

DELPHI

FULL BODY

These tiles are ideal for zones with heavy footfall because even after extended use, their colour remains the same.

GERM FREE

A specially formulated anti-microbial glaze used during the manufacturing process enables these tiles to prevent habitation of germs like bacteria and fungus, making them an ideal choice for today's health-conscious consumers.

SKID RESISTANCE

A versatile surface with skid resistant properties makes these tiles perfect for zero slippage on slopes of upto 25°.
