# Simultaneous powering of multiple products

Enjoy the incredible outlet versatility of the G24Pro! There are a total of several different types of outlet ports, allowing you to get rid of bulky adapters and have easy access to power wherever you go.

# Powerful output for almost all needs

A 3000W pure sine wave AC output delivers high power, covering the electrical needs of your home appliances.

# Expandable Energy Storage up to 17kWh

You can build up the storage capacity according to your power needs. The entire system can be expanded to a maximum of 17kWh to support the power usage of your entire home. Each expansion battery can be charged and discharged independently, providing more power flexibility for different scenarios.

# Intelligent control of power supply, enjoy smart life

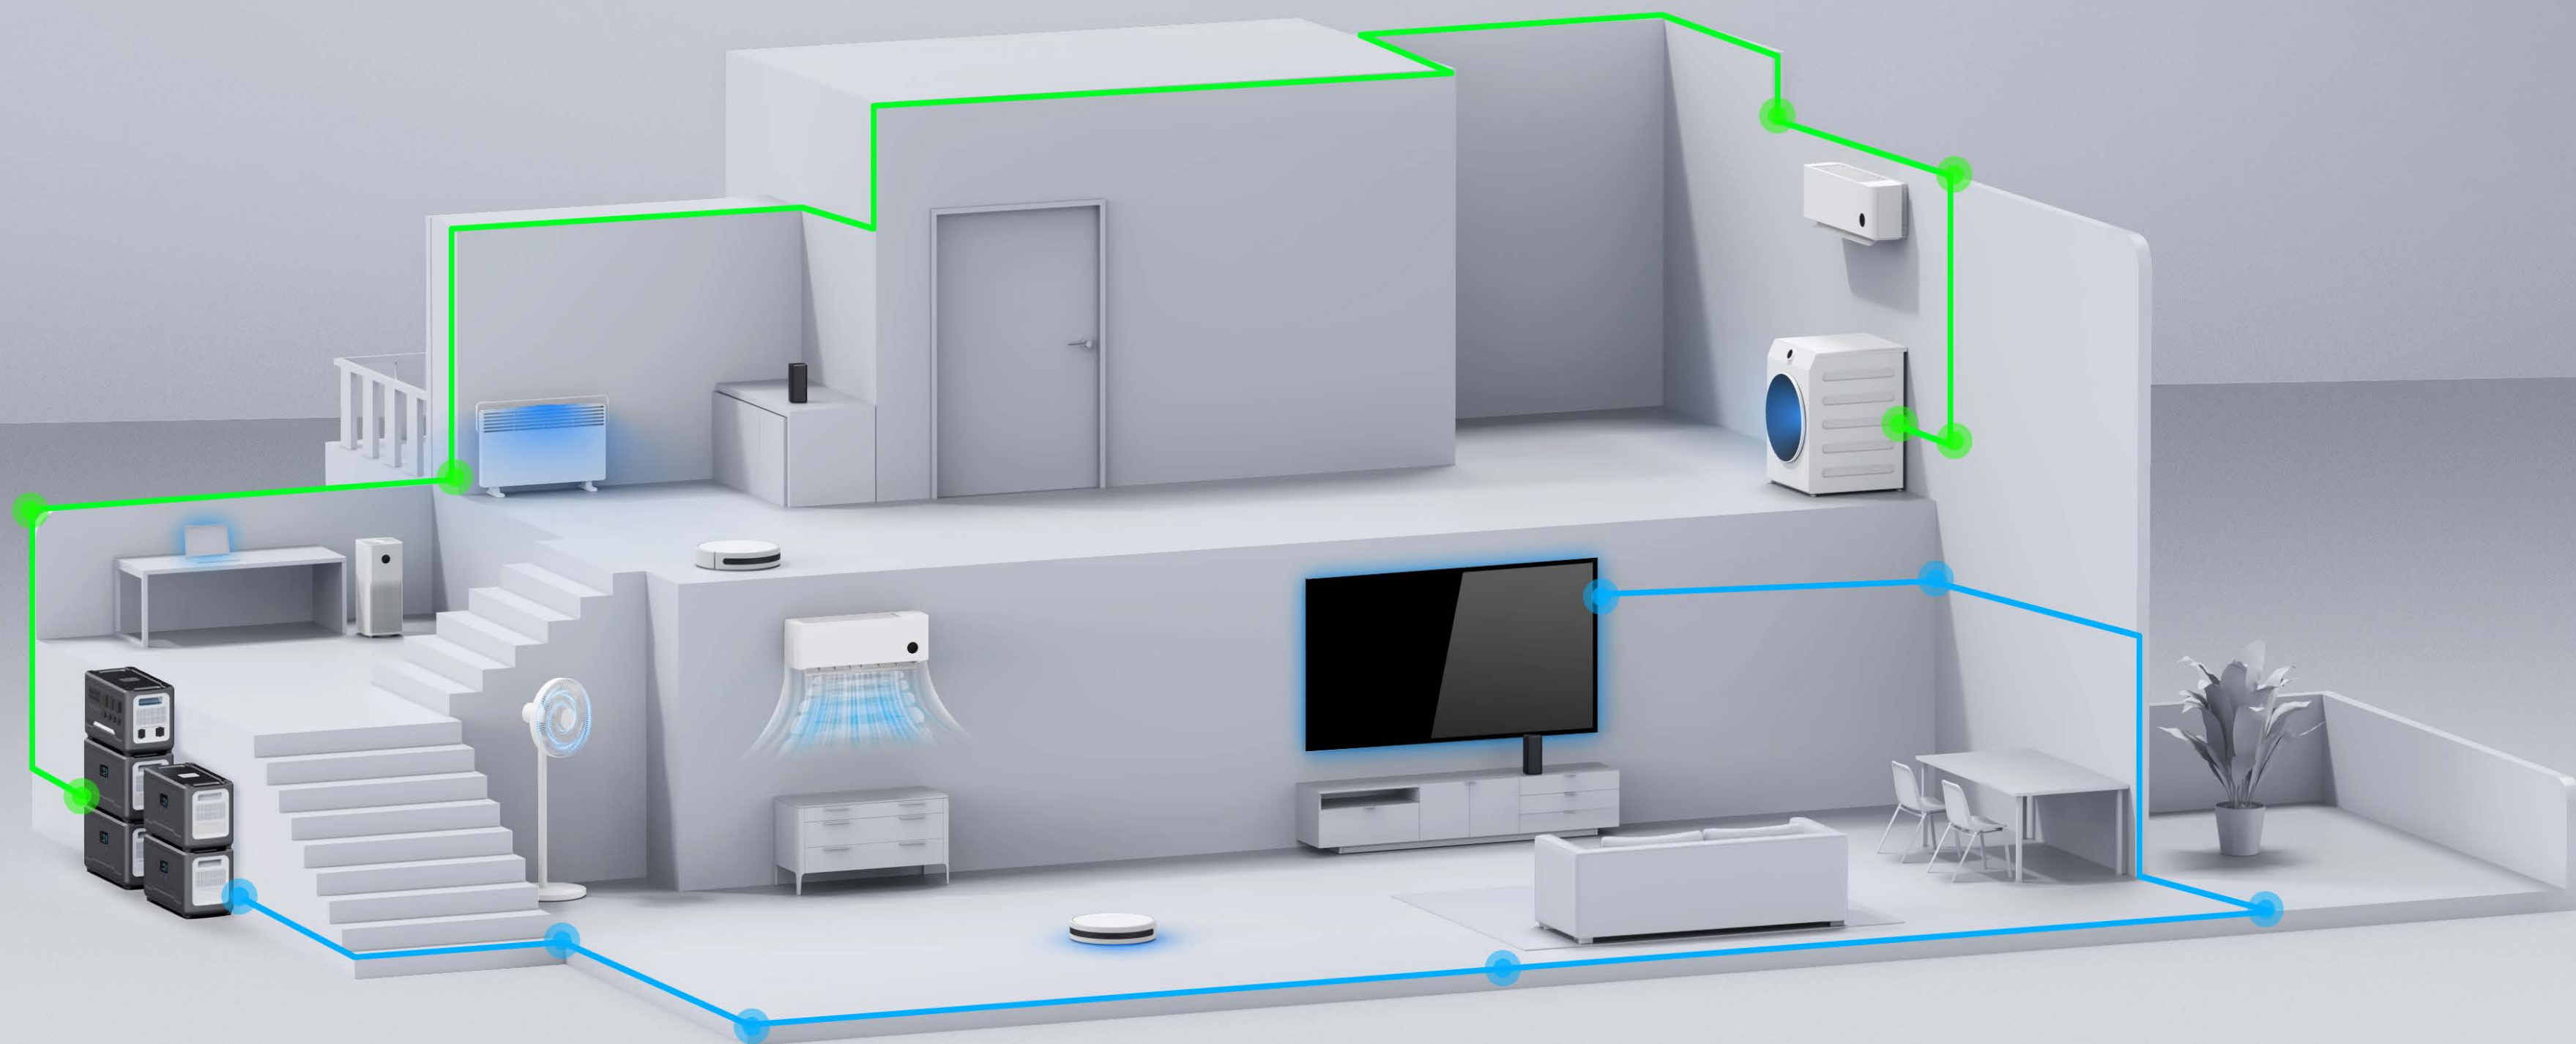

With an intuitive app, the G24Pro has everything at your fingertips. Whether you're at home or in the field, you can monitor power usage and battery levels in real time, customise charging settings for optimal performance, and even update the firmware for enhanced functionality.

# Reliable outage partner

Providing you with a home backup power solution to prepare you for a disaster or emergency.

# Keep your battery charged at all times

Charging in different scenarios is more convenient and ensures you have enough power at all times.

# For your outdoor adventures we've got you covered

Whether you're picnicking, backpacking or camping, the G24 Pro can power you through. Stay charged, lit and worry-free with reliable energy wherever your adventures take you.

