VISION • MISSION & VALUES

VISION

To be the industry leader and standard-setter, providing a comprehensive business hub for building materials globally.

MISSION

To consistently deliver guaranteed quality products, offer a wide range of solutions under one roof, ensure faster production and delivery times, and contribute to sustainable practices in the industry.

VALUES

Values: We are driven by a commitment to quality excellence, innovation, environmental responsibility, trust and customer satisfaction.

Our aim is to continue being an industry leader and standard-definer, serving as a one-stop solution for the global building materials market.

Infrastructure Excellence & Production Capacity

Shree Varia Tiles Works Co stands as one of the oldest and most revered factories in Thangadh. Nestled in a sprawling 31500 square meter area, this facility has been a cornerstone of our journey. Situated strategically in one of the busiest areas of Thangadh, its location offers unparalleled connectivity to ports, railways, and the nearest airport, facilitating seamless operations and efficient logistics.

Equipped with the latest technologies that meet international standards and market demands, the factory boasts a remarkable production capacity of approximately 1600 pieces per day. This facility serves as the heartbeat of our operations, providing the foundation for the exceptional products that bear the Astell name.

As a group, Astell achieves a remarkable total production capacity of around 3,50,000 pieces per annum. This significant capacity is a result of continuous investments in cutting-edge technologies, streamlined processes, and a dedicated workforce. The integration of multiple plants within the Astell Group allows us to meet the diverse demands of our global clientele. Our commitment to excellence extends beyond individual facilities to a collective effort that positions us as a reliable and formidable force in the manufacturing and export of fine quality ceramic sanitaryware products.

*Production Capacity Of
Around 3,50,000 Pieces Per Annum*

Year 1958
Established SHREE VARIA TILES WORKS CO with initial production focused on Roof Tiles.

Year 1986
Transitioned from Roof Tiles to Sanitaryware that Concentrated mainly on the Indian market.

Year 1990
Initiated collaboration with export companies for market expansion.

Year 2024 Present
Ongoing expansion and development, solidifying Astell Group's position with multiple manufacturing businesses.

Year 1997
Commenced direct global exports after gaining market confidence.

Year 2009
Established the second factory plant with the latest innovative machinery.

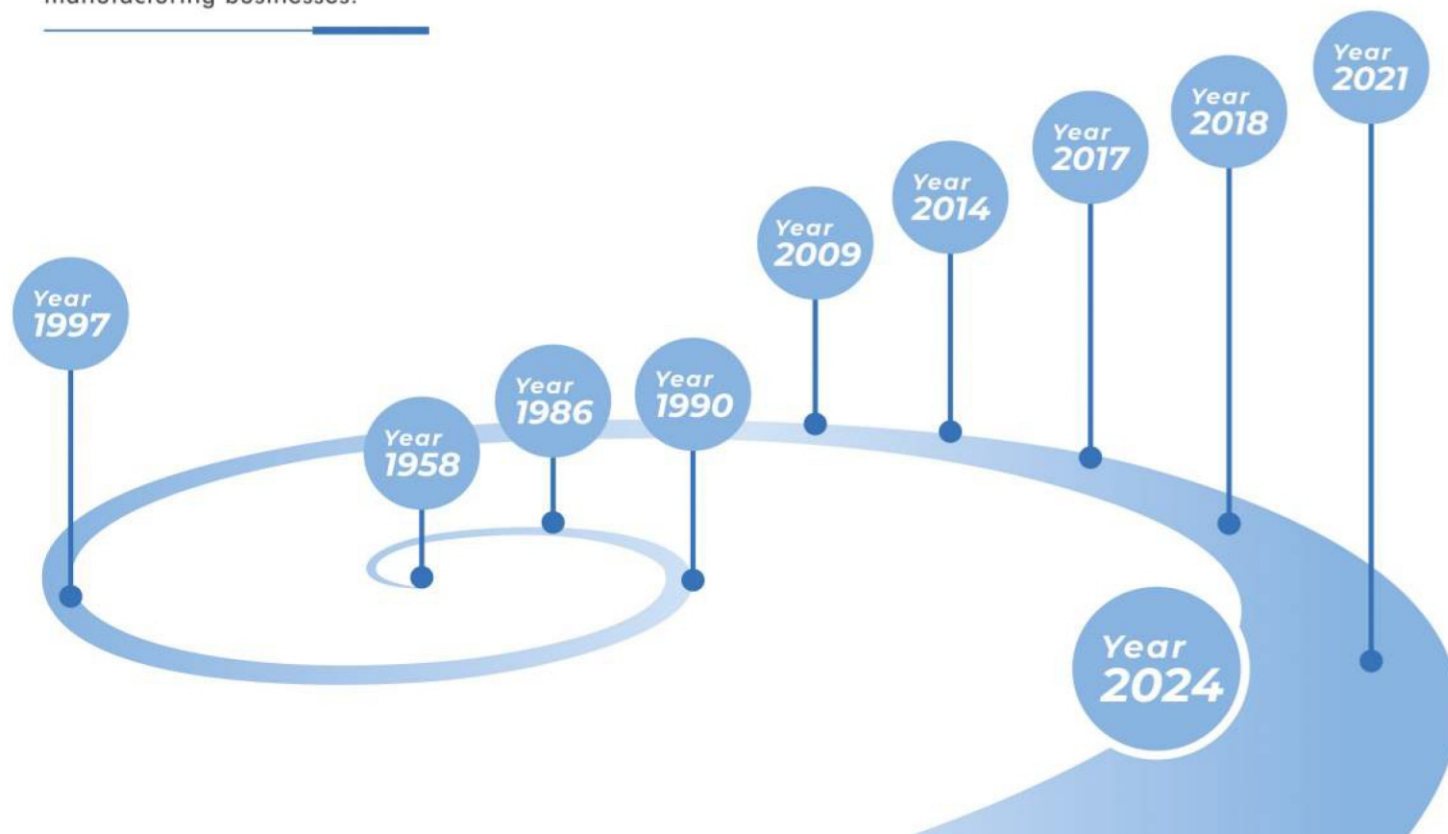

Year 2014
Launched the third factory plant to further enhance production capabilities.

Year 2017
Founded Astell Impex (now Astell Group of Companies) for diversified product exports beyond Sanitaryware.

Year 2018
Successfully acquired the fourth plant, significantly increasing production capacity.

Year 2021
Acquired two additional plants, marking substantial growth for Astell Group of Companies.

The above timeline showcases the strategic evolution of the company, from its inception in 1958 to the continuous expansion and diversification of Astell Group of Companies in recent years. Milestones include shifts in production focus, global market penetration, and successful acquisitions, highlighting the company's commitment to growth and customer satisfaction.
