Professional Experience

Salon.com, New York City December 2024 - Present
News Fellow

- Reporting for Salon's newly-launched money vertical, writing up 2-3 news briefs a day for an audience of up to 46+ million annual readers.

New York University, New York City September 2024 - December 2024
Programming Tutor

- Tutored for NYU's "Introduction to Computer Programming" course, an introductory Python course with up to 150+ students per class, aiding professors and hosting online office hours.

Uncloseted Media, New York City May 2024 - September 2024
Development & Multimedia Intern

- Spearheaded the branding, marketing, and fundraising for Uncloseted Media.
- Collaborated with award-winning journalists, editors, and specialists from Substack to ensure a successful launch and steady audience growth for the publication.

Morning Brew, New York City January 2024 - May 2024
Reporting Intern

- Wrote 2-3 articles every week for Healthcare Brew, Morning Brew's B4B healthcare vertical, reaching 110,000+ newsletter subscribers across the United States 3 times a week.
- Covered news embargos, press releases, and explainers; regularly interviewed primary sources, from Pfizer VPs to White House officials to start-up CEOs.

Skills and Certifications

Programming Languages: Python, Java, HTML, CSS, JavaScript, SQL

- Statistical testing (e.g., t-tests, ANOVA) and modeling methods (e.g., linear regression) using Python libraries such as NumPy, SciPy, and pandas.
- Front-end development using HTML, CSS (and additional frameworks), and JavaScript, ensuring responsive and customized interfaces beyond drag & drop website builders.

Human Languages: English (native), **Mandarin Chinese** (native), **Spanish** (basic)

Software: Adobe Suite, DaVinci Resolve, Microsoft Office, CapCut

- 7+ years of experience in Adobe Premiere Pro, deep familiarity with Adobe Suite.
- Used DaVinci Resolve to edit broadcast PKGs for Journalistic Inquiry: Multimedia.
- Learned Excel from National Institute for Computer-Assisted Reporting (NICAR) courses.
- Edited videos in CapCut that gained over 200K+ views on Instagram and 10K+ followers.

Education

New York University, New York, New York 2022 - 2026
Journalism and Data Science, College of Arts and Science