# Power for Every Adventure

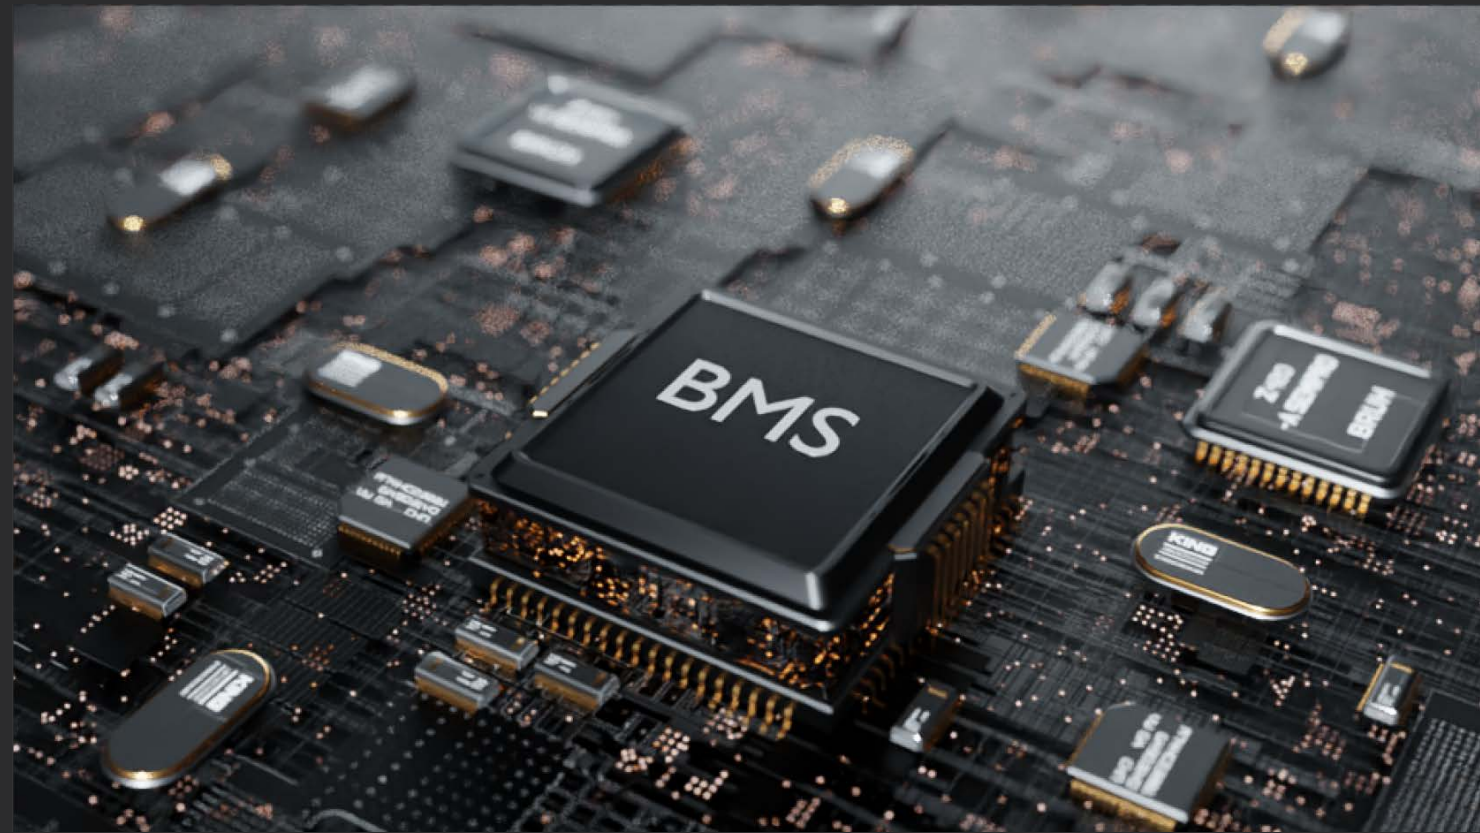

Planning a camping trip, heading to a music festival, remote workplace or outdoor event? Simply take the G24 Pro with you and our portable power station will provide you with reliable camping power wherever you go. Stay powered, connected and organised wherever your adventure takes you.

