CATALOG 2026

## Dove siamo oggi

La nostra storia nasce da Volcke Aerosol, un gruppo con oltre cinquant'anni di esperienza e una visione che cresce attraverso persone, idee e innovazione. Nel tempo, questa competenza si è trasformata in un percorso più ampio, capace di andare oltre la tecnologia e di aprirsi all'ispirazione artistica e gastronomica. Da questa evoluzione è nato **VIA DELLE ARTI**, il progetto che unisce creatività, ricerca e **Made in Italy** in una nuova prospettiva dedicata ai professionisti del food. Un brand che ha saputo dialogare con pasticceri e chef, diventando un punto di riferimento per chi cerca colori, strumenti e soluzioni capaci di trasformare la tecnica in espressione.

Nel 2025, il **catalogo** ha ampliato questo viaggio: un contenitore di idee e visioni che ha ispirato scuole, collaboratori e professionisti in tutto il mondo, diventando parte integrante dell'identità del brand. Oggi ne rappresenta lo sguardo più aperto e internazionale.

**Nel 2026 il progetto cresce ancora.**

**VIA DELLE ARTI** continua ad evolversi, portando avanti una filosofia chiara: creare prodotti di qualità, condividere ispirazione, costruire connessioni reali.

Una crescita che non è solo tecnica, ma culturale.

Una storia che continua a scriversi, passo dopo passo.

## *La palette che ispira il tuo lifestyle*

Nel panorama mutevole contemporaneo, che abbraccia moda, design e interior living, il 2026 si presenta come un anno di profonda trasformazione cromatica, come anticipano le principali riviste di stile, cultura e lifestyle. La palette si rinnova ed evolve, lasciando spazio a tonalità intense e profonde, capaci di trasmettere versatilità, emozione e carattere: colori che raccontano storie di mistero, rinascita e connessione con la natura. Nel mondo creativo moderno, la principale fonte di ispirazione è la psicologia del colore: sfumature che generano comfort, armonia e sicurezza emotiva. La natura imprime il suo segno, i toni della pietra, del cielo all'alba e al tramonto, insieme a cromie morbide e decise, spesso monocromatiche e delicate, che costruiscono un equilibrio sottile tra glamour ed eleganza.

Da questo dialogo tra estetica e sentimento nasce la **Limited Edition** di **Velly Spray**: una collezione di tonalità ispirate alle atmosfere lifestyle, dove moda, design e visione artistica si incontrano per dare forma a colori capaci di interpretare nuove emozioni e nuovi linguaggi espressivi anche nel food e in modo specifico, nella pasticceria.

Una palette pensata per chi crea e sperimenta.

## *The palette that inspires your lifestyle*

*In the ever-changing contemporary landscape spanning fashion, design, and interior living, 2026 is set to become a year of profound chromatic transformation, as anticipated by the leading magazines of style, culture, and lifestyle. The palette renews and evolves, giving space to intense and deep shades capable of conveying versatility, emotion, and character: colors that tell stories of mystery, rebirth, and connection with nature.*

*In today's creative world, the primary source of inspiration is color psychology, shades that generate comfort, harmony, and emotional reassurance. Nature leaves its unmistakable imprint: the tones of stone, of the sky at dawn and dusk, combined with soft yet confident hues, often monochromatic and delicate, creating a subtle balance between glamour and elegance.*

*From this dialogue between aesthetics and emotion the **Velly Spray Limited Edition** was born: a collection of tones inspired by lifestyle atmospheres, where fashion, design, and artistic vision converge to shape colors capable of interpreting new emotions and expressive languages also within the food world, and specifically in pastry.*

*A palette created for those who create and explore.*

## PASTA DI ZUCCHERO SUGAR PASTE

## colors

Pasta di zucchero, bianca e colorata, per la copertura di torte in generale. Consigliamo per la stesura, l'utilizzo di un mattarello aiutandosi con dello zucchero a velo per impedire al prodotto di attaccarsi alla superficie.

*Sugar paste, white and colored, for covering any type of cake. We recommend to use a rolling pin and to help yourself with powdered sugar to prevent the sticking of the product on the surface.*
