presented after the revocation of the Mandate by the Client.

A Money Order for which no SEPA Direct Debit Order has been submitted for a period of thirty-six (36) months becomes null and void. In this case, the Client must enter and validate a new mandate.

5.3 Direct debit orders

The Client is informed that their Creditor is required to provide them with advance notice of at least fourteen (14) calendar days before the SEPA Direct Debit Due Date, unless there is a specific Contract between the Client and the Creditor in the Mandate.

Upon receipt of this notification, the Client has the opportunity to verify compliance with their relationship with the Creditor. The Client must ensure that they have sufficient funds in their Account on the Due Date.

In the event of disagreement, the Client is invited to immediately address their Creditor so that the latter suspends the transmission of the Collection Order or issue an instruction for the revocation of the original Direct Debit Order.

Paynovate receives the Direct Debit Orders transmitted by the Creditor's payment service provider no later than the day before the Due Date. For a first recurring charge or for an one-off charge, Paynovate will verify the existence of the Client's consent and the validity of the Mandate. In case of inconsistency or incomplete data, Paynovate may reject the relevant Direct Debit Operation.

For the following recurring Direct Debits, Paynovate verifies the consistency of the mandate data with the data already recorded and the data of the Transactions. In case of inconsistency, Paynovate will contact the Client.

Paynovate debits the Client's Payment Account of the amount of the Transaction when no event is against it and provided that the Payment Account has a sufficient provision. The Client will receive a notification in their Personal Area to inform them of the amount debited from their Account.

3. This Agreement

This Agreement governs the relationship between you and us for the provision of the Card by us to the Cardholder. This Agreement also contains important warnings and information that may affect your rights. By using your Card, you will be deemed to have accepted and fully understood the terms and conditions set out in this Agreement and you agree to comply with these by your use of the Card and/or by indicating your acceptance. The Card remains our property. The Card is not transferable.

4. The Card

The Card is a debit card; it is not a credit, charge or pre-paid card. The Card is associated with your Account. After having received funds from you, we issue electronic money at par value. Please note that electronic money held in the Card shall not be interpreted as a deposit or other repayable funds and the Business will not earn any interest on any funds sent to the Account.

You must ensure that there is sufficient Available Balance to enter into each Transaction that you enter into using the Card (including value added tax and any other taxes, charges and Fees that are applicable).

Depending on your program you may receive a Virtual Card. In such cases we will provide You with the number of the Virtual Card, the Expiry Date of the Virtual Card and the CVV2 code. If for any reason a Transaction is processed and the Transaction amount exceeds the Available Balance, the Business must repay us the amount of such excess immediately and we will be entitled to stop any existing or subsequent Transactions from proceeding.

5. KYC

We require evidence of who you are for our KYC procedures. We may ask the Cardholder or the Business to provide some documentary evidence to prove this and/or we may carry out checks on you electronically.

The files of credit reference agencies may be searched to assist in the identity verification process. This is not a credit search and does not have a detrimental effect on an individual's credit score/rating or influence an individual's ability to obtain or raise credit. The credit reference agency will keep a record of any search and this will show as a 'soft footprint' on your credit record to alert you that a search was conducted.

6. Funds in the Account

Only the Business can add money to the Account. The Cardholder will not be able to add money to the Account.

At your request, part or all of electronic money held on the Account will be redeemed at their par value at any time, except if otherwise established under this Agreement or legal acts. You can choose the amount of redeemed electronic money. Where redemption of electronic money is requested by you on or up to one year after the date of the termination of this Agreement, the total monetary value of the electronic money held by you will be redeemed.

We reserve the right to suspend or terminate the right to add money to the Account at any time without notice.

The Business solely owns the funds representing the Available Balance and is the beneficial owner of these funds.

7. Service limits

Transactions may be restricted by Card type, individual usage patterns and payment risk profiles. For anti-money laundering and anti-fraud reasons, we reserve our right to change particular payment restrictions (including from those published or included herein) without notice and to the extent required to meet our regulatory obligations.

8. Use of the Card

To activate the Card you will need to log onto the Card Partner App or Card Partner's Website and use the activate card function.

We will be entitled to assume that a Transaction has been Authorised by You where (i) the magnetic strip on the Card was swiped by the Merchant; (ii) the Card was inserted into a chip & PIN device and the PIN was entered; (iii) relevant information was supplied to the Merchant that allows them to process the Transaction, for example, providing the Merchant with the 3-digit security code on the back of the Card in the case of an internet or other non-face-to-face Transaction; or (iv) the Card is tapped against a contactless-enabled reader and accepted by such reader.

