Our Story

Bio Q is committed to delivering world-class laboratory instruments and advanced diagnostic solutions. We import high-quality laboratory equipment from globally trusted manufacturers to ensure precision, performance, and reliability.

Our expertise extends well beyond product supply. We ensure that all products are maintained within a GLP-compliant controlled environment while delivering comprehensive laboratory solutions tailored to hospitals, diagnostic centers, the pharmaceutical industry, and research institutions. From strategic procurement and installation to technical support and preventive maintenance,

Bio Q is committed to providing seamless service and sustaining long-term operational excellence.

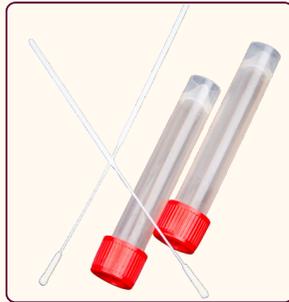

Guided by integrity and innovation, we are committed to enhancing diagnostic and pharmaceutical laboratory solutions through the supply of reliable laboratory instruments, supported by professional expertise and dedicated service.

1. General Laboratory Consumables

Plastic Petri Dish

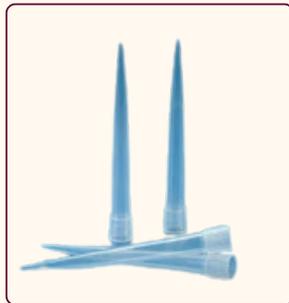

Swabstick (Plastic)

Swabstick (Wooden)

Micropipette

Micropipette Tips

Urine Collection Jar

Item Name	Size / Specification
Plastic Petri Dish	90×15 mm
Swabstick (Wooden)	Sterile
Swabstick (Plastic)	Sterile
Micropipette	1–10 μ L / 10–100 μ L
Micropipette Tips – 200 μ L Yellow Tips	200 μ L
Micropipette Tips – 1000 μ L Blue Tips	1000 μ L
Micropipette Tips – 10/20 μ L Tips	10/20 μ L
Urine Collection Jar (Sterile)	30 mL

2. Vacuum Blood Collection Tubes

Blood Collection Tubes

Tube Type	Specification
Blue Cap	PET – 3 mL
Red Cap (Clot Activator)	PET – 3 mL
Purple Cap (EDTA K2)	PET – 3 mL
Gray Cap	PET – 3 mL
Green Cap	PET – 3 mL
Black Cap	PET – 3 mL

3. Surgical Hand Gloves

Latex Powder-Free
Surgical Gloves

Neoprene Surgical
Gloves

Thick Latex Glove
for Orthopedic
Surgery

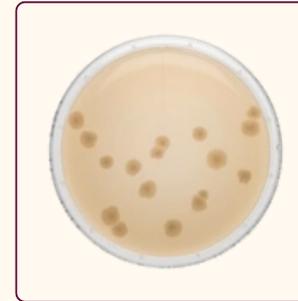

Latex Under Gloves

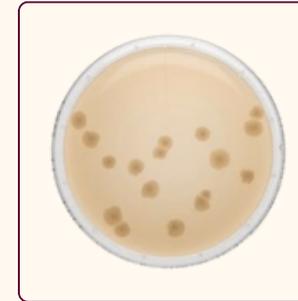

Product	Available Sizes
Ansell GAMMEX Latex – Latex Powder-Free Surgical Gloves	6, 6.5, 7, 7.5
Ansell GAMMEX Latex Under Gloves	6, 6.5, 7, 7.5
Ansell GAMMEX Non-Latex – Neoprene Surgical Gloves	6, 6.5, 7, 7.5
Ansell ENCORE Latex Ortho – Thick Latex Glove for Orthopedic Surgery	6, 6.5, 7, 7.5

4. Microbiology Culture Media

Medium Name	Target Organisms
Tryptone Soya Agar	Fastidious and Non-Fastidious
Tryptone Soya Agar Plate	Fastidious and Non-Fastidious
Tryptone Soya Broth	Aerobic Bacteria & Fungi
Sabouraud Dextrose Agar	Dermatophytes, Fungi & Nocardia
Sabouraud Dextrose Agar Plate	Dermatophytes, Fungi & Nocardia
Enterobacteria Enrichment Broth	Streptococci & Enterobacteriaceae
Mannitol Salt Agar (MSA)	Staphylococci and Micrococci

Tryptone Soya Agar

Tryptone Soya Agar Plate

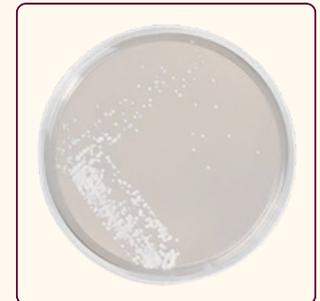

Tryptone Soya Broth

Sabouraud Dextrose Agar

Enterobacteria Enrichment Broth

Sabouraud Dextrose Agar Plate

Mannitol Salt Agar

MacConkey Agar

MacConkey Broth

Medium Name	Target Organisms
MacConkey Agar	Lactose-fermenting E. coli
MacConkey Broth	Coliform bacteria and E. coli
Eosin Methylene Blue (EMB)	E. coli
Cetrimide Agar	Pseudomonas spp.
Xylose Lysine Deoxycholate Agar	Salmonella & Shigella
R2A Agar	Staphylococcus & Enterobacteriaceae
Lactose Broth	Salmonella and coliform bacteria
Violet Red Bile Glucose Agar	Enterobacteriaceae
Burkholderia Cepacia Agar	Burkholderia cepacia

