## **Pool Clarification**

Pools are considered temporary if they are put up after May 1<sup>st</sup> and taken down by October 1<sup>st</sup>. The Association's definitions of pools do not impact the City's permit requirements and homeowners wishing to put up pools are encouraged to follow all city policies. These policies are being adopted with recommendations from the Greystone HOA Special Committee meeting formed to discuss this matter on January 20<sup>th</sup>, 2022.
