

Shield your team from targeted attacks

ironwall
by Incogni

Eliminate risks caused by exposed personal information

To your people:

- Stalking and doxxing
- Intimidation and violence
- Blackmail and extortion
- Online scams and identity theft
- Threats to family wellbeing

To your organization:

- Data breaches
- Ransomware attacks
- Non-compliance
- Reputational damages
- Corporate fraud and financial damages

Ironwall by Incogni removes exposed information from everywhere on the searchable web

For executives, employees, and their families

How Ironwall works for you
