COMPANY INTRODUCTION

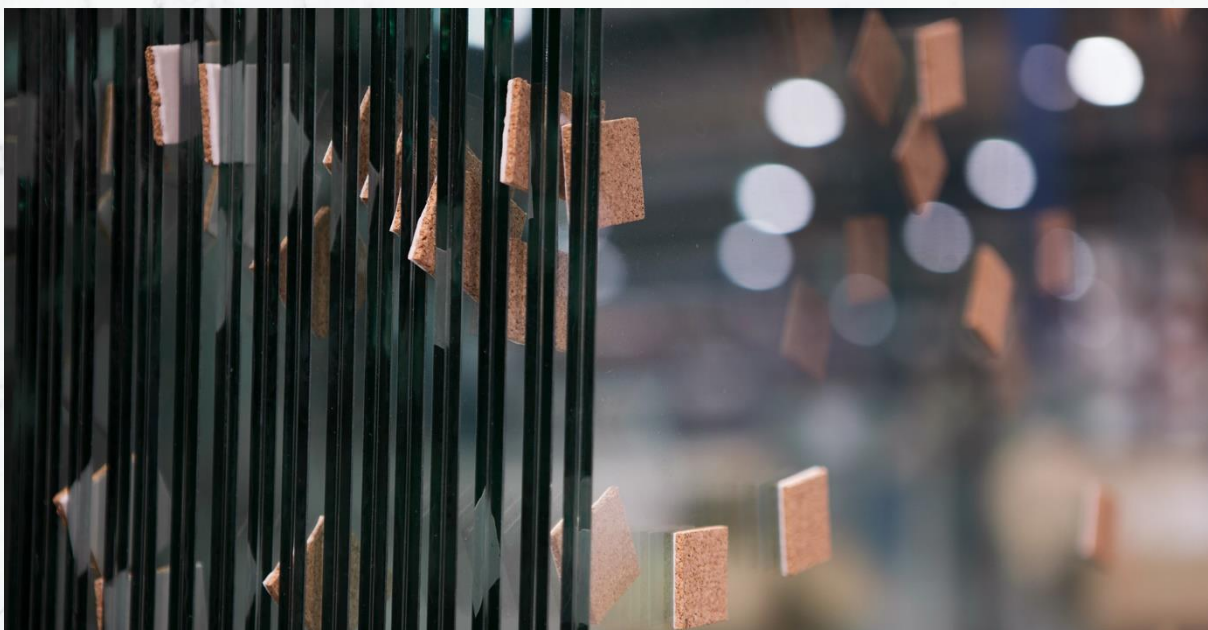

Cloud Nine Lifts is an enterprise specialising in the installation of platform lifts, through floor lifts and DDA access lifts in both public and domestic settings.

We operate across the entirety of the United Kingdom of Great Britain as well as further afield should our clients require our services.

With industry leading products, professional production management and skilled and compliant installers Cloud Nine Lifts always guarantees a high-quality product with a guaranteed timely installation and a reasonable price that meets all needs.

Our strength lies in our people. From our experienced sales team who will carry out your site survey, to our administration team who will keep you updated on your project each department will use their specialization to create a dynamic and professional experience for our clients.

ARITCO HOMELIFT

The premium platform lift on the market. The Aritco HomeLift is a stylish and space efficient residential lift designed to enhance accessibility and everyday living.

Combining Scandinavian design with quiet, energy efficient operation, it offers a safe and elegant mobility solution that integrates seamlessly into both new-build and existing homes.

***RRP £30,000**

ARITCO PUBLIC LIFT ACCESS

The Aritco PublicLift Access is a reliable, stylish platform lift designed to provide safe and accessible travel in public and commercial buildings.

Combining modern design with robust performance, it offers a practical, low-maintenance solution with flexible sizing and customisation options, making it ideal for schools, offices, retail spaces and other public environments.

***RRP £18,000**

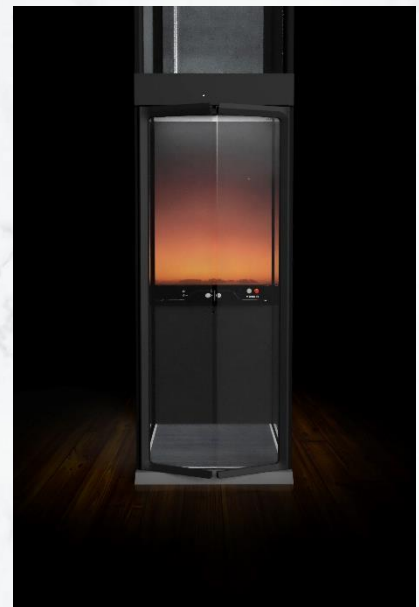

ARITCO HOMELIFT COMPACT

The Aritco HomeLift Compact is a sleek, ultra-space-efficient residential lift designed for homes where space is at a premium. Combining elegant design with advanced safety features and flexible customisation, it delivers stylish, comfortable access between floors while fitting seamlessly into even the most compact living spaces.

Whether you're planning for the future or improving everyday accessibility, the HomeLift Compact delivers exceptional performance in a remarkably compact footprint.

***RRP £21,000**

LET'S TALK ABOUT YOUR PROJECT

At Cloud Nine Lifts, we understand that choosing a lift is a personal decision. Whether you are looking to improve accessibility, plan for the future, or enhance your property, our team is here to provide expert advice and support throughout the entire process.

From your initial consultation and design planning through to professional installation and ongoing aftercare, we manage every stage with care and attention to detail. Working with premium Aritco lift solutions, we create installations tailored to your requirements, your space and the way you want to live.

Our aim is to make the entire experience simple, seamless and stress-free, delivering a lift solution that provides comfort, independence and confidence for years to come.