The Cardholder should only use the Card as permitted by the Business. If the Cardholder uses the Card, we are entitled to presume that the Cardholder has the Business' permission to spend the Available Balance until notified to the contrary by the Business. The Cardholder can use the Card up to the amount of the Available Balance for Transactions (i) via the Internet, (ii) at Merchants and (iii) to make cash withdrawals from ATMs, provided that such application is included in the card program.

We will deduct the value of the Transactions from the Available Balance in the Account. We will also deduct any applicable Fees as soon as they become payable by the Business based upon the Fees Schedule.

ATM withdrawals may also be subject to fees, foreign exchange rates, maximum withdrawal limits, rules and regulations of the relevant ATM operator or bank. It is your responsibility to check whether any such additional fees apply, as they cannot be refunded once the cash has been withdrawn.

Like other card issuers, we cannot guarantee a Merchant, an ATM operator or a bank will accept the Card.

We may at any time suspend, restrict or terminate the Card and/or the Account, refuse to issue or replace a Card or refuse to authorise a Transaction for reasons relating to the following:

- if we have reasonable grounds to believe that the Card is being in a way which is not approved by the Business;
- if we have reasonable grounds to believe that the security of the Card has been compromised or suspect that the Card is being used in an unauthorised or fraudulent manner;
- if there is insufficient Available Balance in the Account at the time of a Transaction to cover the

amount of the Transaction and any applicable Fees;

- if there is an outstanding Shortfall in the Account;
- if we have reasonable grounds to believe that you are acting in breach of this Agreement;
- if we have reasonable grounds to believe that a Transaction is potentially suspicious or illegal (for example, if we believe that a Transaction is being made fraudulently) or because of errors, failures (whether mechanical or otherwise) or refusals by Merchants, payment processors or payment schemes processing Transactions, or
- if we need to do so in order to comply with the law.

If we do this, we will inform you of the action taken and its reasons in advance or, if that is not possible, immediately after, unless to do so would compromise reasonable security measures or be otherwise unlawful. We will reactivate the Account and where appropriate issue you with a replacement Card if after further investigations we reasonably believe that the reasons for the action no longer apply.

The Business will remain responsible to the Issuer for the use of the Card. Your ability to use or access the Card may occasionally be interrupted, for example, if we need to carry out maintenance on our systems. Please contact us using the contact details set out in clause 2 to notify us of any problems you are experiencing using the Card or Account and we will endeavour to resolve any problem.

You can manage the Card and view your e-statements by accessing the Account online via the Card Partner's Website or Card Partner App. You may at any time view the details of the Transactions in the Account using the relevant credentials. You must keep your credentials safe and not disclose them to anyone. The Account will include all Transactions notified to us up to the evening of the previous Business Day.

Your transaction information ("e-statement") will contain: (i) a reference enabling you to identify each Transaction; (ii) the amount of each Transaction; (iii) the currency in which the Card is debited/credited; (iv) the amount of any Transaction charges including their break down, where applicable; the exchange rate used in the Transaction and the amount of the Transaction after the currency conversion, where applicable; and (v) the Transaction debit/credit value date.

9. Conditions of use at certain Merchants

In some circumstances we or Merchants may require you to have an Available Balance in excess of the Transaction amount.

Some Merchants may not accept payment using the Card. It is your responsibility to check the policy with each Merchant. We accept no liability if a Merchant refuses to accept payment using the Card.

10. Keeping the Card secure and liability

You are responsible for the Card, Account and PIN. Do not share the Card or Account security details with anyone.

You must take all reasonable steps to keep the PIN safe and separate from the Card or any record of the Card number and not disclose it to anyone else. This includes:

- not keeping your PIN with the Card;

- not storing the PIN on a device which is not password protected;
- never sharing your PIN with anyone;
- when entering your PIN, taking all reasonable steps to ensure it cannot be observed by others;
- not entering your PIN into any terminal that appears to be modified or suspicious, and
- if you believe that anyone has gained unauthorised access to your PIN, notifying us without undue delay following the procedures in clause 16.

You will need a PIN in order to make payments at a Merchant or cash withdrawals (from an ATM or a bank) with the Card. If you forget your PIN, you may retrieve the PIN or request a replacement PIN by using the contact details set out in clause 2.

