Community Bulletin Board Policy and Procedures

Community Bulletin Boards Brochures and flyers about COS Reads events and programs, as well as community events and programs, are displayed on community bulletin boards. These displays are intended for programs that are free to the public or sponsored by nonprofit organizations. Literature on the bulletin boards does not imply endorsement by COS Reads.

- All non-COS Reads literature must be approved by a COS Reads director or representative prior to being posted on the bulletin board.
- Community postings are subject to approval by COS Reads based on the availability of space on the bulletin board, the size of the posting, and the applicability to our local community.
- Postings will be removed at the discretion of the acting Library Manager when they are no longer current.
- Commercial or personal services, social events, goods, or merchandise will not be advertised.

Want to post something on our community bulletin boards?

If you would like to request that COS Reads display a flyer, please drop it off at the library for approval. Once approved, it will be hung on the bulletin board.
