**Torque:** 465 lb-ft @ 1700 RPM

**MPG:** 23 City / 24 Hwy

**Features:** FOX shocks, 33" tires, heritage grille

**Packages:** Comes fully loaded with all premium and performance features

## Toyota's Advanced Engine Technology

---

### i-FORCE 2.4L Turbocharged Engine

Toyota developed this advanced turbocharger completely in-house rather than outsourcing to third parties. This ensures Toyota's legendary quality, reliability, and durability standards are maintained throughout the entire powertrain.

## **In-House Development Benefits**

- Complete quality control from design to production
- Seamless integration with Toyota's hybrid systems
- Optimized for Toyota's reliability standards
- Long-term parts availability and support

## **> i-FORCE MAX Hybrid System**

- Electric motor between engine and transmission
- Eliminates turbo lag with instant electric torque
- Up to 465 lb-ft of combined torque
- Improved fuel efficiency in all driving conditions

## **Find Your Perfect Tacoma**

Think about how you'll use your truck 80-90% of the time to identify what you actually need versus what you want.

### **Primary Use (80-90% of the time):**

- ▶ Daily commuting and city driving
- ▶ Weekend recreational activities
- ▶ Work truck for job sites
- ▶ Off-road adventures and trails

- ▶ Family hauling and road trips

## Towing Requirements:

- ▶ No towing needed
- ▶ Light towing (boats, small trailers) - under 3,500 lbs
- ▶ Medium towing (travel trailers, ATVs) - 3,500-6,000 lbs
- ▶ Heavy towing (large trailers, equipment) - over 6,000 lbs

💡 *Hybrid models offer superior towing torque with 465 lb-ft*

## Bed Length Preference:

- ▶ **5-ft bed:** Easier parking, still fits most cargo
- ▶ **6-ft bed:** More cargo space, fits lumber and longer items

## Interior Comfort Priorities:

- ▶ **Cloth seats:** Durable, easy to clean, cost-effective
- ▶ **SofTex® (synthetic leather):** Premium feel, easy maintenance
- ▶ **Leather:** Ultimate luxury and comfort
- ▶ **Heated seats:** Essential for cold weather comfort
- ▶ **JBL Premium Audio:** Enhanced sound experience
- ▶ **Moonroof:** Open-air driving experience

## Driving Terrain (80-90% of the time):

- ▶ **Pavement only:** SR or SR5 2WD saves fuel
- ▶ **Occasional dirt roads:** SR5 4WD provides confidence
- ▶ **Light off-roading:** TRD Sport or Off-Road
- ▶ **Serious off-roading:** Trailhunter or TRD Pro

## Accessories & Customization

---

Transform your SR5 or any Tacoma model with genuine Toyota accessories and TRD performance parts:

### Performance Upgrades

- **TRD Lift Kits:** 2" to 3" height increase
- **Wheel & Tire Packages:** 17" to 18" options
- **TRD Cold Air Intake:** Enhanced performance
- **TRD Exhaust Systems:** Improved sound and flow
- **Skid Plates:** Undercarriage protection

### Exterior & Utility

- **Bed Covers:** Hard and soft tonneau options
- **Running Boards:** Easy entry and exit
- **Roof Racks:** Extra cargo capacity
- **LED Light Bars:** Enhanced visibility
- **Mud Guards:** Paint protection

💡 **Pro Tip:** Start with an SR5 and add only the accessories you need. This often provides better value than buying a higher trim with features you won't use!

## Ready to Find Your Perfect Tacoma?

Let's schedule a test drive and find the Tacoma that matches your lifestyle!