We recommend that you check your Available Balance in your Account regularly on the Card Partner's Website or Card Partner's App. You will be provided with your Available Balance and a statement of recent Transactions on the Account either by electronic means or on the Card Partner's Website or on the Card Partner App at any time. We also recommend and instruct you to go thoroughly over all the Transactions on a regular basis on the Card Partner's Website or Card Partner's App.

The Business will be liable for all losses, including any related fees and charges, for any unauthorised Transaction if we can show that you have (i) acted fraudulently or (ii) failed with intent or gross negligence to use and keep safe the Card, Account or PIN in accordance with this Agreement.

The Business will also be liable for all losses, including any related fees and charges, for any unauthorised or incorrectly executed Transaction if you fail to notify us without undue delay on becoming aware of the Transaction, and in any event within 30 days of the Transaction debit date. In all other circumstances the maximum liability will be as set out in this clause 10 and in clauses 16 and 18.

If you believe that someone else knows the Account or Card security details, you should contact us without undue delay. Once any Card on the Account has expired or if it is found after you have reported it as lost or stolen, you agree to destroy it by cutting it in two through the magnetic strip.

The Business agrees to indemnify and hold us harmless from and against all reasonable costs of any legal action taken to successfully enforce this Agreement arising out of a material breach of any of the terms and conditions of this Agreement by you or by your fraudulent conduct.

11. Authorising and executing Transactions

Once a Transaction is Authorised, it cannot be withdrawn or revoked. Within the European Economic Area (EU countries plus Iceland, Liechtenstein and Norway) we will usually execute the Transaction by transferring the amount of the Transaction to the payment service provider of the Merchant by the end of the next Business Day following the receipt of the instructions to transfer the amount. If we receive the instructions after 4:30 pm, they will be deemed received by us on the following Business Day. If the payment service provider of the Merchant is located outside the EEA, we will execute the Transaction as soon as possible.

12. Communications regarding the Account

You can check the Available Balance and Transaction history at any time by logging onto the Card

Partner's Website or Card Partner's App.

13. Cancelling the Card and terminating the Agreement

If you wish to terminate this Agreement at any time, you must request cancellation or termination by contacting us using the contact details set out in clause 2 informing us of your wish to terminate.

The Agreement also terminates upon Card expiry subject to clause 14.

Once we have received all the necessary information from you and we have completed and are satisfied with the outcome of applicable anti-money laundering, fraud and other illegal activity checks (including KYC), and once all Transactions and applicable fees and charges have been processed, we will send any Available Balance to the Business's designated payment or bank account less any fees and charges payable to us, provided that no law, regulation, law enforcement agency, court or regulatory authority requires us to withhold the Available Balance. If we are not able to send the Available Balance for whatever reason, it will be safeguarded pursuant to clause 28 until the relevant funds can legally become our property. A fee will be charged during this period until either the Available Balance is sent to the Business or it is exhausted. The Available Balance will be sent as soon as it is possible to do so.

A Fee may be charged for cancellation (see clause 20 below) unless you have arranged to transfer any unused funds to another Card managed by us for the Business.

If, following distribution of the Available Balance to the Business, any further Transactions are found to have been made or charges or fees incurred using the Card or we receive a reversal of any prior Transaction, we will notify the Business of the amount and the Business must immediately repay us such amount on demand as a debt.

14. Expiry & redemption

The funds on the Account will no longer be usable following the Expiry Date of the most recent Card that was issued under the Account until a replacement Card is issued. The Card and this Agreement will terminate on the Expiry Date unless you are issued a renewal Card prior to the Expiry Date. You may not use the expired Card after the Expiry Date. If a Card expires before the Available Balance is exhausted, the Available Balance on the Expiry Date will be returned to the Business as set out in and subject to clause 13.

We will have the right to set-off, transfer, or apply part or all of the Available Balance to satisfy all or any liabilities and fees owed to us by the Business that have not been paid or satisfied when due. Authorisation will be requested for a Transaction at the time of the Transaction. In the unlikely event, for any reason whatsoever, a Transaction is completed when there are insufficient funds on the Account for that Transaction which results in a Shortfall, the Shortfall will be repaid by the

Business unless it is due to:

- an error on the part of the Merchant to which the Card was provided by you as the means of payment, or
- an error on the part of the Issuer.

