

Beit Issie Shapiro

Changing the lives of people with disabilities

On the Willie & Celia Trump Campus

2025 Impact Highlights

45 years of changing the lives of people with disabilities

THERAPIES

3,180+

people with a range of disabilities, ages 0-88, received life-changing therapy

279

injured IDF veterans gained support and tools to help rebuild their lives

TECHNOLOGY

29,000+

downloads globally of our accessible Issie Apps for communication, learning, and play

EDUCATION

500+

children and adults of all abilities participated in our educational programs from early childhood to university

GLOBAL IMPACT

International Training and Knowledge Sharing

3,325+

professionals were trained through our Trump International Training Institute

25

academic libraries, including the National Library of Israel, catalogued our publications

3,000+

people from **77** countries around the world accessed our expertise through our publications and online resources

SOCIAL CHANGE

500,000+

people in Israel continued to benefit from Beit Issie's effective policy change

1,600+

people advocated and participated in social change initiatives

These numbers are just the beginning - our shared models reach and improve the lives of people around the world every day.

THANKS TO ALL WHO MADE THIS POSSIBLE

377 STAFF 270+ VOLUNTEERS 1,600+ DONORS AND PARTNERS

A YEAR OF NEW BEGINNINGS

Opened Beit Raz, Israel's groundbreaking **inclusive early childhood campus** for 0-3 year-olds with and without disabilities

[CLICK to WATCH the building of the campus](#)

[CLICK to READ more on eJewish Philanthropy](#)

Launched Israel's **1st clinical psychology residency** program specializing in disabilities

WARTIME SUPPORT

Expanded **support for wounded IDF veterans**, with Ministry of Defense-approved hydrotherapy and solutions that promote independence through our Tech for Heroes program

[CLICK to READ how Tech for Heroes changed one soldier's life](#)

Hosted Israel's **1st conference on accessible healthcare** for people with disabilities in emergencies

Supported people with disabilities, their families, caregivers and professionals during the **Iran War**

RECOGNITIONS

Maintained our **MIDOT: Israel's Most Effective Organization award**, earning top scores on all criteria

Featured by **UNESCO** as a leading example of technology for inclusive education

Recognized by the **American Occupational Therapy Association** (AOTA), one of the few organizations outside the U.S. to receive this credit

EXCITING MOMENTS

Our children **celebrated Purim with the President** at his residence in Jerusalem

IMPACT STORY: One Giant Leap for Itai

Itai, a first grader at Beit Issie's Special Education School, was born with a rare hip dislocation. From birth, he underwent complex surgeries. Even the best orthopedic surgeons and top neurologists feared he might never walk. But with determination, motivation, and the **unwavering support of his therapists and the entire team at Beit Issie**, this year, **Itai took his first independent steps** at age 7 - proving that together, anything is possible.
