

# MOOD MUSIC

## AI-Powered Music Production with Human Creativity

---

### About Us

Mood Music is a modern AI-assisted music production company creating emotionally engaging and professionally produced music for films, OTT platforms, digital campaigns, brands, organizations, and personal storytelling.

### Our Services

- End-to-end music production for movies, OTT, web series, and campaigns.
- Theme songs and anthem music for schools, companies, and organizations.
- Background scores, title tracks, and promotional music.
- Personalized songs for birthdays, weddings, anniversaries, and dedications.
- Lyrics writing, karaoke tracks, and creative direction.

### Why Mood Music?

We combine advanced AI-powered music tools with human creativity, storytelling, and emotional depth to deliver cinematic, cost-effective, and memorable music experiences.

### How We Work

1. Share your vision
2. Creative development and songwriting
3. AI-assisted music production
4. Professional refinement and delivery

### Industries We Serve

Film production houses, OTT platforms, advertising agencies, educational institutions, corporate brands, influencers, YouTubers, and digital creators.
