# About Us

---

## Who We Are:

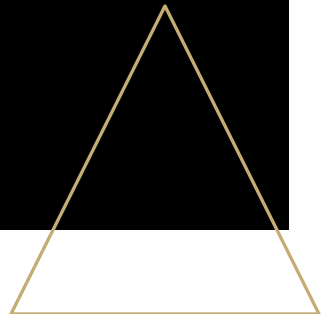

A forward-thinking smart home automation company revolutionizing how people live, work, and interact with technology in their homes.

## Mission:

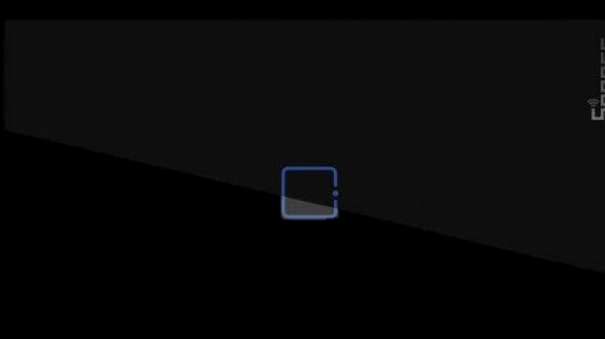

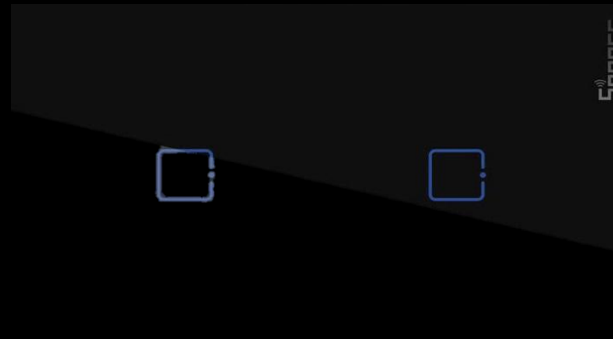

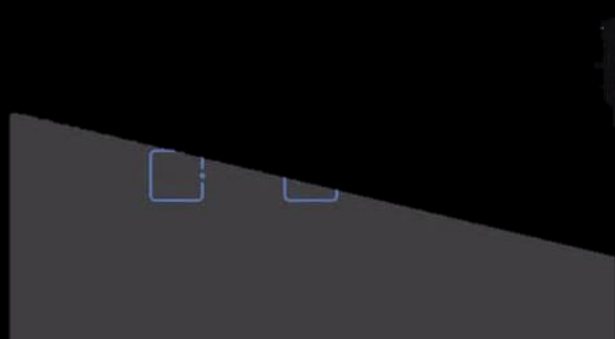

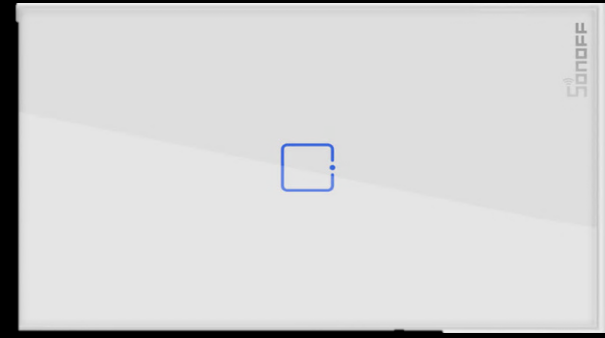

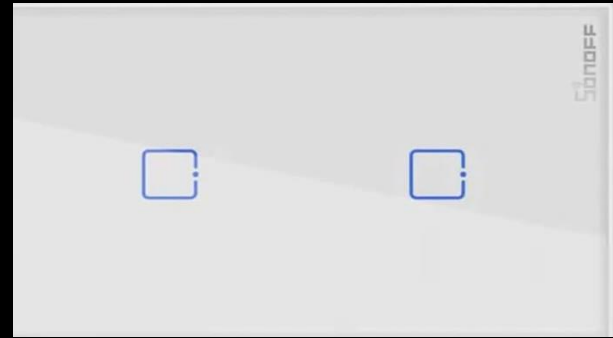

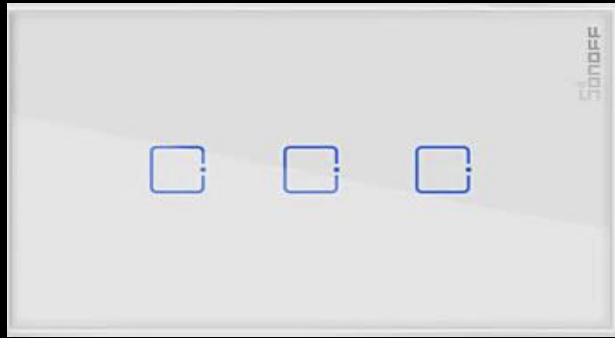

To empower homeowners with innovative, sustainable, and secure smart living solutions.

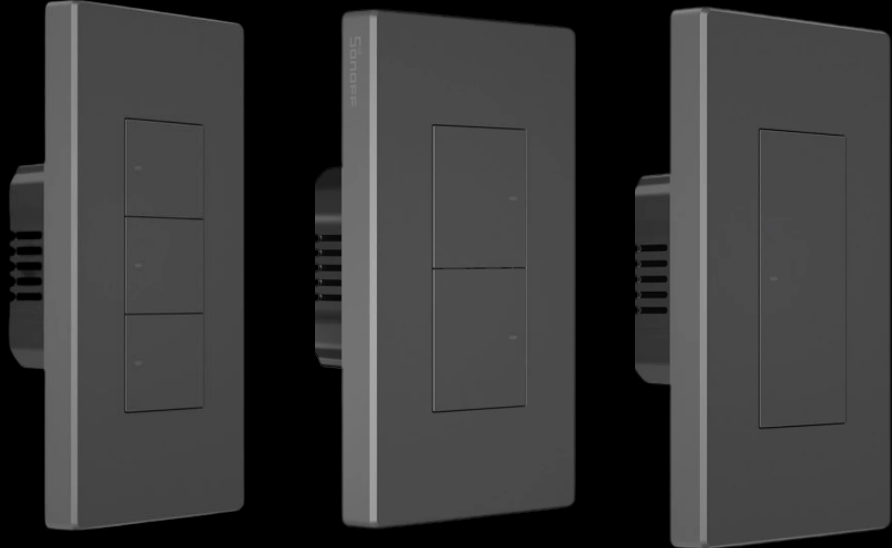

# Our Products

# Smart Wall Switches Tx series

# Smart Wall Switches M5 Series

# Smart Wall Switches Tx Ultimate Series

A central graphic displays six smart features of the Tx Ultimate Series switches:

- Full Touch Access:** A glowing blue cube representing touch sensitivity.
- Smart LED Light:** A square switch faceplate with a multi-colored LED glow.
- Automation Control:** A clock icon with the word "OFF" and a smartphone, indicating scheduling capabilities.
- Smart Two-way Control:** A bedroom scene with a bed and a switch, illustrating remote control from another location.
- Voice Control:** A smart speaker with speech bubbles saying "Alexa, ..." and "OK Google", indicating compatibility with voice assistants.
- Replaceable Switch Cover:** Several colorful, interchangeable switch covers, showing the ability to customize the look.
