KEY FEATURES

MEDIUM UPPER
Upper which goes no higher than your ankle

LOW UPPER
Upper with standard height for everyday use

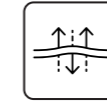

RUNNING SOLE
Soles especially designed for running, light with extra cushioning for heel and toe.

TRAIL GRIP
Friction and traction quality of the outsole, quality of the contact area on roads and/or rocky terrain

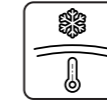

FREE-TIME
Ideal for travel and moving around the city in all situations with style and with a superior comfort, thanks to the sports footwear design.

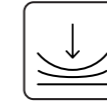

BREATHABLE
Ability of the fabric to allow perspiration evaporated by the foot, to escape outside (termed moisture vapour transmission), thereby allowing complete comfort

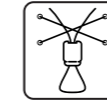

WATERPROOF
A special substance is put on the surface of the upper in order not to let water pass through it and consequently keeps your foot dry in all weather conditions

WARMTH
Quality to keep a constant warm in temperature inside the shoe

CUSHIONING
Soft and resilient material of the sole gives shape, adds comfort and provides the best protection of the foot against force or shock.

QUICK LOCK LACES
Stretch quick lacing system without tying

TWIST-LOCK FASTENING
Lock system without laces. Simple one hand operation: pull up twist-lock to open the shoes, push down twist-lock and fine-tune by turning.
