WORK EXPERIENCE

Associate Compositor (Freelance)

Harbor Picture Company

2024 - present

Harbor is a leading visual effects studio in NY, specializing in high-end advertising, where cutting-edge compositing and VFX work are delivered for top-tier commercial projects

- **Image Manipulation:** Utilizing key compositing skills such as tracking, clean-up, beauty, keying, and more to transform a shot for advertisement under short crunch-times
- **Communication:** Effective communication was key in understanding the client's vision and translating it into working across various shots
- **Time-Management:** Managed multiple tasks and deadlines daily; prioritizing workloads to ensure timely delivery of high-quality work

2D (Compositing) Intern

Harbor Picture Company

2024

- **Leadership & Project Management:** Oversaw the creation of a collaborative CG-integrated "H" for the company's demo reel, coordinating team efforts and ensuring seamless integration
- **Quick Learner:** Tasked with various shots, each challenging key technical skills in compositing, and efficiently mastered them while treating mentors as clients and addressing their feedback in a timely manner

Compositing Intern

Cadence Effects

2023

Cadence is a visual effects studio specializing in high-quality VFX for film, television, and commercial projects

- **Time Management:** Composited shots for tv shows with very back-to-back fast-paced workflow, remained organized while delivering dailies for the client
- **Adaptability:** Thrown immediately into shots for film and TV in my first production role, practicing professionalism while quickly learning the post-production pipeline

AWARDS

Rare Artist Awardee

2023

- **Leadership & Social Impact:** Named a finalist for the [2023 Rare Artist Award](#) for my painting "Hands of Resilience", awarded for artistic excellence and advocacy; Invited to speak on Capitol Hill during Rare Disease Week
