

FARMACIA • LABORATORIO • SERVICIOS MEDICOS

Who we are

MISSION

To offer our community excellent service and complete satisfaction, supervised by specialized doctors.

VISION

To coordinate and optimize medical services; mediCEMA's commitment is the complete satisfaction of doctors, patients, companies, and institutions that require the services we offer. Always considering human interaction as indispensable, which is our core line of work.

PHILOSOPHY

To innovate diagnostic and therapeutic care with the best cost/benefit for patients, doctors, and companies that place their trust in us.

EXPERIENCE

mediCEMA brings together experience and innovation in its management, administrative, and operational staff. We have 40 years of understanding the medical needs of our community, and at the same time, we benefit from the innovation of youth, finding the perfect balance for our patients' benefit.

Elevator

Facilities

mediCEMA has an area of 3,000 square meters of infrastructure in the center of Piedras Negras, Coah., we have a parking area for our patients. A comfortable and spacious waiting room for 8 people, air-conditioned with television, reception and cashier area, pharmacy, sample collection room for the laboratory, 3 medication infusion rooms, 1 area for EKG (electrocardiogram) meeting room and internet service, and a backup power plant to ensure the cooling of products and the continuous operation of services.

We are the only clinic that has a space dedicated exclusively to preparing and personally supervising the performance of toxicology tests (anti-doping).