# BMS Intelligent Management System

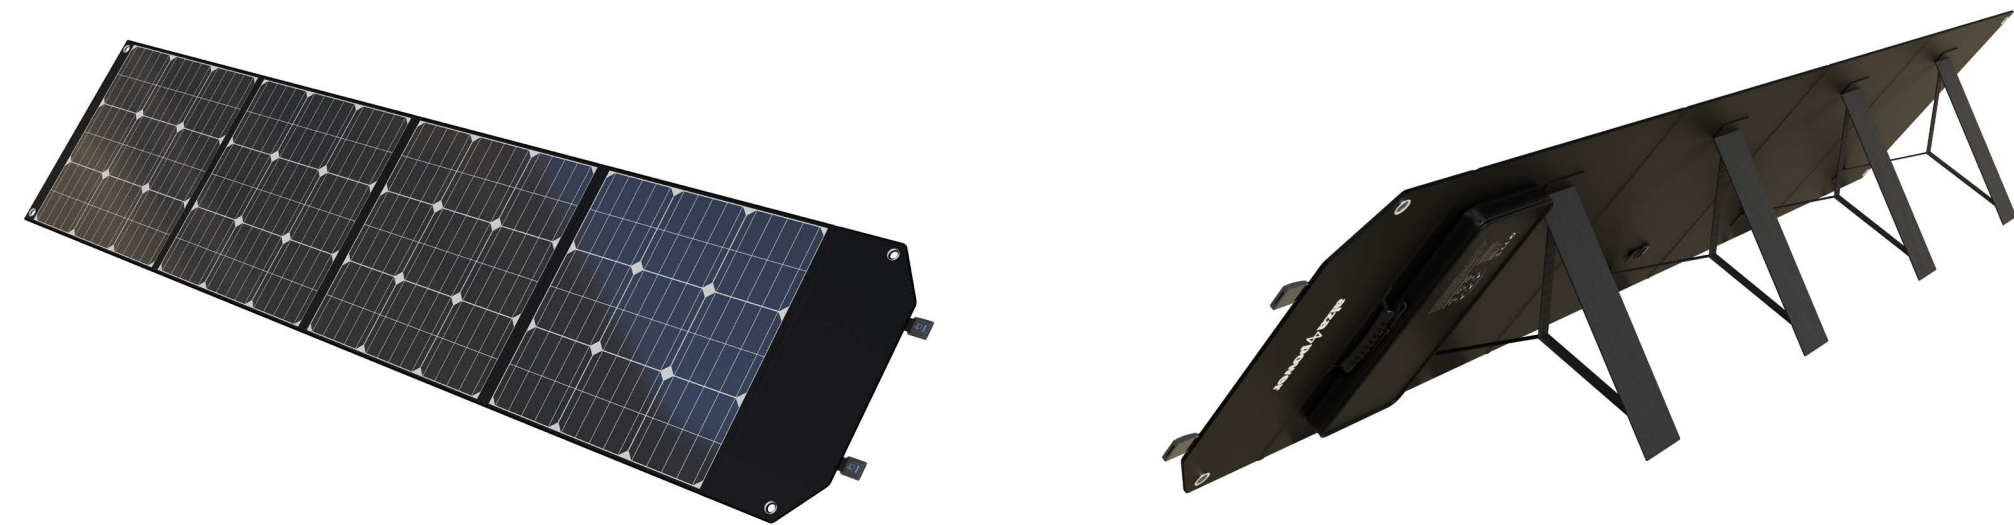

Comprehensive multiple protection mechanisms ensure safety and reliable operation of the equipment. The lithium iron phosphate battery is safe and durable, and can be recycled for 4000+ cycles, which will have a longer service life.

# G24 Pro

**AC Output:** Rated power 3,000W  
Peak power 6,000W

**Capacity:** 2048Wh (51.2V /40Ah)

Supports solar panel charging.

## Technical Specifications

**AC Output Voltage Range:** 100-120V~/60Hz or 220-240V~/50Hz

**DC Output:** 2 \* USB-A QC3.0  
2 \* USB-C PD3.1 Max140W

