About Us.

Introduction

We are a trusted and reputable Wholesaler, Trader, and Service Provider specializing in a wide range of precision mechanical components, including Ball Screws, Linear Guideways, LM Bushes, Ball Bearings, Servo Couplings, and more. In addition to our product offerings, we also provide expert Ball Screw Repair Services, ensuring high performance and extended lifespan for your equipment.

Our Philosophy

We believe precision powers progress. As trusted wholesalers and service providers, we deliver high-performance motion solutions—from ball screws to bearings—with reliability at our core. Whether supplying parts or restoring them through expert repairs, we're committed to keeping industries moving, one precise component at a time.

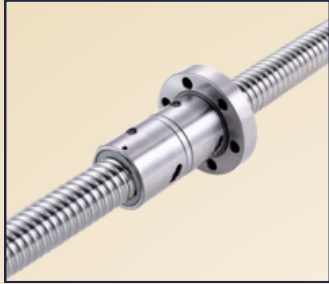

Vision for the Future

We aim to supply world-class products & service at an affordable cost. Over the past decade, we have gained an excellent reputation for our high-quality products, competitive prices, fast delivery time and dedicated service that we have been providing to all our customers.
