**COMPANY**

**PROFILE**

## YOUR PARTNER IN WASTE RECYCLING COMPANY

ACE Waste Solutions LLC is a comprehensive waste management company dedicated to transforming waste into resources. Operating with a commitment to sustainability and environmental responsibility, we specialize in the collection, processing, recycling, and disposal of a wide array of waste materials. Our expertise, cutting-edge technology, and adherence to global standards make us the preferred partner for businesses, industries, and municipalities seeking efficient and eco-friendly waste management solutions.

### OUR VISION

To lead the waste management industry with innovative, sustainable, and responsible practices, fostering a cleaner environment and a circular economy.

### OUR MISSION

To provide tailored, eco-friendly waste management solutions that meet the needs of diverse sectors while protecting the environment and promoting sustainable resource utilization.

**NON-METAL WASTE COLLECTING & PROCESSING**

Efficient collection and environmentally sound processing of non-metallic waste, transforming it into reusable resources.

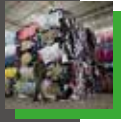

**ORGANIC WASTE COLLECTING SERVICES**

Comprehensive organic waste management, including collection and composting, to reduce landfill dependency and create nutrient-rich soil additives.

**GLASS WASTE PROCESSING**

Innovative solutions for the recycling of glass waste, promoting sustainability and minimizing resource wastage.

**FABRIC & TEXTILE WASTE RECYCLING**

Recycling discarded fabrics and textiles to contribute to the sustainable fashion and manufacturing industries.

**BATTERY RECYCLING**

Safe and eco-friendly recycling of batteries, reducing harmful chemical disposal into the environment.

**METAL SCRAP PROCESSING**

Expert handling and recycling of metal scraps, ensuring value recovery and conservation of raw materials.

**E-WASTE RECYCLING (WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT)**

Comprehensive recycling of electronic waste, extracting reusable components while ensuring proper disposal of hazardous materials.

**PRESSURIZED CANS RECYCLING**

Specialized recycling of pressurized cans, ensuring safe handling and compliance with environmental regulations.

**SPECIAL WASTE RECYCLING & DISPOSAL**

Safe and efficient disposal of specialized waste, including counterfeit products, expired items, aerosols, viscous liquids, and more.

### **UNUSABLE/UNWANTED SPARE PARTS RECYCLING**

Recycling and repurposing obsolete spare parts to reduce environmental impact and material waste.

### **SECURE DATA DESTRUCTION / SHREDDING**

Confidential and secure data destruction services to protect sensitive information while adhering to legal compliance.

### **MOBILE PHONE RECYCLING**

Environmentally sound disposal and recycling of mobile phones, reducing e-waste and recovering valuable materials.

### **CARTRIDGE RECYCLING**

Recycling printer cartridges to minimize plastic waste and encourage sustainable office practices.

### **SECURE DISPOSAL OF HAZARDOUS WASTE**

Handling and disposal of hazardous materials, prioritizing safety and regulatory compliance.

### **SECURE DISPOSAL OF PHARMACEUTICAL WASTE**

Responsible collection and destruction of pharmaceutical waste to prevent contamination and misuse.

### **SEWAGE & DRAINING SERVICES**

Professional sewage and drainage services, ensuring clean and safe wastewater management.

### **CONSTRUCTION & DEMOLITION WASTE COLLECTION & TRANSPORTATION**

Comprehensive solutions for managing construction and demolition waste, including collection, transportation, and recycling.

## WHY CHOOSE

# US?

### SUSTAINABILITY-DRIVEN APPROACH

We prioritize environmental conservation in every service we offer, ensuring compliance with global standards.

### Our Commitment to Sustainability

At ACE Waste Solutions LLC, sustainability is at the heart of everything we do. By focusing on recycling, resource recovery, and eco-friendly waste disposal, we contribute to a greener planet and a healthier future.

### COMPREHENSIVE SOLUTIONS

Our extensive range of services addresses all types of waste, providing a one-stop solution for waste management needs.

### STATE-OF-THE-ART FACILITIES

We leverage advanced technologies to maximize resource recovery and minimize environmental impact.

### COMMITMENT TO SAFETY & COMPLIANCE

We ensure that all processes meet regulatory standards for health, safety, and environmental protection.

### CUSTOMER-CENTRIC SERVICES

Our team is dedicated to providing tailored solutions and exceptional service to our clients.