Eosin Methylene Blue

Cetrimide Agar

Xylose Lysine Deoxycholate Agar (XLD)

R2A Agar

Lactose Broth

Violet Red Bile Glucose Agar (VRBG)

Burkholderia Cepacia Agar

5. Blood Grouping Reagents

Anti-A Reagents

Anti-B Reagents

Anti-AB Reagents

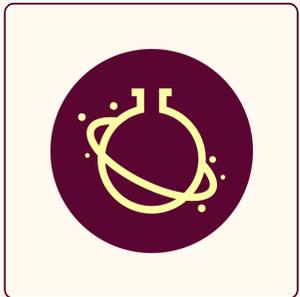

Anti-D Reagents

Coombs (AHG) Reagents

LISS Solution

Gel Card Blood Typing Kit

Item Name	Use
Anti-A Reagents	ABO blood typing
Anti-B Reagents	ABO blood typing
Anti-AB Reagents	Confirm ABO group
Anti-D Reagents	Rh typing
Coombs (AHG) Reagents	Antibody detection
LISS Solution	Enhance antibody detection
Gel Card Blood Typing Kit	Automated blood grouping

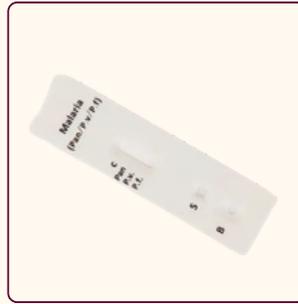

6. Rapid Diagnostic Test Kits

Dengue NS1 Rapid Test

Dengue IgG/IgM Rapid Test

Malaria Pf/Pv Rapid Test

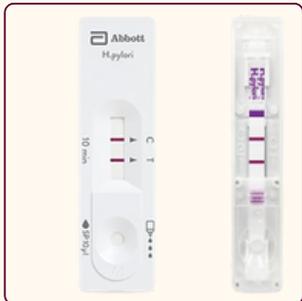

Pregnancy (hCG) Test

HIV 1/2 Rapid Test

HBsAg Rapid Test

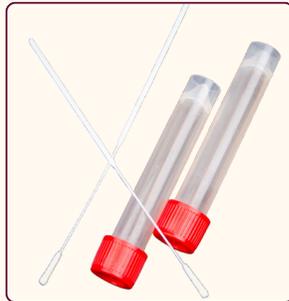

H. pylori Rapid Test

Item Name	Use
Dengue NS1 Rapid Test	Early dengue detection
Dengue IgG/IgM Rapid Test	Dengue confirmation
Malaria Pf/Pv Rapid Test	Malaria detection
Pregnancy (hCG) Test	Pregnancy detection
HIV 1/2 Rapid Test	HIV screening
HBsAg Rapid Test	Hepatitis B screening
H. pylori Rapid Test	Gastric infection detection

7. ELISA Kits

HIV ELISA Kit

HBsAg ELISA Kit

HCV ELISA Kit

HCV ELISA Kit

Item Name	Use
HIV ELISA Kit	HIV diagnosis
HBsAg ELISA Kit	Hepatitis B detection
HCV ELISA Kit	Hepatitis C detection
TSH ELISA Kit	Thyroid disorder

8. Urinalysis Strips

Urine 10 Parameter Strip

Urine Glucose Test Strips

Urine Protein Test Strips

Item Name	Use
Urine 10 Parameter Strip	General urine test
Urine Glucose Test Strips	Diabetes screening
Urine Protein Test Strips	Kidney disease detection

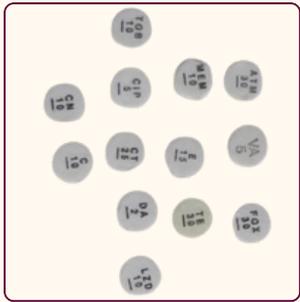

9. Microbiology

Blood Agar Media

Mueller Hinton Agar

Mueller Hinton Agar

Nutrient Agar

Item Name	Use
Blood Agar Media	Bacteria culture
Nutrient Agar	General bacteria culture
Mueller Hinton Agar	Antibiotic sensitivity test
Antibiotic Discs	Antibiotic sensitivity

10. Cardiac Tests

Troponin Rapid Test

CK-MB Rapid Test

Item Name	Use
Troponin Rapid Test	Heart attack detection
CK-MB Rapid Test	Cardiac marker detection