**XT60 Output:** 12V / 10A

**Car Charger Output:** 12V / 10A

**Wireless Charger Output:** Rated Power 15W

**AC Input:** 100-120V/Max 1500W or 220-240V /Max 2000W

**Solar/MPPT input(XT60):** 12-80V/20A Max 1600W

**Weight:** Approx25 kg

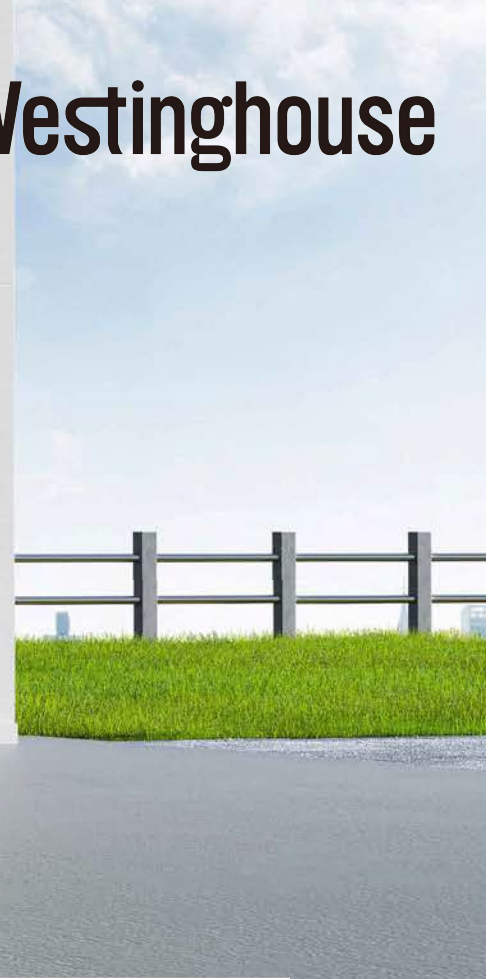

**Dimensions:** 510×350×382mm

MODEL NO.: BT30

Westinghouse

Expansion Battery Pack  
To be used with G24 Pro

MODEL NO	Model No. :	BT30
Capacity & Battery Type		3072Wh(51.2V/60Ah) LiFeP04
Cycle Life		3000 Cycles @≥80%
Weight		Approx. 25 kg
Size(LxWxH)		510x350x380mm
