ETM PROGRAM

PROGRAM

How do I become fluent in Spanish in less than a year at E1M?

M: module.

M1, Theory: all of the grammar, from the most basic to the most complex topics.

M2 and M3, Didactic Practices: consolidate grammar with writing, reading, speaking and listening exercises.

M4, Conversational Practices: you develop the language in spoken sessions.

M5 and M6, Intensive Conversational Practices: higher quality and speed of pronunciation, speaking and listening. Interview drills and virtual sessions with native Spanish speakers in which you perfect the language.

A blurred photograph of a group of people in a meeting or office setting, smiling and engaged in conversation. The image is centered in the background.

E1M CONVERSATION CLUB

Do you speak **Spanish**? Be part of the *E1M Conversation Club*.
Have fun talking with native speakers and take your Spanish beyond!

EIM ONLINE GUARANTEE

EIM Online®

The fastest and cheapest virtual and international language academy in the world. You finish bilingual in less than a year (*six modules, thirty classes per module plus a week of reinforcement*) starting from scratch or we will refund your money. **EIM Online** is an intensive program. From your first class you will see the results of its powerful exclusive and patented method that revolutionized the way of learning English and Spanish worldwide.

EIM Online requires dedication and commitment, as is attending class without fail and constant practice and review of the topics covered. As long as the student takes responsibility for the above, **EIM guarantees total success.**

CERTIFICATE

Upon completion, **EIM Online** delivers to the graduate a certification diploma valid exclusively by **EIM**, whose program and methodology are registered and protected before the **National Copyright Directorate**, before the **Bogota Chamber of Commerce** as an educational establishment and before the **Superintendency of Industry and Commerce**.

EIM Online prioritizes the knowledge that institutions and companies worldwide take the bilingual interview and the speaking capacity of the person with greater credibility than the certificate prevail. For this reason, **EIM** places a rigorous emphasis on really qualifying the student academically so that they finish the program with a high conversational level of the language.

Enroll in **EIM** and become bilingual in less than a year.
Review the **Terms and Conditions** section.

