

[illegible]

- We are in need of a newer Van that can be reliable.
- Jonny in Bible College, health and protection.
- Pray for strength for our family as we continue traveling.
- Pray for our finances, that God will provide.
- For the goal to be met as we would like to be in the field by the end of the year.

Dear Pastor and praying friends,

We praise the Lord that he was able to use our brother Chuck Fries and the Latin American Missions project and the donations from Churches that donated for the Bible and tracts that we received in Merida, Yucatan, for the use of the ministry after a very exhausted attempt to get them there.

After visiting a couple of churches in the north east, we had van problems, and we weren't able to make two meetings. We visited a Hispanic Church in Bay Shore during a soul-winning clinic hosted by Pastor Ali and Pastor Mercado, and we had a great time soul-winning and fellowshiping.

During this time, we were able to get three people saved in NY, and another three saved in NJ. We are praying for this last three since they are young man and we very receptive and with a great potential. We are grateful to IBF Bay Shore and 1st BC Dover Church for hosting us during our stay and for their help and hospitality.

Praise the Lord we are back on the road and with the will of God will be in our scheduled meetings. Our van now has 200k miles and the maintenance is been continuous and expensive, we are praying that God will provide a vehicle that we can use during deputation and in the field.

To God be the glory.
The Guzmans