Should the Business not repay this amount immediately after receiving an invoice or notification from us or the Card Distributor, we reserve the right to take all steps necessary, including legal action, to recover any monies outstanding.

15. Termination and suspension of Card and Account

We may terminate the Agreement for any reason by giving you at least 30 days' notice. We may terminate the Agreement without prior notice if:

- you breach an important part of this Agreement, or repeatedly breach the Agreement and fail to resolve the matter in a timely manner;
- we so agree with the Business;
- the Business fails to pay fees or charges that you have incurred or fail to cure any Shortfall, or
- we are required to do so by law or by the card scheme (for example, where the provision of the Card to you becomes unlawful).

We may also terminate this Agreement or suspend the Card or Account without prior notice if:

- we reasonably believe the Card is deliberately being used by you to commit fraud or for other illegal purposes, or
- we discover that any of the information you provided us with when you applied for the Card was incorrect.

If we terminate the Agreement without prior notice, we will tell you as soon as practicable afterwards unless we are prohibited by law from doing so.

16. Lost and stolen Card and the right to a refund for unauthorised Transactions

If you know or suspect that the Card is lost or stolen, or that the PIN code is known to an unauthorised person, or if you think a Transaction has been unauthorised, you must tell us without undue delay by calling us using the contact details set out in clause 2 of this Agreement. A Transaction will be considered to be unauthorised if you have not given your consent for the Transaction to be made by Authorising it. In order for any unauthorised Transaction amount to be refunded to the Account, you must report the Transaction without undue delay upon becoming aware of it. A refund cannot be made for any unauthorised Transaction reported after 30 days have passed following the debit date of the Transaction.

Despite the possible 30 day's refund period, a refund cannot be made for an unauthorised Transaction if the Transaction was correctly displayed in the Account activity online and you failed to inform us about the Transaction being unauthorised without undue delay upon seeing the Transaction in the Account activity online. In this respect we urge you to check the Account activity online on a regular basis and review the Transactions carefully.

When you call using the contact details set out in clause 2, you will be asked to provide us with the Card's number where possible and some other identifying details. If there is an Available Balance remaining in the Account, we will replace the Card for the Account. Alternatively, the Available Balance can be redeemed to the Business. If we replace the Card, the Card will be delivered to the registered address subject to possible Fees.

We will refund as soon as possible, and no later than by the end of the day on which the unauthorised Transaction is reported by you, the full amount of any unauthorised Transaction reported by you, including any associated Fees and charges, provided you notify us of the

Transaction in accordance with this Agreement except that:

- we will refund at the beginning of the next Business Day any unauthorised Transactions reported on a day that is not a Business Day or reported after 4:30 pm on a Business Day;
- if there is evidence that you acted fraudulently or have with intent or gross negligence failed to comply with the Agreement in relation to the use of the Card and safety of the Card's security details, we will first carry out a prompt investigation to determine whether the Transaction was Authorised by you and will only refund if the investigation shows that the Transaction was not Authorised by you, and

The Business is not liable for any losses that occur where the Card has been used in a 'card not present' environment except where you have acted fraudulently or with intent or gross negligence.

If there is evidence that you checked the online Account and did not notify us of the unauthorised Transaction without undue delay, we may not refund the Account. We reserve the right to investigate any disputed Transaction or misuse of the Card before and after a refund. In order to do so we may need more information and assistance from you and you are required to reasonably cooperate with any investigation by us or any law enforcement agency or other competent authority. If we make a refund following the claim and subsequently establish that the conditions for the refund have not been met, we may deduct it from the Available Balance after notifying you. If there is no sufficient Available Balance, the Business must repay us the amount immediately on demand.

17. Our liability

We will not be liable for any loss arising from:

- your inability to use the Card as set out or for any reason stated in clauses 10 and 13;

- a Merchant refusing to accept the Card;
- any issue with the goods or services that are purchased with the Card;

- any loss or theft that is reported later than 30 days following the debit date of the Transaction in question;
- our compliance with legal and regulatory requirements;
- our suspending, restricting or cancelling the Card or refusing to issue or replace it in accordance with clause 8 above, or
- loss or corruption of data unless caused by our wilful default.

From time to time, your ability to use the Card may be interrupted, e.g. when we carry out maintenance to improve and keep the service running for our customers. If this happens, the Business may be unable to add funds to your Account, and/or you may be unable to:

- use the Card to enter into a Transaction, and/or
- obtain information about the funds available in your Account and/or about the recent Transactions.

