

COMPANY **PROFILE**

Engineering Excellence
in Industries

Delivering Sustainable
Key Solutions.

COMPANY OVERVIEW

UBAHNACHI NIGERIA LIMITED

Ubahnachi Nigeria Limited was founded on 09 Jul 2018 and incorporated under the laws of the Federal Republic of Nigeria to address challenging issues in the engineering industry and also provide quality services and timely deliveries that bits the expectations while reducing costs.

As a premier, indigenous mechanical and Construction company with core competency in Metal Fabrication, Pipe Fitting and Welding, and Plant Equipment Installation. We are a full-fledged professional engineering company in Nigeria with Head office in Lagos State, and Branch Office in Sagamu, Ogun state to provide services that meet all our clients' engineering service need at the same time, providing quality services while minimizing cost for our clients without compromising safety.

Ubahnachi Nigeria Limited are into general contracts, engineering solutions, and comprehensive maintenance services across Nigeria. Built on a foundation of reliability and technical expertise, we serve as a trusted partner to industries requiring robust manufacturing, mechanical, and logistical support.

At Ubahnachi Nigeria Limited, our core philosophy centers on client-centric collaboration. We don't just deliver services; we actively listen to your precise engineering requirements, source premium-grade materials tailored to your operational needs, and execute projects to the highest standards of satisfaction. By balancing highly competitive pricing with uncompromised quality, we ensure your projects achieve maximum cost-effectiveness without sacrificing structural or operational integrity.

OUR COMMITMENT

To consistently bridge the gap between complex engineering needs and outstanding, cost-efficient execution. We believe in treating our client with great respect and faith. We grow through creativity, invention and innovation. We integrate honesty, integrity and business ethics into all aspects of our business functioning.

QUALITY:

We are committed to the highest standards of quality in both our manufactured products and our constructions projects.

COMPANY OVERVIEW

UBAHNACHI NIGERIA LIMITED

INTEGRITY:

We conduct our business with honesty, transparency, and ethical practices.

INNOVATION:

We embrace innovation in our processes and technologies to deliver cutting-edge solutions.

COLLABORATION:

We work closely with our clients, partners, and stakeholders to achieve shared goals

Safety & Compliance (HSE): We as Engineering and construction company is dedicated to providing safe and hazard-free workspaces for our clients. With years of experience in occupational safety, we ensure the well-being of everyone involved in our projects. Safety is essential to our success. All operations from heavy haulage and rigging to hot work fabrication and plant maintenance are executed under rigorous industrial safety protocols, risk assessments (RAMS), and strict "Permit to Work" procedures to ensure a zero-incident environment.

COMPANY OVERVIEW

UBAHNACHI NIGERIA LIMITED

Areas of Expertise

Guided by a traditional yet dynamic business model, our specialized services span across several key sectors to keep your operations running seamlessly:

1. Mechanical Engineering & Installation

- **Precision Machine & Production Line Installation:** Expert positioning, leveling, and commissioning of heavy factory machinery and comprehensive production lines to ensure seamless operation.
- **Piping Systems & Plant Maintenance:** Specialized design, layout, and installation of industrial utility piping alongside scheduled and emergency maintenance to minimize downtime.

2. Structural & General Fabrication Works

- **Heavy Structural Steelwork & Vessels:** High-quality fabrication and erection of factory warehouses, structural platforms, walkways, stanchions, and industrial-grade storage tanks complying with strict safety standards.
- **Prefabricated Modular Units:** Construction of durable, weather-resistant portacabins, modified containers, and modular site offices tailored to client requirements.

3. Industrial Maintenance Services

- **Planned Preventive Maintenance (PPM):** Scheduled inspections, mechanical lubrication, and component replacements (belts and bearings) to completely eliminate unexpected factory downtime.
- **Turnaround & Emergency Repairs:** Rapid-response mechanical troubleshooting, component rebuilding, structural reinforcement of worn assets, and comprehensive processing machinery overhauls.

4. Precision Machine Installation & Piping

- **Advanced Equipment Rigging & Alignment:** Safe offloading, heavy lifting, and high-precision geometric leveling to eliminate mechanical vibration and prevent premature bearing failures.
- **Process Piping Networks:** High-pressure fabrication, design, and routing of industrial process utility piping networks for steam, gas, compressed air, and chilled water.

COMPANY OVERVIEW

UBAHNACHI NIGERIA LIMITED

5. Procurement Services & Supply

- **Industrial Materials & Engineering Spares:** End-to-end sourcing and supply of quality-certified manufacturing materials, engineering spares, and construction site consumables, pipes, motor etc.
- **Safety PPE & Packaging Supply:** Dedicated procurement and supply of industrial safety PPE and specialized industrial packaging materials.

6. Logistics Support to Industry

- **Industrial Haulage & Move Management:** Specialized transport and haulage of heavy machinery, bulk raw materials, and oversized steel structures across Nigerian industrial corridors.
- **Site Delivery & Material Handling:** Seamless delivery logistics and tactical factory-floor support, including forklift operations, to ensure materials move safely to their exact point of use.

7. Equipment Hiring & Rental Services

- **Material Handling & Lifting Assets:** Flexible leasing of forklifts, specialized rigging machinery, and heavy-duty cranes to support fast-track projects and reduce capital expenditure.
- **Earthmoving & Specialized Fleet:** Short- and long-term rental options for cherry pickers, haulage trucks, and heavy site machinery.
