Not only that, God did something very special for Adam and Eve, their future children, and all people.

Can I get a volunteer to read Genesis 1:26-27.

(See page 14)

Genesis 1:26 Then God said, “Let Us make man in Our image, according to Our likeness.” ...

Genesis 1:27 So God created man in His own image; in the image of God He created him; male and female He created them. (NKJV)

Let's discuss that. What do you think it means?

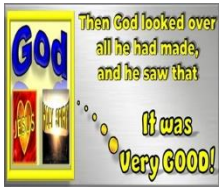

Answer: Group Discussion

What kind of food did God create for humans and animals to eat?

Answer: FRUIT, HERBS, NUTS, SEEDS, and GRASS. They were all vegetarians.

Two final questions about the Creation story.

Answer: It was very good!

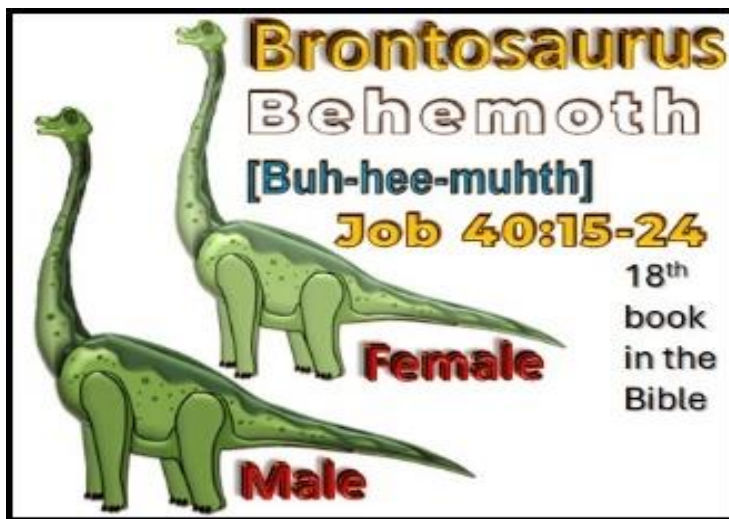

What did God do on the 7th day of Creation?

Answer: God rested on the 7th day. He blessed the 7th day and declared it to be Holy.

FYI - Christians celebrate our holy day on Sunday. By contrast, Jews celebrate their holy day on Saturday.

On the next five pages, you will see some of the animals that fit each category. We will begin with one animal that may really surprise you.

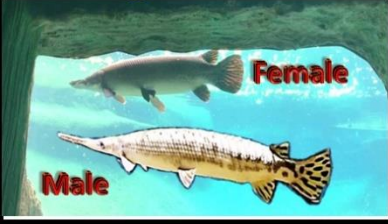

One of the Beasts of the Earth that God created was the Brontosaurus. Although Job, the 18th book of the Bible, uses the word Behemoth [buh-hee-muhth].

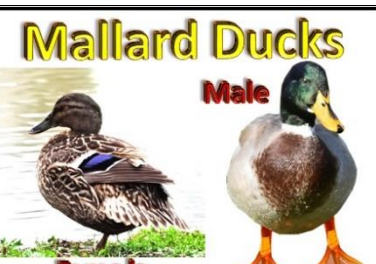

Discuss the animal pairs you see under each category. See the 5 attached pages.
