For educational therapy, FIE, and/or counseling I can provide tele-therapy via Google Meet if not meeting in person. Educational Therapy students will be required a computer/iPad with camera and another external camera. A chalkboard, or wall that has been painted with chalkboard paint, is also required if student is in educational therapy. Any additional student supplies are included in the tuition. End of year testing for educational therapy students includes WJ-V Tests of Achievement and Beery-Buktenica VMI. End of year testing for FIE students includes BASC-4. Other optional tests can be included at additional costs for gathering data and progress monitoring.
