THE HISTORY OF HACKING

PLAY HARD, HACK HARDER

MAY 31 - JUNE 3, 2026 | 3 DAYS

CAROLINA BEACH, NC

Corporate Sponsorships & Local Opportunities

Brought to you by Bravo 6 Events

NaClCON is a three-day, community-driven conference dedicated not to zero-days or bleeding-edge releases, but to how we got here. This event focuses on the history of hacking—the ideas, moments, and people that shaped the hacker community and its enduring ethos. The speakers at NaClCON are legends within the industry, sharing firsthand stories, lessons learned, and the paths that led to the creation and enrichment of the culture we know today.

NaClCON is intentionally intimate. Attendance at the main conference is limited to 300 participants, fostering meaningful conversations and genuine connection between speakers and attendees. Beyond the main event, there are multiple ways to participate and enjoy the conference alongside fellow hackers.

THE EXPERIENCE

NaClCoN is built around:

- Community-driven engagement
- Experiential challenges
- Speaker sessions & live talks
- Open discussion and idea-sharing
- Culture, creativity, and conversation

WHAT TO EXPECT

NaClCoN simple standards:

- ✓ Hands-on, guided challenges
- ✓ Live demonstrations and talks
- ✓ Small-group learning environments
- ✓ Accessible content for all experience levels
- ✓ A welcoming, inclusive atmosphere