FACEBOOK.COM/E1MINGLES | INSTAGRAM.COM/E1MINGLES

TERMS AND CONDITIONS

- Keep in mind this information to maintain the validity of your guarantee of **EIM**:
- EIM** is an exclusive program and it incorporates copyrights and confidentiality parameters. Because of that, it is forbidden to reproduce partially or totally by any means the logo or material provided by the student (be it physically or digitally) without the express, written **EIM's** permission. Infringing the warning can give rise to legal issues for the person responsible.
 - EIM** protects and supports the results of the student, and it incorporates a guarantee that declares the total reimbursement of the money invested in the Regular Classes of the program paid by the student in case that she finishes the totality of the program without getting the bilingual level guaranteed at the beginning, which will be measured according to the results of the approved exams in the program and their general performance during the same, that will be subjected to **EIM Management's** judgment, to the teachers team and other witnesses, like students and foreign participants of the languages exchanges made during Module 6, 7, 8, 9, 10, 11 and 12 for definitive purposes. It is mandatory to attempt to attend the classes and, and that is not allowed to be taught casually, in the event that a student does not take a class, independently of the reason of the absence and even after showing a medical leave, the student will need to replace such class as a Reinstatement Class in any available room, scheduled from the previous day. This Reinstatement Class has an additional higher value than a Regular Class.
 - It will not be possible to take the respective module exam if the student has any pending class or homework, or any pending task to do.
 - EIM** is an intensive program that lets the student become bilingual. It is responsibility of the student to find enough time to do the homework, which constitutes a vital part of the process that the student must carry out thoroughly that the program fulfills its goal. Otherwise, according to **EIM**, the Guarantee can be canceled. Because of these reasons, **EIM's** program applies different systems that motivate the student to enjoy their highest level of discipline in all the aspects of the program (fulfilling the duties, punctuality, effort) as an incentive and as a precautionary measure. Part of the measures of incentive included in the program are the **EIM Excellence Scholarship** and the **Extra Points for EIM's Exams** as a kind of reward for the good academic conduct; and part of the corrective measures included in the program is the **Extra Zero Reduction**, which objective will be to occur in the student the need to employ more discipline, sacrifice and concentration on the requirements of the program for their own benefit.
 - Punctuality, attendance and stay to class will affect the continuity of the guarantee. The unfulfillment to these can be a cause of expulsion.
 - The length of the Regular Class from 1 hour to 1 hour and a half is defined by the **EIM Management**, who will decide it depending on the subject, the number of attendants students and/or other administrative needs. Nevertheless, most of the classes of the program will have a length of one (1) hour and thirty (30) minutes. The prices of the program increase annually, each June.
 - The validity of the guarantee is also subject to consideration of the teachers, who will judge according to parameters like: punctuality, behavior and submission of the results of the homework, among others. Despite the fact that the student will proceed to take the respective homework class, this could not be checked or corrected. The program mechanism is designed to be totally or almost the teacher of the homework can be presented gradually along the module. Thus, under decision of **EIM Management** for some classes there can be designated the presence of more than one teacher in class (support teacher), so that the checking of the homework can be speeded up.
 - EIM** is responsible to look out for the fulfillment of the services arranged in the program for which the student executes the respective payment, for this reason **EIM** will not conduct any reimbursement nor money transfer under any circumstance, except for that case explained in the point 2. It will only be possible to ask for a money (refund) for a period of up to three (3) months, regular calendar.
 - The payment for the Reinstatement Classes (1 hour of duration) is made individually, even for classes where two (2) or more students take class at the same time. In the same way, during the space of a Reinstatement Class, one or more students will be allowed to take different classes simultaneously and with one (1) same teacher, which will be scheduled this way for those cases where the mechanics of those classes does not interfere each other. **EIM** warns that the rooms for the Regular Classes and for the Reinstatement Classes are limited and we will priority to the first students to schedule the daily scheduling, as a duty of all students, even for those who take class at the same time every day. The scheduling is made electronically, always nothing from the previous day before 6:00 p.m. (COT). It is also a responsibility of the student finding a room for their class of the next day. In case of not finding one, the student will need to find a room in another class or take a Reinstatement Class. For such reasons, and even though in some cases it will be possible to receive a priority according to the schedule that the student has chosen during their registration, it is emphatically recommended to schedule as early as possible.
 - Change or cancellation:** Kind of modification to the schedule, classes alternation or absence must be notified with at least two (2) hours in advance to the scheduled class, and it must be notified by **EIM** private chat or call. In the event that the student does not give a previous inform before this time and/or does not take class without exception and independently of the reason of the absence/no-notification, this class will generate its respective payment and therefore, in case of taking such class as a Reinstatement Class, this will be very important to keep in mind this condition, because breaking it can lead to money losses and logistical imbalances for the academy, and thus this fine will take place inevitably.
 - Unless during the registration process something different is agreed, in most of the cases **EIM** will arrange for each group the possibility to alternate between at least two (2) spaces along the day, with the purpose to make it easy for the student to take class. Even so, the availability of the schedule and groups will vary depending on the size of these, which works that according to the quantity of students that the frequency they take or don't take class in a specific. **EIM Management** will be able to close them without a previous warning. Also, just as there is the absolute possibility for one single student to finish the totality of the program occupying one group or space, likewise there can be the possibility that **EIM Management** has the need to close a group(s) where there are three (3) students or less and reorganize these students in other group(s), including a possible waiting time. This is a case that could occur due to probability reasons, that is: due to the quantity of current teachers, due to the quantity of current groups and students, and due to the quantity of students in the waiting queue to enter the program. Whichever is the case, it should be noted that **EIM** will always look out for the general satisfaction of its student body.
 - EIM Calendar:** Being an intensive program, at **EIM** we will take classes from Monday to Friday. This way you will rest on Saturdays, Sundays and holidays in Colombia, regardless of the country where you are. Thus, the 30 classes of 1 module of **EIM Online** are completed in a period of one (1) month and one (1) week, approximately. The total number of classes in the **EIM Online** program is 24 classes (6 modules + 4 Reinforcement Weeks). This is the study period in which the student reaches a high level of conversational bilinguality, and is completed in approximately 10 months. Finally, the program includes four vacation breaks, mentioned in point 20 of the Terms and Conditions of the program, which results in a total duration of 12-7 months.
 - Clause of rights cession:** when registering, this action expresses that the student transfers to **EIM**, totally and irrevocably, the patrimonial rights that belong to them over the photographic / video material where they are involved, be it individually or in groups, on any format. By virtue of what is set out in, it is understood that **EIM** acquires the right of reproduction of this material in all of its modalities, even for audiovisual inclusion. Hence, the student authorizes and relinquishes to **EIM** the right to transform, edit, publish or distribute publicly any kind of use of the pieces that can be made by any known means or means to know, such as publication in magazines, brochures, videos, social networks and/or web pages that have to do with the institutional correlations, without right to demand any remuneration.
 - When delivering the personal information, the student authorizes and gives **EIM** the right to the treatment of those, which will be used in their educative and administrative procedures in the academy, and also in documentation and demanding processes, be those by e-mail, internet, web pages and/or social networks, related to institutional correlations.
 - During one or more classes it is possible for induction teachers to be present in addition to the teacher of the class, which will not be understood as an obstacle for the development of the class.
 - It is a duty of the student to read in detail the rules explained in the image of the "WhatsApp Scheduling Group" and in "EIM Alerts" and follow carefully the steps mentioned there. In case of mistake by the student, this will not be allowed to present complaints and will have to take responsibility for the caused damages and make the respective fine payments.
 - The payment made to enroll in the program will be refunded if the person does not start classes in the cycle and on the stipulated date for which he made his enrollment. The same will occur in the event that the student renews the program after a break greater than thirty (30) calendar days, or in the event that the student makes a group / schedule change.
 - In **EIM** respect is first, above all, as well as tranquility and warmth. Any disrespectful or aggression act will be penalized with the immediate expulsion. In **EIM** we receive the right of admission.
 - EIM** includes the following holiday periods: Easter, mid-year, recess holidays between October and November, and National holidays. However, **EIM** reserves the right to cancel or postpone these holiday periods. Also, depending on the behavior of current teachers, there is the possibility of class break (i) in the event of an overcrowding of exams or activities to be reviewed, or administrative tasks to be carried out.
 - The costs of the **EIM** program vary according to the student's country of residence.
- Making your registration to the program and/or continuing making part of it implies that you have read and accepted these terms and conditions. Enjoy your experience in **EIM** and make the most of the exclusive effectiveness of the program.
