SAWA MEDIA

Sawa Media is a South Sudanese media production company committed to delivering world-class creative solutions in video production, photography, and graphic design. Based in Nyakuron Cultural Center – Juba, we offer unique media services, including live streaming, drone footage, TVU broadcasting, communication strategy, and full-package (website & social media) content production and management.

With a talented team of professionals, we aim to bring stories to life and help our clients make a lasting impact.

MISSION

To create compelling and innovative media content that inspires, informs, and engages audiences.

VISION

Become the leading media production house in Africa, known for creativity and the ability to deliver exceptional results for our clients across different industries and sectors.

VIDEO Production

When it comes to telling your story, what better way to tell it than in a video? You get to clearly show your point of view and provoke your desired emotions.

To bring your ideas to life and clearly express your message, we are here to help you with:

VIDEO DOCUMENTATION

LIVE COVERAGE

VIDEO EDITING

AUDIO PRODUCTIONS

TV SHOWS

CAPTIONS

WE DOCUMENT YOUR STORY AND PRESERVE YOUR HISTORY

5

Photography

We believe that **life is a journey... Not really to a destination, but rather about transformation.** Every moment is unique. Let's capture your most important seconds - with a rounded lense from unique angles.

Photo Editing

Digital Photography

GRAPHIC *Design*

Behind every brand, there is a story. And behind every story, there is design. Your vision is the heart of that design; and it's our mission to help you bring it to life through:

- Concept design
- Visual brand identity
- Motion graphics
