- Jazzercise, 8:30am, Hall
- Yoga, 1pm, Hall

Saturday, August 1

- Jazzercise, 8:30am, Hall
- Zumba, 9:30am, Hall

Summer Reading Event Book Sale By Donation

This summer we are offering books for sale by donation.

You can donate up to 4 books at a time, preferably novels. Consider this a way to expand your access to enjoyable books this summer.

Find a good read, place your donation in the container or envelope then go home, put your feet up and enjoy. The money raised will go to Church Outreach helping to feed local people facing food insecurity.

PLEASE do not leave atlases, Reader's Digest, textbooks, cookbooks, coffee table books, dictionaries, DVDs, CDs records or magazines.

We do not have the resources to dispose of them.

**THANKS FOR SUPPORTING OUR CARING
AND OUTREACH TEAM.**

Cordova Bay
United Church

Summer On-Site Office Hours

Tuesday 9am—2pm
Wednesday 9am—2pm
Thursday 9am—2pm

Email and Voicemail will continue to be monitored on Mondays and Fridays.

**Together,
We Feed Our Food Banks**

Your **\$1** donation becomes **\$2** for
your local food bank.

This July, Peninsula Co-op will
match all donations, up to **\$25,000!**

Summer Bocce Fun

It's that time of year again! We are getting ready to start up our 5th Ethel Wilson Summer Bocce Ball League. It is open to all women. Bring a friend.

We will follow last year's schedule. We will go every Monday 1:15 - 3:30 during July and August.

If you cannot make a Monday, NO problem. Come when you can. Being summer we know you will have holidays and company may show up. Not to worry. We will just work around it.

Our first day will be July 27th.

We thank Linda Snelling for hosting us again this year on The Keith Snelling Memorial Field (6356 Oldfield Road).

We have ONE goal to have fun, many laughs and enjoy the sun and summer with friends. (I guess that's 3 goals) Don't want to play just come and socialize.

You will need to bring your own chair and a beverage if you wish.

Wildfires and Food Security

The current drought conditions are similar to those experienced in years that saw heavy fire load in the Southern and Central Interior.

Persistent drought and low snowpacks in the Southern Interior and Coastal regions has increased the risk of wildfire activity.

Current guidance shows the drought in the Chilcotin, South Thompson, Okanagan and Vancouver Island is likely to continue through the summer.

While a wildfire is ongoing, smoke covers large areas, almost preventing crops from having access to sunlight. The reduction of sunlight, essential for photosynthesis, forces crops to struggle to photosynthesize effectively. This struggle leads to stunted growth, smaller yields, and less nutritional value.

Wildfires have caused greenhouse power outages because they ruined harvesting equipment and destroyed numerous electrical lines, resulting in crop death. In addition, the smoke created by these fires forces pollinating insects to leave farms, resulting in lesser fruit production.
