DETAILS ABOUT THE COURSE

Please specify which training you are booking for with dates and place or if is online the days and time, or if is both please write it down here

YOU SHOULD KNOW ABOUT THE BOOKING:

- If you are an under age student, you need to send the ID or passport of your tutor or parent, with a signed letter of your parent or tutor accepting you to study the course, with an exempt to any responsibility in case something could happen, specially for students who travel to learn face to face. You will have to follow all Amora instructions while studying & living with her.
- All students must make the advance payment, so the teacher can organise her agenda to be able to come to do the class, otherwise if she is not booked in advance she won't move.
- **If a private student gets sick** and she is forced by doctor certificate to stop all activities, then she is allowed to study the course in a future date, sending by WhatsApp or email photo of doctor certificate.
- Paying your fee doesn't give you the right to get any certification, this is like at University, you must study hard every day, doing all your written and practical homework to pass your exams successfully, to get a good mark on your Private School Level Certificates, & achieve the International Level Certification after ending the course or a level (if studying just one level).
- Once you end your training you will receive the International Level Certification at your home address above in around 3 to 6 months.
- If any student drops the course or cancels at any moment, even before starting the training, the student will not get a financial compensation. Our teacher organises her life around your bookings, so when a student books, the teacher is booking places, agenda, and has other expenses such as taking public transportation, taking air planes, hotels, and other expenses, to be able to teach at the dates and location contracted. When is taught online is the same situation, she is a traveller and to teach she gets a hotel room with best internet connection to teach online, and that has travelling expenses to the place and getting the hotel room for the event of teaching online. So, **all payments done to Amora Shams are non-refundable.**
- If for any reason the student decides not to study this program, she can always sell her spot to another female student that can take her place, but first the other student needs to get registered with our school informing Amora by written that she is taking the place of the other one, and needs the written permission of the first student and of Amora.

BY SIGNING THIS FORM, THE STUDENT IS ACCEPTING THE FOLLOWING:

- 1- When signing this contract you agree to be taught on the place, or online, dates and times, that you want with the **previous confirmation** of the teacher by email or by whatsapp.
- 2- As a private student is it allowed to move to another date & place, but need to be notified with **at least 30 days in advance** in order not loose the payment of the class fee, so can be modified or transferred to another day the same class. As a group student you are not allowed to move to another date, if you miss a class you can recover it with additional fee of 100€/h.
- 3- All students must respect and obey all directions of their instructors. **Time-keeping it's very important**, if you are a private student and you close your phone arriving late or not arriving to a class in no more than 30 minutes, the lesson will be considered as taught, and to recover that class, you will have to pay the extra fee of 100€ per hour.
- 4- Students loose their copyrights of all written homework's they produce during the course, transferred to the teacher Prof. Amora Shams that she will use and copyright them to publish on her books and publications. Also, if after completing the Course a student publishes dancing videos online, then Amora is allowed to share them on her Social Media and Websites.
- 5- UNESCO Dance Department only allows to be issued **one International Level Certificate per year**, so if your intention of studying this course is for **achieving the top level** in less time as possible, then best is to study level by level until you decide not to continue further, then the top level you achieved during a year, will be asked to be issued & send to you directly.
- 6- Amora never publishes online the image, video or photo of a student, **unless she gets the permission of the student** by verbal, recorded on voice, on video, or by written.
- 7- **It is not allowed to record the Online Classes by students**, but Amora will record some of the classes **for controlling what she taught, duration, which student & which dates**. If there is someone who does not want to be recorded, then please inform it by written in this document, and the class will not be recorded by Amora.
- 8- Please remember that **only are accepted female students** to study from Amora Shams, don't apply if you are a man. Remember, all payments to Amora Shams are non refundable.
- 9- COVID Pandemia Event - If a student is about to come to study a face to face course, and the Government forces her not to take the plane, then she needs to prove it to Amora with a photo of the written evidence, so she can transfer the course to take place by online on the contracted time, or to be taught in a future date.
- 10- If a Private Student during the contracted Formation Course, decides that she wants a **more easy-going training and does not want International Certifications**, then she can ask Amora to teach her the rest of the hours something else, like create choreographies, or more easy classes, like just reviewing movements, which is Level 1 of the Course and teaching as if were just regular Amora Shams classes, but without the daily homework and weekly exams, just to learn BellyDance for yourself, not to become a Professional BellyDancer.