We will not be liable for any loss arising from such interruptions.

We are also not liable for:

- business interruption, loss of revenue, goodwill, opportunity or anticipated savings, or
- any indirect or consequential loss arising from your total or partial use or inability to use the Card, or the use of the Card by any third party.

To the fullest extent permitted by relevant law, and subject to clauses 16 and 18, our total liability under or arising from this Agreement will be limited as follows:

- where the Card is faulty due to our default, our liability will be limited to replacement of the Card; and
- where sums are incorrectly deducted from the Available Balance due to our fault, our liability will be limited to payment to the Business of an equivalent amount, and
- in all other circumstances of our default, our liability will be limited to repayment of the amount of the Available Balance.

No party will be liable for, or be considered in breach of this Agreement on account of, any delay or failure to perform as required by this Agreement as a result of any causes or conditions which are beyond such party's reasonable control and which such party is unable to overcome by the exercise of reasonable diligence.

The above exclusions and limitations set out in this clause 17 will apply to any liability of our affiliates, such as Mastercard or other suppliers, contractors, agents or distributors and any of their respective affiliates (if any), to you, which may arise in connection with this Agreement.

18. The right to a refund for Authorised and incorrectly executed Transactions

A refund may be made for an Authorised Transaction if (i) your Authorisation of the Transaction did not specify the exact amount at the time of the Authorisation, and (ii) the amount exceeded what you would have reasonably expected taking into consideration your previous spending patterns and other

relevant circumstances. A claim for a refund of such a Transaction must be made within 30 days from the date on which the funds were deducted from the Available Balance. We may require you to provide us with such information as is reasonably necessary to ascertain whether the conditions for the refund are met. Within ten (10) Business Days of receiving (i) the claim for a refund or (ii) where applicable, any further information we requested from you, we will either refund the full amount of the Transaction to the Account or provide you with justification for refusing the refund.

In order to receive a refund to the Account for an incorrectly executed Transaction (including non-executed or defectively executed Transaction), you must report the Transaction without undue delay upon becoming aware of it. A refund will not be made for any incorrectly executed

Transaction reported after 30 days have passed following the debit date of the Transaction. Despite the possible 30 days refund period a refund will not be made for an incorrectly executed Transaction if the Transaction was correctly displayed in the Account activity online and you failed to inform us about the Transaction being incorrectly executed without undue delay upon seeing the Transaction in the Account activity online. In this respect we urge you to check the Account activity online on a regular basis and review the Transactions carefully.

As soon as practicable after you have notified us of a disputed Transaction in accordance with this Agreement, you must confirm the disputed Transaction in writing by email or by post, setting out full details of the Transaction and your reason for disputing it. You must provide us with all receipts and information that are relevant to the claim.

Where we are liable for an incorrectly executed Transaction, we will without undue delay refund the amount of the Transaction to the Account, restore the Account to the state it would have been had the defective Transaction not taken place and refund any charges and interest that have arisen as a consequence of the non-execution or defective execution of the Transaction provided you notify us of the Transaction in accordance with this clause 18.

If we make a refund following a claim and subsequently establish that the conditions for the refund have not been met, we may deduct it from the Available Balance after notifying you. If there is no sufficient Available Balance, the Business must repay us the amount immediately on demand. If you are not satisfied with the justification provided for refusing the refund or with the outcome of the refund claim, you may submit a complaint as described in clause 25.

9.1 Principle

In consideration of the Services, the merchant agrees to pay Paynovate: (i) the fees set forth in the Order Form, including an early termination fee if applicable; and (ii) additional fees charged to the merchant to cover reasonable additional costs that Paynovate may incur from time to time in connection with the Merchant Agreement.

In the event that the Merchant Agreement sets forth a fee in an amount determined by reference to a specific commitment/promise of the Merchant set forth in the Purchase Order, Paynovate shall have the right to apply default charges to the Merchant without prior notice, i.e. charges that are otherwise not applicable to the merchant for the provision of similar services by Paynovate to the merchant, from the time the commitment/promise has not been fulfilled in whole or in part, even to cover Paynovate's past performance of the Services.

If applicable, the merchant hereby acknowledges and agrees to receive electronic invoices from Paynovate.

