Travel to Kapalai via Helicopter

Embark on a thrilling voyage to Kapalai aboard the Bell 206 L3 helicopter. With a max speed of 140 knots and a range of 374 miles, this versatile chopper seats up to 6 passengers, ensuring a swift and comfortable journey. Immerse yourself in breathtaking scenery through its spacious cabin and panoramic windows, making your trip truly memorable.

PART ONE

KOTA KINABALU to TAWAU

After your hotel pickup, you will be transported to the helicopter departure point. With a flight duration of about 1hr 45mins, your chopper ride will include breathtaking views of rural Sabah and lush rainforests.

Don't forget to pack a cap and sunnies if you're riding shotgun in front with the Captain, as the panoramic view from there also means that it can get quite sunny there!

PART TWO

TAWAU to KAPALAI

After a quick refuel at the Tawau airport, you will then embark on the next journey: now, your views will be the countless azure shades of the Celebes Sea.

After only 25 minutes, your beautiful home above crystal clear waters will come into view.
