Prof. Amora Shams

## Feedbacks

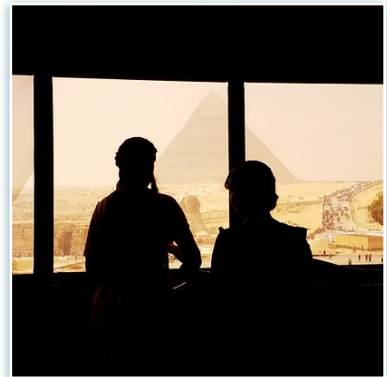

As Prof. Amora Shams teachings are so impressive to many BellyDance teachers can't believe this is really possible, Amora asked to all her students to do an evaluation by their own voices testifying how her teachings helped them and how she has been teaching like this for many years before creating her BBDC Course. The BBDC didn't come suddenly, was a project that Amora developed for 15 years from the teaching methodology of her mother, Alia Shams one of the pioneer BellyDancers in Spain, but Amora didn't have a clear structure until 2008, that is when while she was living in Cairo, Egypt, she decided to start teaching it with an structure according to her way of teaching for a long time, achieving from her students amazing results, that none other teacher achieves worldwide in such a short time.

All these feedbacks have been copy and paste from original students reviews, they have not been modified by anyone, therefore if you click on their names, you can contact straight away with them, and find out by first hand that what is written in the following lines is absolutely true:

KAMILIA  
BBDC PRIVATE STUDENT FROM SWEDEN

The BBDC experience with Amora is something I will never forget. Amora is a fantastic dancer and teacher who knows exactly how to reach the dancer in all of us. She is so incredibly engaged and enthusiastic about each lesson and infects one with her dance passion. In this course, she covers everything and a little more that applies to becoming a BellyDancer, but you learn so much more than just dancing. If you want to learn BellyDance, then Amora and BBDC course is the best choice. She takes her job seriously and she cares very carefully that her students will reach their goals and spread their magic into the world. She sees her students as little seeds as she plants, cares, feeds and protects and when you grow up and grow up, you are ready to reach the light. Amora opened many locked doors in my head and explained the great significance and meaning of the dance. She teaches CORRECT technology, the incredible history of the dance and attracts you in your dance. Her way of teaching is 100% based on her student, tailoring the course to you, your needs and wishes. She is incredibly kind, generous, understanding but above all fun. This trip has been beyond my expectations and I've never been so sure where I'm going for life nowadays. Best Amora THANK YOU.

BEATA KALETA  
BBDC STUDENT FROM POLAND

I have participated in Become Belly Dancer Course with Amora Shams in September 2015 in Almunecar, Spain. I decided to take a part of that course because i felt like to try something new, something I had always dreamt about. It was not easy time, during those 3 weeks me and other student had to work very hard to achieve results and pass all exams. We sweated, cried, felt tired but also laughed and had a great time together. Sometimes my body was saying "no", other times my motivation and will went very down but I overcame all of that.

If you are considering participation to Amora's course you should be aware that this is not only a dance course. This is also a time when you put yourself into many difficult situations to deal with. Amora is a very good teacher, smiling, open, talkative person but also strict and "dictator like". She will give a package of knowledge you need have to become a belly dancer but what you will do afterwards with this package is up to you. What I want to say is that the course demands desolation both from student and a teacher and many times is not easy. This is not a thing like: "you pay it you got it" is more like: "you work it you got it".

I am really happy I was there with Amora. Belly dancing gives me freedom and happiness, thank you Amora for leading me in this most difficult time for learning. I will always keep in my heart the time when we had danced on the beach with the veils. And then you said that wherever we will perform and feel uncomfortable about the place then we should come back to this beach, to the wind and the feeling which was in us

**CHANDRA WOOD**  
BBDC STUDENT FROM USA

"I have been studying belly dance here in the USA for many years now... I learned all the isolations, how to string movements together into combinations, how to layer shimmies and traveling steps. I have been teaching myself since 2008 (and my students winning small competitions and wowing local audiences). But something was missing... I approached those teachers I had studied under for their advice and direction as to what this might be, and what I needed to learn / accomplish in order to develop into the dancer I dreamt of becoming. ((They were at a loss - saying they had given/taught me everything they knew)) I did not begin learning "how to dance properly" until I began studying w/ Amora Shams BellyDance. Her BECOME A BELLY DANCER COURSE gives each dancer the knowledge, discipline, training, and ability they need to become an exceptional dancer. Other programs I have researched do not offer as complete or in depth study as Amora's BBDC. Do your own research and you will come to the same conclusion. I am reborn! No longer a dancer struggling to move... And no longer a teacher passing things incorrectly to my students. I HIGHLY RECOMMEND THIS COURSE TO EVERYONE!"

