Thanks to the experience acquired over the years in Laundry, we have very clear guidelines for your business and we are well aware of the problems that appear in your day-to-day life. That is why we continually strive to offer excellent quality, guarantee tools that minimize costs and add value to your business, which is also ours.

LavaPRO is our concept that resumes our working methodology in 3 advantages:

Innovation, Costs and Experience.

We focus our work on:

CUSTOMISED INNOVATION

Specific solutions to your most difficult problems.

EXPERIENCE

Implementation of effective programmes.
Highly qualified technical service.

COSTS

Consumption monitoring.
Optimum dosage.
Drastic reduction of the rejection rate.

ASK FOR OUR 5+2 SYSTEM !
TO OUR SALES TECHNICIANS !

5+2 is an effective washing system based on the strategic use of 5 products + 2 additives. The combination of these elements with our specific washing programs for different types of fabrics and stains achieves a drastic reduction in the rejection rate, in addition to achieving washing costs that are unbeatable by traditional washing systems.

Reduction of
the rejection
rate

Reduction of
washing costs

5+2, An efficient solution for every market sector:

- Hospital clothing
- Hotels
- Restaurants
- Gyms-Spas-Solariums
- Nursing homes
- Schools and large communities

We use the latest technology in multi-machine pneumatic equipment, which combines robustness and innovation and which, together with our LAVAMATIC software, provides countless advantages:

1. Flow meters that guarantee maximum precision in all washing processes.
2. Alarm sensors that detect and report any anomaly in the processes.
3. Specialized software that controls the amount of laundry washed by program, period of time, washing machine, client, as well as their respective costs.