Any fees or costs not deducted by Paynovate from amounts due to the merchant shall be deducted from the Reserve Amount in the Merchant Settlement Account. Any amount not deducted as described above shall be paid immediately and no later than the end of the month following the date of the relevant report. At Paynovate's first request, the merchant shall enter into a direct debit agreement with Paynovate, whereby the merchant authorizes Paynovate to debit the merchant's bank account listed in the Purchase Order (or any bank account used by the merchant, in the course of its business, as notified by the Merchant). If the Force Majeure continues and no agreement can be reached by the Parties in good faith after a reasonable period of time, both Parties shall have the right to terminate the Merchant Contract immediately after the expiration of such a reasonable period of time.

For purposes of the Terms and Conditions, Force Majeure shall include, but not be limited to, any of the following events (i) an act of God, including floods and storms; (ii) the outbreak or escalation of hostilities (whether or not war has been declared) or any other unlawful act against public order or authority; (iii) a strike or other labor dispute (iv) government restrictions; (v) power failures or disruption of communications; (vi) terrorism or vandalism; (vii) computer virus and hacking, or any other unintended fraudulent access to IT and computer systems; or (viii) any other unforeseen event beyond the reasonable control of a Party or which cannot reasonably be avoided and which prevents or delays the performance by that Party of any of its obligations under the Merchant (ix) the withdrawal, termination or suspension of the license to operate.

- a Loss attributable to or arising out of general and administrative costs and expenses of the merchant and/or a third party;
- a direct Loss due to any other than exclusively caused by the gross negligence or willful misconduct of Paynovate;

The burden of proof in connection with a liability claim against Paynovate shall in no event rest within Paynovate.

Notwithstanding anything to the contrary contained in the Merchant Agreement, and without prejudice to the obligations of Paynovate under the Merchant Agreement, Paynovate's aggregate liability under the Merchant Agreement for all Losses suffered or

The merchant will be deemed to have accepted changes and additions to the merchant Agreement unless it notifies Paynovate that it does not accept them prior to the expiration of the notice period, which will result in automatic termination of the Merchant Agreement.

Immediate notice or no notice will be given if Paynovate makes any modification or addition to the Merchant Agreement where the modification or addition is required as a result of a change imposed on Paynovate by a Competent Authority or applicable law.

14.TRANSFER OF THE MERCHANT'S CONTRACT

The Merchant Agreement may not be assigned, transferred or otherwise encumbered by the merchant, even by virtue of a universal transfer, and the merchant may not delegate its rights, obligations and/or duties hereunder in whole or in part, without Paynovate's prior written consent, which consent may be granted or withheld at Paynovate's sole discretion.

Paynovate shall have the right - without the merchant's consent - to assign, transfer or otherwise encumber the Merchant Agreement, or all or any part of its rights, obligations and/or duties under the Merchant Agreement, to: (i) one of its affiliates (within the meaning of the Belgian Companies Code); (ii) a successor in interest; or to (iii) a successor in interest to a transaction in which it transfers all or substantially all of its assets (or the assets of the business unit to which this Agreement principally relates), together with related liabilities. Such assignment or transfer shall become effective with respect to the merchant upon the merchant's notification of such transfer or assignment, except as otherwise provided by law.

15. MISCELLANEOUS

Except as specifically set forth in the Merchant Agreement, no representation, warranty, inducement, promise, agreement or condition not set forth in the merchant Agreement has been made or was incumbent upon any Party at the time of entering into the Merchant Agreement. Nothing in the Merchant Agreement, express or implied, is intended to confer upon any person, other than the Parties hereto or their respective successors, any rights, remedies, obligations or liabilities.

An invalid or unenforceable provision shall be replaced or deemed to be replaced by a provision that is deemed valid and enforceable and that most closely approximates the intent of the invalid or unenforceable provision.

Any provision of the Merchant Agreement may be waived, but only if the waiver is in writing and signed by the Party that would have benefited from the provision. To be effective, any consent required under the Merchant Agreement must be in writing and signed by the Party giving the consent.

Except as otherwise provided herein, each Party shall bear all expenses incurred by it in connection with the Merchant Agreement and the performance of its obligations hereunder.

The Parties agree that data and documents provided by means other than paper shall have the same legal value when submitted as evidence in a legal proceeding.

Paynovate shall have the right to provide the merchant with documents in any form it deems appropriate, including the Internet. The Parties shall not challenge the admissibility of

data/documents merely because they have been provided in electronic format.