**CARAMELLA**

BBDC STUDENT FROM MALTA - JUST AFTER ENDING THE COURSE SHE WON A BELLYDANCE COMPETITION AND SHE WAS CHOSEN TO BE ONE OF TEACHERS OF THE EGYPTIAN BELLYDANCE FESTIVAL 'LEYLA MASREYA' IN CAIRO, EGYPT. NOWADAYS SHE TEACHES & DANCES IN EGYPT, MALTA & MOROCCO

"We were a group of 3 girls from Malta, studying the 72 hour Bellydance course with Amora Shams in March 2012. I must say it is very intensive, and requires a lot of hard work and practice. But what we learned is for life and no other teacher has thought us. You learn to listen and feel the music and as Amora always say 'soft and sweet'. It might have been hard, three weeks studying morning and night. Amora spent hours and hours with us day after day. We laughed, we cried when we couldn't get things right, but we learned so much. What we learned we practiced back home. It was a transformation from bellydancers to professional teaching level. Thank you Amora" Caramella

**SAMIA MORLEY**  
BBDC STUDENT FROM JAPAN LIVING IN AUSTRALIA

"I have been belly dancing in Cairns Australia for the last 5 years before coming to Egypt to attend Amora's course. I can tell you with 100% honesty that Amora is the best teacher that I have worked with. Amora does not hold back with her experience and goes out her way to pass on all of her valuable knowledge. Her aim is to better students to become the very best that they can become. Not only did I learn how to improve my belly dancing but Amora taught me about the theories behind this oriental dance. I now have more confidence and know I am a better person and a better dancer for the experience. I have never been so emotionally involved in belly dancing until I attended this course. Thank you so much, Amora. You are the BEST teacher I ever had." Samia

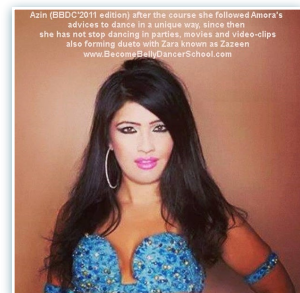

**AZIN**

BBDC STUDENT FROM IRAN LIVING IN UK - FEW DAYS AFTER SHE ENDED THE BBDC SHE GOT A CONTRACT WITH A PRESTIGIOUS LEBANESE RESTAURANT IN UK, AND SINCE THEN HER CAREER HAS NOT STOP GROWING, PERFORMING AS A DUETO DANCER WITH THE BBDC STUDENT ZARA IN LONDON AND AS A SOLO PERFORMER ACHIEVING A UNIQUE WAY OF DANCING STYLE DIFFICULT TO IMITATE.

"I was trained in Belly Dance by Amora in Egypt. I can say that Amora's Belly Dance training is amazing and beneficial for any aspiring or professional dancers wishing to better their dance ability because Amora teaches you how TO BE THE BEST. During her training she told us 'Learn from the best and work with the best' and this perspective really reflects in her training'. This is definitely a course I would recommend for any dancer because you will definitely finish the course a more improved and confident dancer. Amora gives 100% to her students during the training and really cares about them learning oriental dance. Training with Amora has been my best and most beneficial dance experience."

"I enjoyed the Amora Shams course which I took in Egypt. It was a fantastic all-round experience which not only included dance classes but also trips to costume shops, the sights of Cairo and Giza, tanora shows and classes, having your business cards designed and visits to see belly dancers performances. The intensive month has something to offer to all dancers no matter their level. I will defiantly want to study with Amora in the future. She has a vast knowledge of the art which she doesn't hold back on sharing with you." Zara

**HILLARIE****BBDC STUDENT FROM USA LIVING IN BANGLADESH**

Hillarie is a private student that she studied this course for herself, she didn't studied to become a bellydancer even so she wanted to know everything about this dance for her own knowledge and experience, her profession is an Environmental Engineer working for the Environment in Bangladesh and 4 years later she become a mother of twins.

She studied the BBDC for herself, not to become a professional performer, even so, in 12 very intensive days as a private student, from coming as an absolute beginner she become an intermediate dancer, she could improvise with tharab feelings to any balady as if she was born in the Arab Culture, another student who booked 2 years in advance and until that moment she didn't started her private course yet who's name is Samia Morley, watched Hillarie improvising to a balady and suddenly start crying, ... Amora asked her why she was crying and Samia said because Amora was the teacher she always dreamed to have.

