**Why Kevin Allen Deserves Your Vote for St. Johns County School Board**

### ***The Right Leader at the Right Time***

St. Johns County voters just made a significant investment in our schools, approving over \$33 million in new annual funding through the half-penny sales tax renewal and 1-mill property tax increase. Now we need a school board member with the financial expertise to ensure every dollar is spent wisely and effectively. Kevin Allen is that leader.

### ***Proven Financial Expertise When We Need It Most***

While other candidates talk about education, Kevin Allen brings the financial management skills our district desperately needs. With our schools facing a \$287 million capital funding shortfall since 2007-08 and serving 85% more students than we did then, we can't afford amateur hour when it comes to budget oversight. Kevin's strong financial background means he understands complex budgets, can analyze cost-effectiveness, and knows how to stretch taxpayer dollars for maximum educational impact. When the district says they need more money, Kevin will ask the tough questions: Are we spending efficiently? **Are we getting the best outcomes and opportunities for our students?**