"Amora is amazing, both as a teacher and as a person. She is probably the most passionate and devoted teacher and individual I have ever met. She gives all of her knowledge and herself to her teaching. I first contacted Amora a couple of years ago with an interest in her style of teaching, particularly as it was taught in a very intensive manner, but it wasn't until late August 2011 that I finally caught a break at work and was able to get away and take a private intensive 2-week course from her in Egypt.

Amora's courses are intensive and yield results. Amora gives you every tool you need to become a professional bellydancer, and so much more. I am thankful to Amora for being the most amazing, caring and compassionate person, teacher and friend whom I will cherish always. My only regret is not having been able to study with Amora for a longer period of time...luckily this is subdued by the fact that I will undoubtedly return to study with Amora at some point in the near future. Enshallah :)" Hillarie

MARBELLA, SPAIN

之前我尝试过很多肚皮舞老师，但是她是最棒的一个，她不仅仅是教会我怎样跳舞，她还教会我聆听音乐，随着音乐的感觉而舞动。在她之后，寻找老师成为我难题，因为这里没有一个舞者能够胜过她。所有想要学肚皮舞的人们，我向大家推荐amora，能够成为她的学生是我的荣幸，她可能为我解决我在舞蹈中的难题。她的舞动是从内而外的，是与周边环境融为一体的。正如电影《无论罗拉想要什么》中提到的“肚皮舞最高境界是当她跳舞时世界都会停止”。我想她永远是我的老师。希望她能够来到中国传授肚皮舞文化。最后，我由衷的向我的老师amora说声“谢谢！”

Original feedback was written in Mandarin language Translation by Google:

"Before I tried a lot of belly dance teachers, but she is the best one, she does not only taught me how to dance, she also taught me to listen to music, feeling the music and dancing. Before her, my problem was to look for a good teacher, because there is no better dancer than her. All people who want to learn belly dance, I recommend Amora. To be her student is an honour, she danced for me to resolve some problems I could not understand.

Her dancing is from the inside to out, the environment is integrated with the whole body. As the movie "Whatever Lola wants" when it's mentioned that belly dance is the highest state of the world when she will stop dancing.

I think she will always be my teacher. Hope that she will come to China to teach belly dance culture. Finally, I sincerely say to my teacher Amora, Thank you!" feedback by Mariel

**JAYCEE GOSSETT****BBDC STUDENT FROM USA**

"Hello my name is Jaycee and I recently just finished a 60 hour intensive Belly dance course with Amora in Marbella Spain. My journey with Amora will always be a memorable one, Amora immersed me in the culture, language, music, theory, style, beliefs, history and joy of Oriental and Belly dance. For the first time I feel like I have a higher purpose when I am dancing, Oriental style. A responsibility that all dancers have after studying with Amora. I feel like Amora has worked me through the stages of wanting to dance Oriental, being invited to dance Oriental style and then being called to dance it... Amora turns you into a professional belly dancer very quickly, giving you a rich in depth infusion of all her experiences, travels and studies. Amora teaches with a fiery passion on her mission to clean up the image of Belly dance. This dance is a sacred art and I feel totally blessed to have found Amora as a teacher... Thank You Amora

Additional thoughts on my experience with Amora as a teacher..

When I first met Amora, I knew the course was going to be amazing, at first I was complaining about the amount of written homework to be done, but at the end it the hard work payed off.. Its very important to do the homework, otherwise I wouldn't have been able to digest the information in my body and my mind..The homework helped me to be able to perform in a new way!

I have to say that if you are thinking of doing this course do not feel uncomfortable about the 50% in advance. It is a must, to book Amora's time, she is very busy and only deserves very serious students.

Rest assured you are sending the money to a person that won't let you down. If you want quality results you must solidify your space with Amora in advance..I booked my flights, flat and everything first before meeting Amora and it was all fine, she is very professional and a very wise business woman.

Now after the course I can create my own choreography, improvise to any belly dance music and even wowed the crowd at my first Belly Dance performance! Amora surprised me with a performance at a Lebanese restaurant in Marbella, the owners and current house professional Belly dancer could not believe I had started 20 days ago, and that this was my first solo Belly dance performance!

THANK YOU AMORA!!" feedback by Jaycee Gossett

## CHRISTELLE &amp; AREEGE

PRIVATE STUDENTS IN CAIRO, EGYPT 2009

"Hello, I am a mother of a little girl of 4 years, Areege taking courses with Amora in Cairo ... Areege is very happy to come every Friday in the studio for one hour of belly dance to another girl ... After practical work, she draws the movements and body parts involved ... we can redo the work home ... Moreover, explanations of the origin Amora movements are very interesting ... Areege comes to study from Amora at her apartment and now my daughter is very happy! For my part, I work a lot and I have little time to take care of me, so I chose to learn belly dance Amora ... 2 hours a week ... is one of the best ways to tone my body ... a challenge at the end of a busy week but Amora makes me forget the fatigue and awareness of my body ... I move on when I'm with her, I forget my worries ... Amora is a great professional, she knows how to restore confidence when you block a movement ... So why not try???? soon the Professor Amora could be teaching you here or elsewhere!!!"

Original comment in FRENCH:

eh bien , dansez maintenant!!!! christelle &amp; areege.

Bonjour, je suis maman d'une petite fille de 4 ans, Areege.Elle prend des cours avec Amora au Caire... Areege est très heureuse de venir tous les vendredis au studio pour une heure de belly dance avec une autre petite fille ...Après les exercices pratiques, elle dessine les mouvements et les parties du corps concernées...on peut ainsi refaire le travail à la maison... De plus , les explications d'Amora sur l'origine des mouvements sont très intéressantes... Areege a mis une séance à s'adapter et maintenant c'est un réel plaisir pour elle!!!

Pour ma part, Je travaille beaucoup et j'ai peu de temps pour m'occuper de moi, alors j'ai choisi d'apprendre le belly dance avec Amora... 2 heures par semaine... c'est une des meilleures façons de tonifier mon corps... un véritable challenge à la fin d'une semaine bien chargée mais Amora me fait oublier la fatigue et prendre conscience de mon corps...Je passe à autre chose quand je suis avec elle, j'oublie mes soucis... Amora est une grande professionnelle, elle sait redonner confiance quand vous bloquez sur un mouvement...

Alors, pourquoi ne pas essayer???? à bientôt, ici ou ailleurs, avec Amora comme professeur!!!!

## MIRANDA &amp; GISELLE

PRIVATE STUDENT IN CAIRO, EGYPT 2009, RIGHT NOW THEY ARE LIVING IN DALLAS

"I am Miranda an Egyptian mother, my daughter Giselle is 5 years old and having classes with Amora. I consider her very lucky to have this chance and learn dancing from a professional and talented person like Amora. Moreover, she knows how to deal with children, that's why my daughter loves her and is very happy for spending this hour with her. More important that Amora is not only just a talented belly dancer but also knows everything concerning the origin of movements from ancient Egyptians. During her classes, she draws the movements and explain them which is very interesting, not only for the kids but for me too. She gained experience as she has traveled to many different countries. We are lucky to have her here in Egypt. On the other hand, Amora is so nice, friendly, and generous. Hope my daughter continues with her till she reaches a good level." feedback from Miranda

"It is difficult to explain how it feels with her classes, alternating with her great technical knowledge of the origin of the dance making you capture its essence. Attention girls Amora knows when you've been practicing and when you've been lazy! Amora was my first teacher and through it I keep practicing in Barcelona because, despite my clumsiness, she always had a word of encouragement to keep going ... Amora Thanks for giving me hooked on belly dancing, surely would not have continued if not for you! She mixes her amazing technique with the knowledge of the Origen of Dance making you to catch its essence. Attention girls, she knows perfectly when you have been training at home or just being lazy! Amora has been my first teacher and thanks to her I keep practicing in Barcelona, because, even if I recognise that I am a slowly student,, she always had a helping word to make you keep going ... Thank you Amora for catching me into Belly Dancing, by sure I won't have continuous if I won't have met you!" feedback from Rossi

I'm Meera from Egypt. I began the belly dance course with Amora and took the first 2 levels online. When I first saw the website of Amora I admired how she makes golden age belly dancing. I took the first 2 levels each level was a 6 weeks course. And a week as I can take the course in parallel with my job and it worked really well. I learnt in the first level a lot! Heavy and moves. In the second level we implemented the latest moves on music. Amora is in her teaching very dedicated and I'm looking forward to continue the third and fourth level face to face!

Be aware that this is a very intense course. It is not just a series of moves and combos that you are going to be shown - there is daily written and practical homework (and you will need to spend time in study / practice on your own). You will be frustrated and excited, overwhelmed and exhilarated... Be prepared for your mindset AND your dance ability to change!

**Have a Fantastic Day!**

"Hello Madam Amora, I am teaching at the government school I used to teach before but with my own choreographies. I've learnt more how to listen to a song as you taught us and it helps my dance."

In November 2012 I was in the Philippines on a talent competition and I got a bronze medal, there were about 5 other "belly dancers", which was a great honour for me. Even though we cried a lot, and fought and laughed as well last year in Egypt, it was worth it! And as you said, studying, doing homework and drawing helped a lot! Yasmin from Malta.
